Requested for Alonzo Russell Henry P.H.S. '85

DEAR DAD

LIFE IS BUT A
DREAM, AND DREAMS
ARE BUT STEPPING STONES
TO A BETTER LIFE. ALWAYS REMEMBER
THAT I LOVE YOU AND I
WISH THAT LIFE WOULD BRING
US THE BEST OF EVERY-
THING.

LOVE ME,
THE HONORARY

ALONZO RUSSELL HENRY

Reserved for Mr. Kema Tillman

Well,

This year (our jr. year), we were not as close as we used  to be, maybe it was just a stage like you said.

Hopefully things will change our Dr. years and we will be close friends once again.

Take care of your self and be sweet.

Friends for Ever.

Zawadi

Heycene,

I can't say our friendship hasn't been exciting, but I can say that we have had  enough of the good times that the bad aren't really that bad. When we weren't speaking it only bothered with curiosity to what could have happened to change your feeling towards me & I have really found out that it doesn't bother me whether we speak or not.

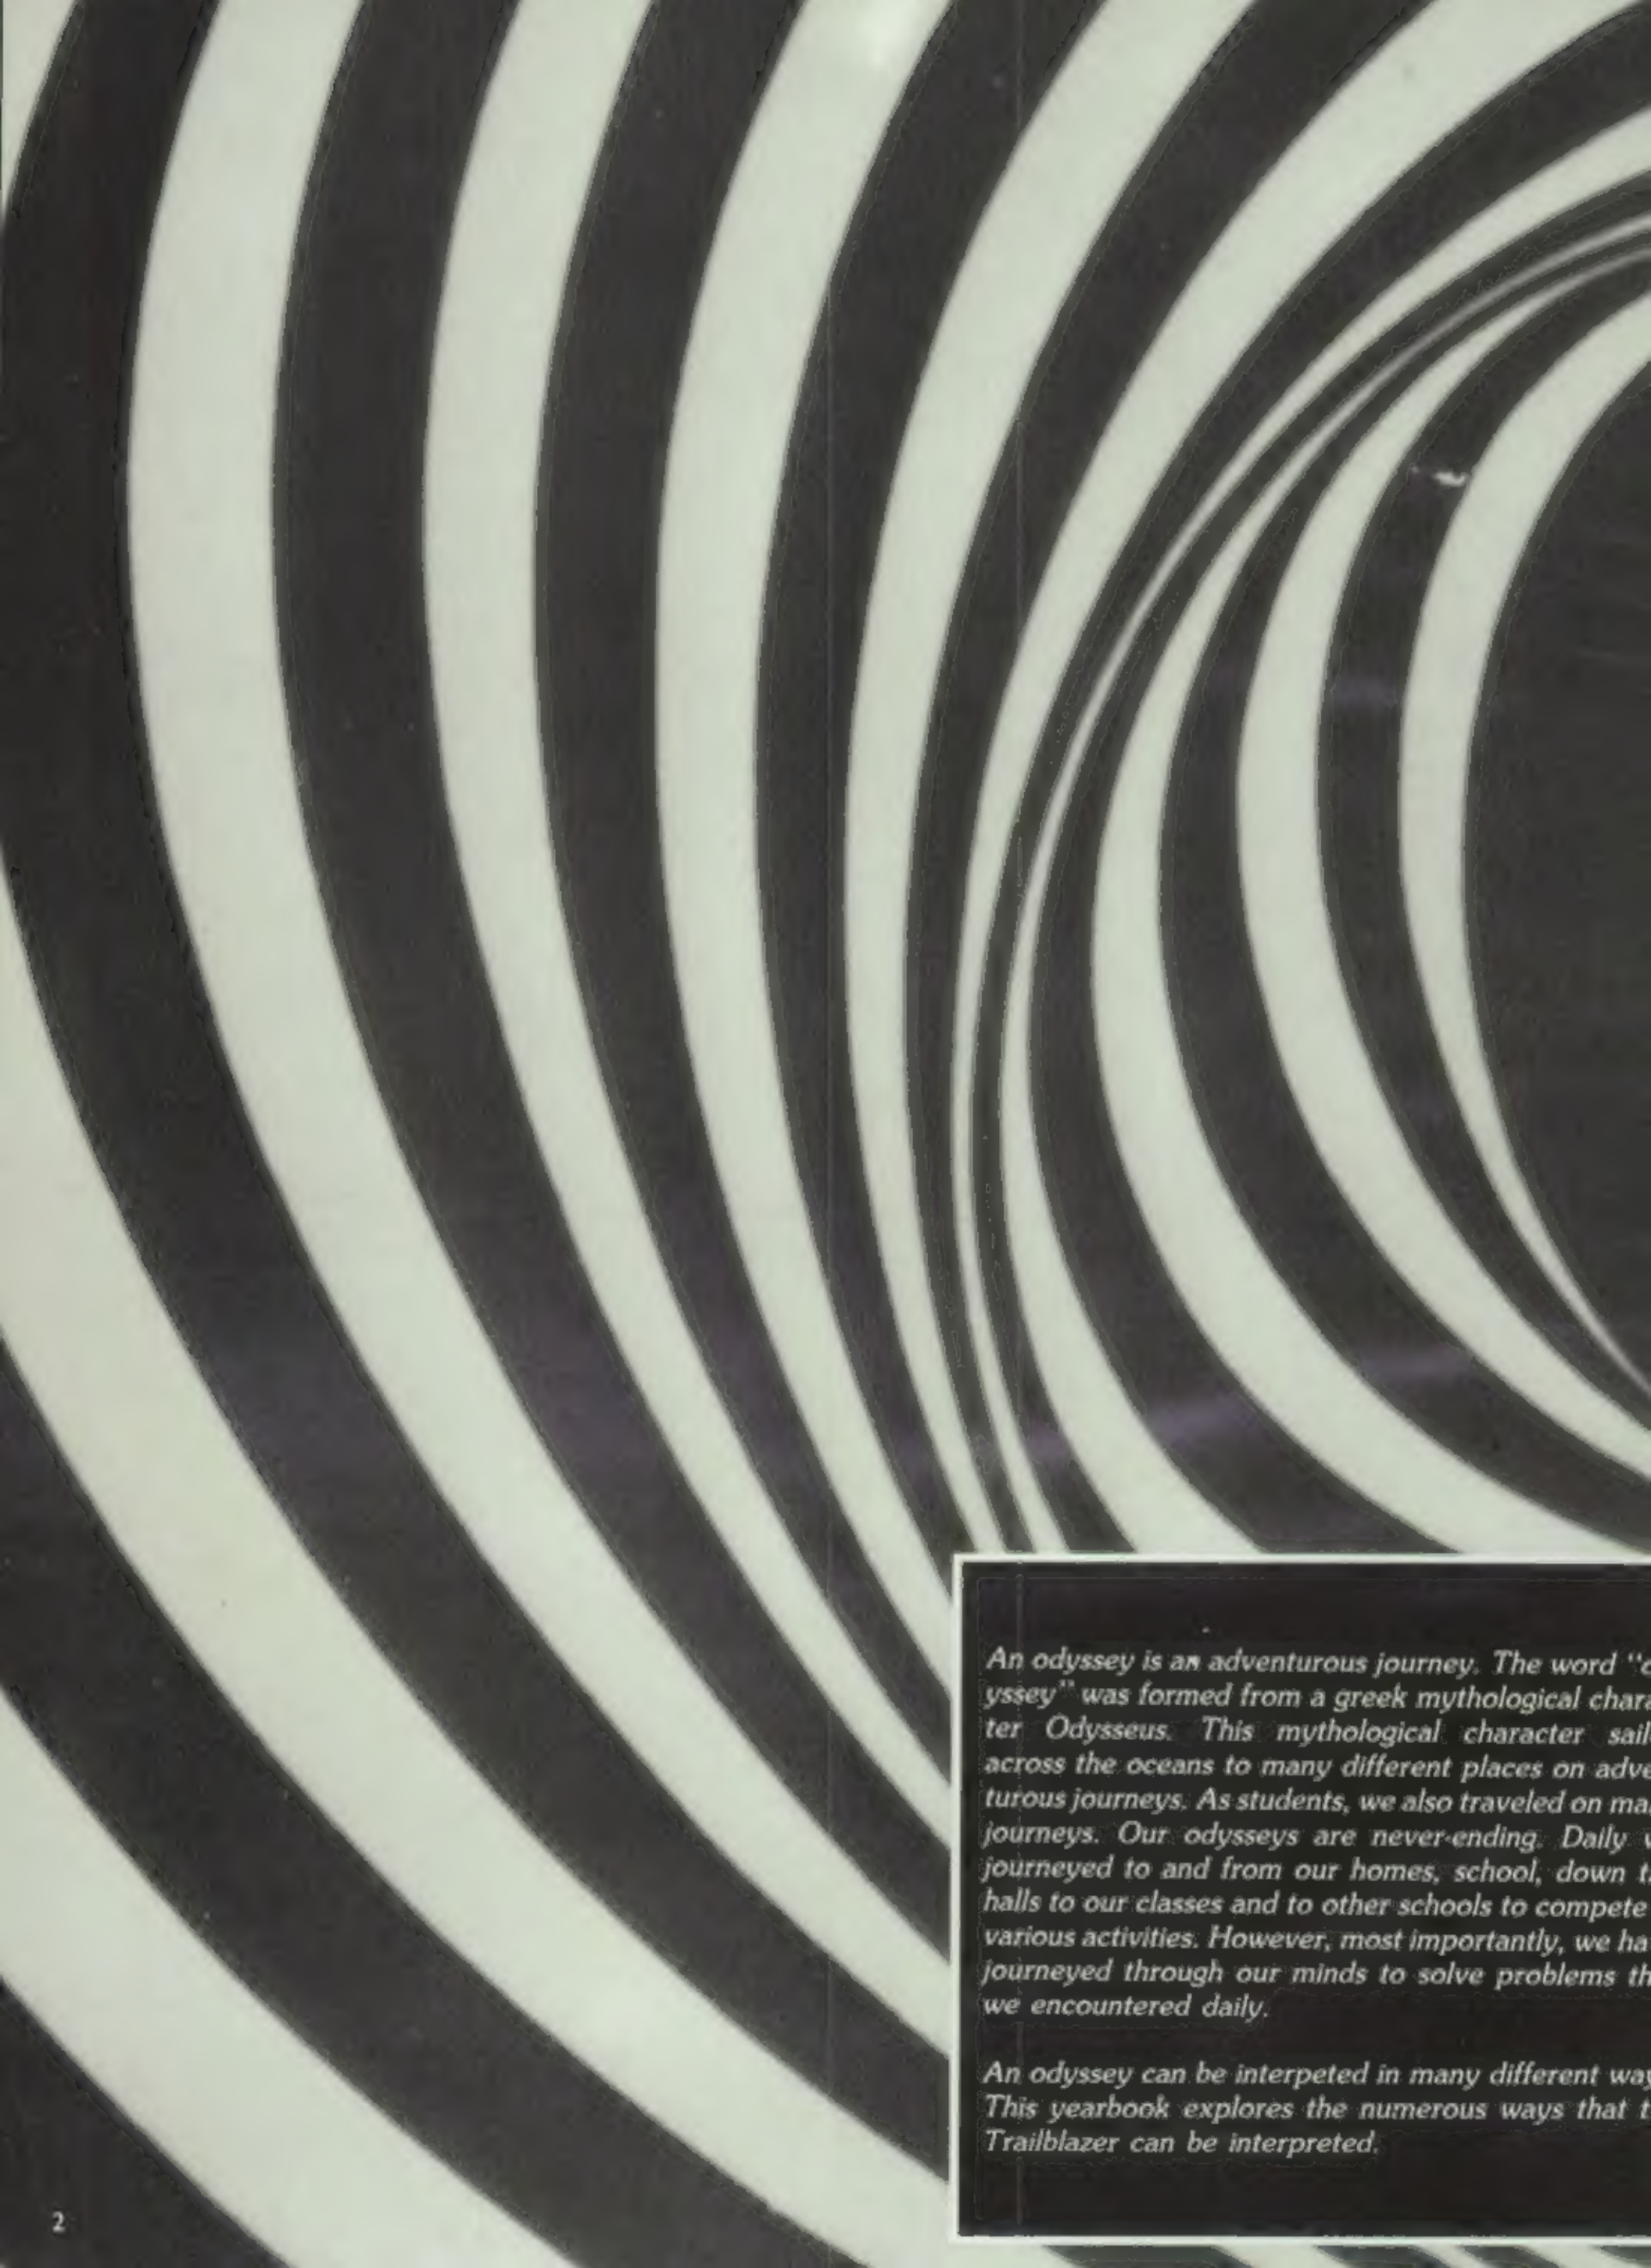

a never ending story.....

but I would prefer if we could be as close as we were. Love Always

An odyssey is an adventurous journey. The word "odyssey" was formed from a greek mythological character Odysseus. This mythological character sailed across the oceans to many different places on adventurous journeys. As students, we also traveled on many journeys. Our odysseys are never-ending. Daily we journeyed to and from our homes, school, down the halls to our classes and to other schools to compete in various activities. However, most importantly, we have journeyed through our minds to solve problems that we encountered daily.

An odyssey can be interpreted in many different ways. This yearbook explores the numerous ways that the Trailblazer can be interpreted.

what does it mean?

ODYSSEY

how do we get

WHEELS

Woodland's students journeyed to school by several means of transportation, however the three most popular ways were cars, school buses and walking. The majority of our students' parents transported them to and from school, or they drove themselves. Even though driving was the most expensive way to travel to school, it had the most advantages. It allowed the student to choose the time that he/she wanted to arrive at school or leave school. The other portion of the student body rode the bus or walked. Riding the bus was beneficial because it saved gas, and the drivers were very dependable. Walking to school was beneficial because it is good exercise. The students used other forms of transportation including bicycles and motorcycles.

to school ?

OR FEET

our journey begins

BEFORE

Many of our students ended their summer vacations three weeks early to journey back to school to train for extra curricular activities. The football team practiced twice a day in preparation for a victorious football season. The cheerleaders faithfully practiced for cheer-leading camp from nine a.m. until twelve p.m. every day, while the band and drillteam members prepared for marching season from nine a.m. until four p.m. daily. Thanks to the faculty who organized the extra-curricular activities and helped to prepare for another busy school year.

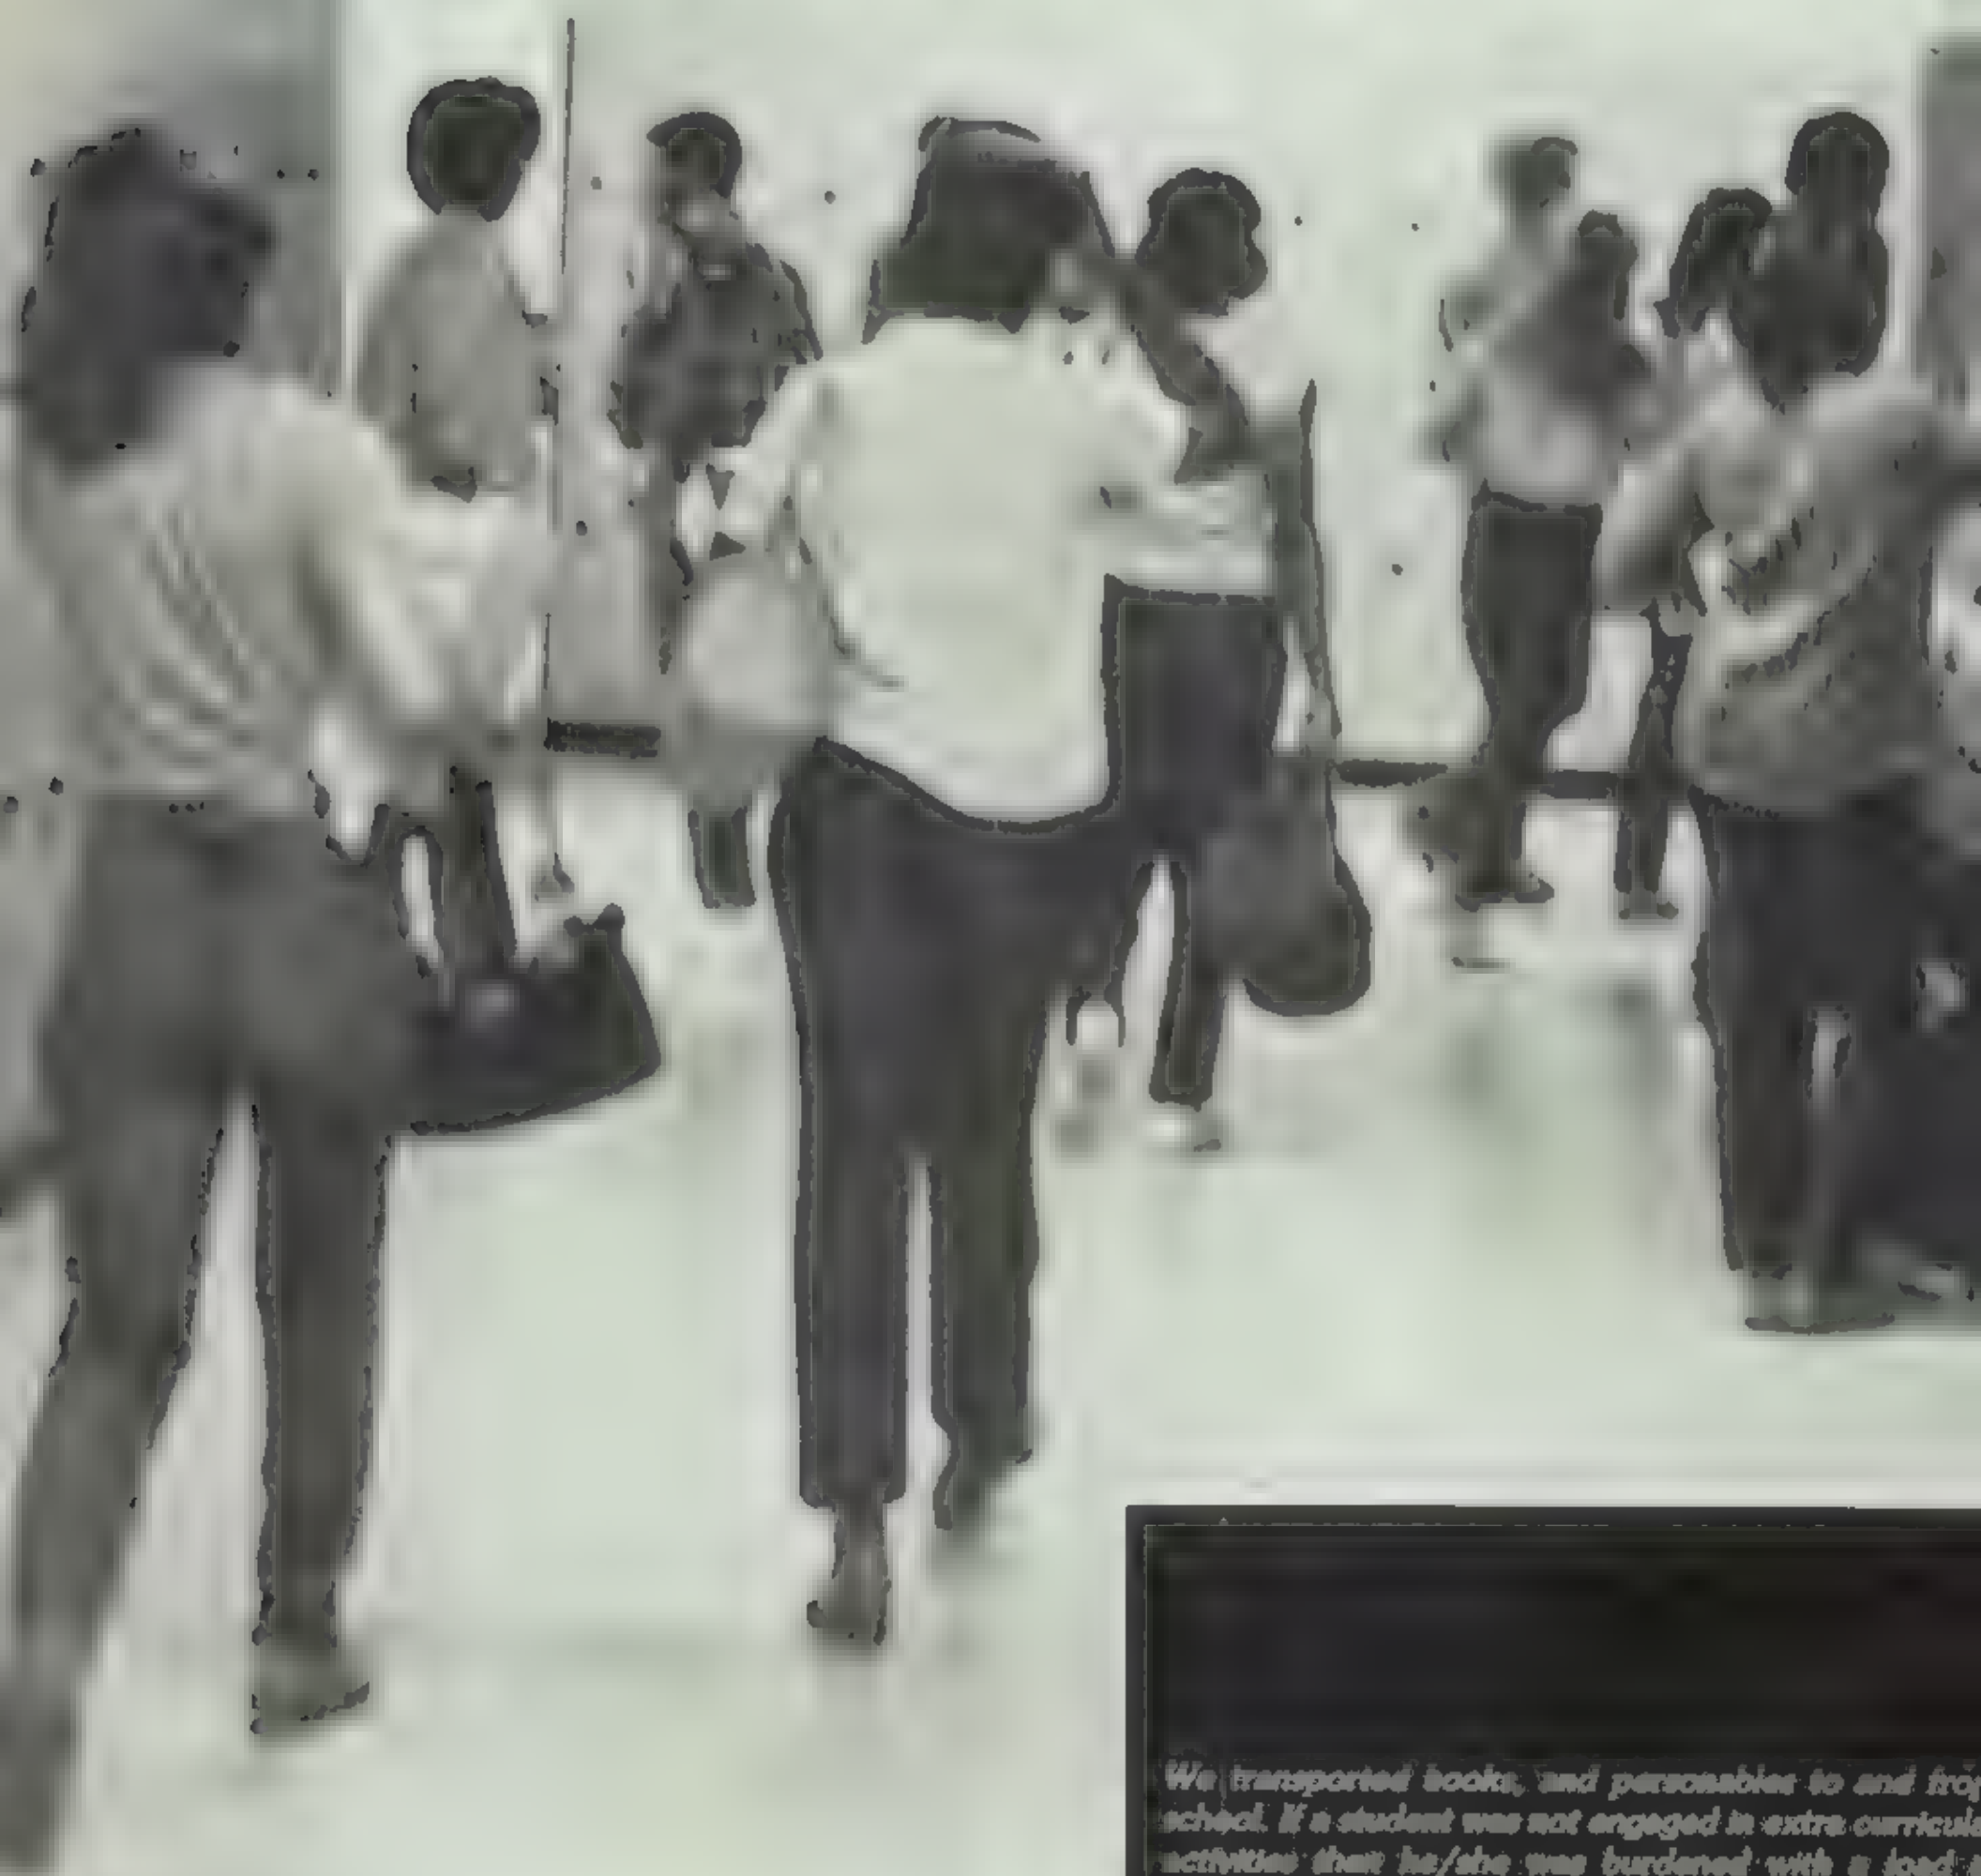

before the summer ends

books, books

PACKIN' FOR

We transported books, and personables to and from school. If a student was not engaged in extra curricular activities then he/she was burdened with a load of books. But if students were participating in extra curricular activities they usually had to bring extra clothes, shuffle bags, tape recorders, and a load of books. A perfect solution for this would have been to have extra curricular and no classes! (smile)

we have so much

WARRIORS

The Warriors have repeatedly demonstrated their unity and support of one another. During the competitive seasons we really pulled together and excelled beyond any other school in our area. We always showed plenty of school spirit at the games, pep rallies, and anytime when we just got the urge to shout out to the world how proud we were of our school. Along with spirit, our consideration for one another and desire to help one another out, contributed immensely to the tight unity found at WOODLAND HIGH.

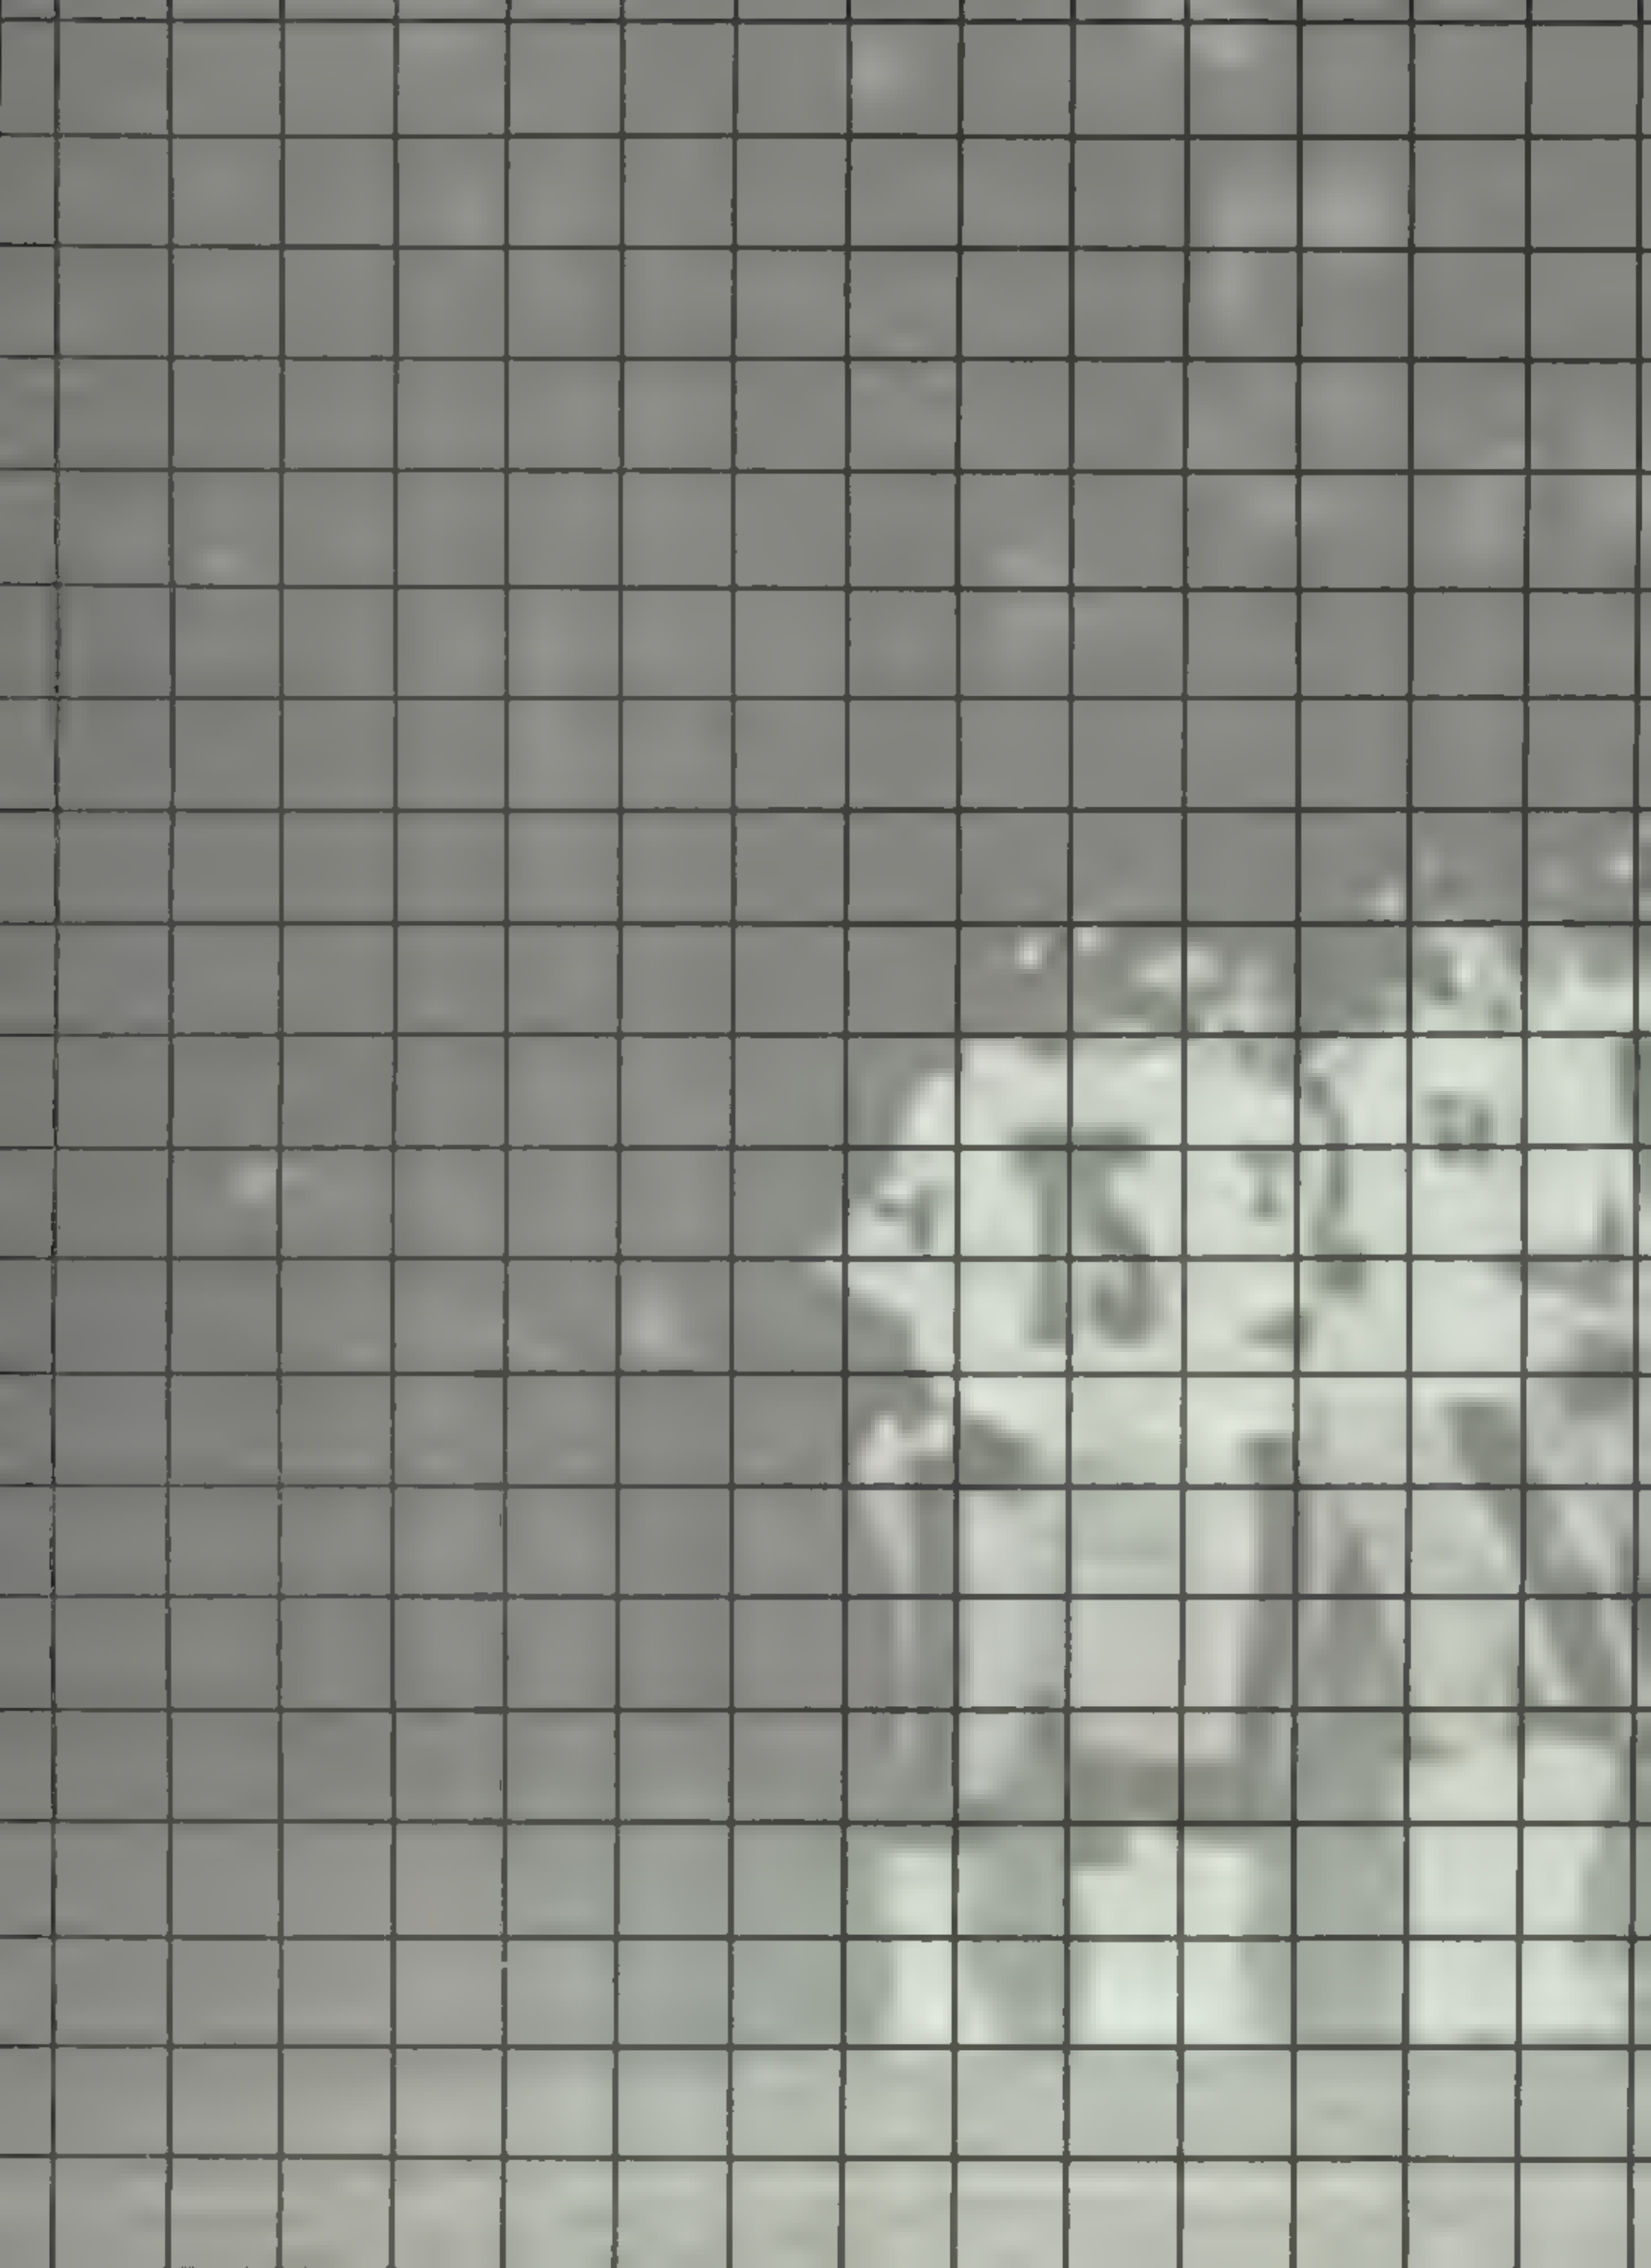

fun and spirit

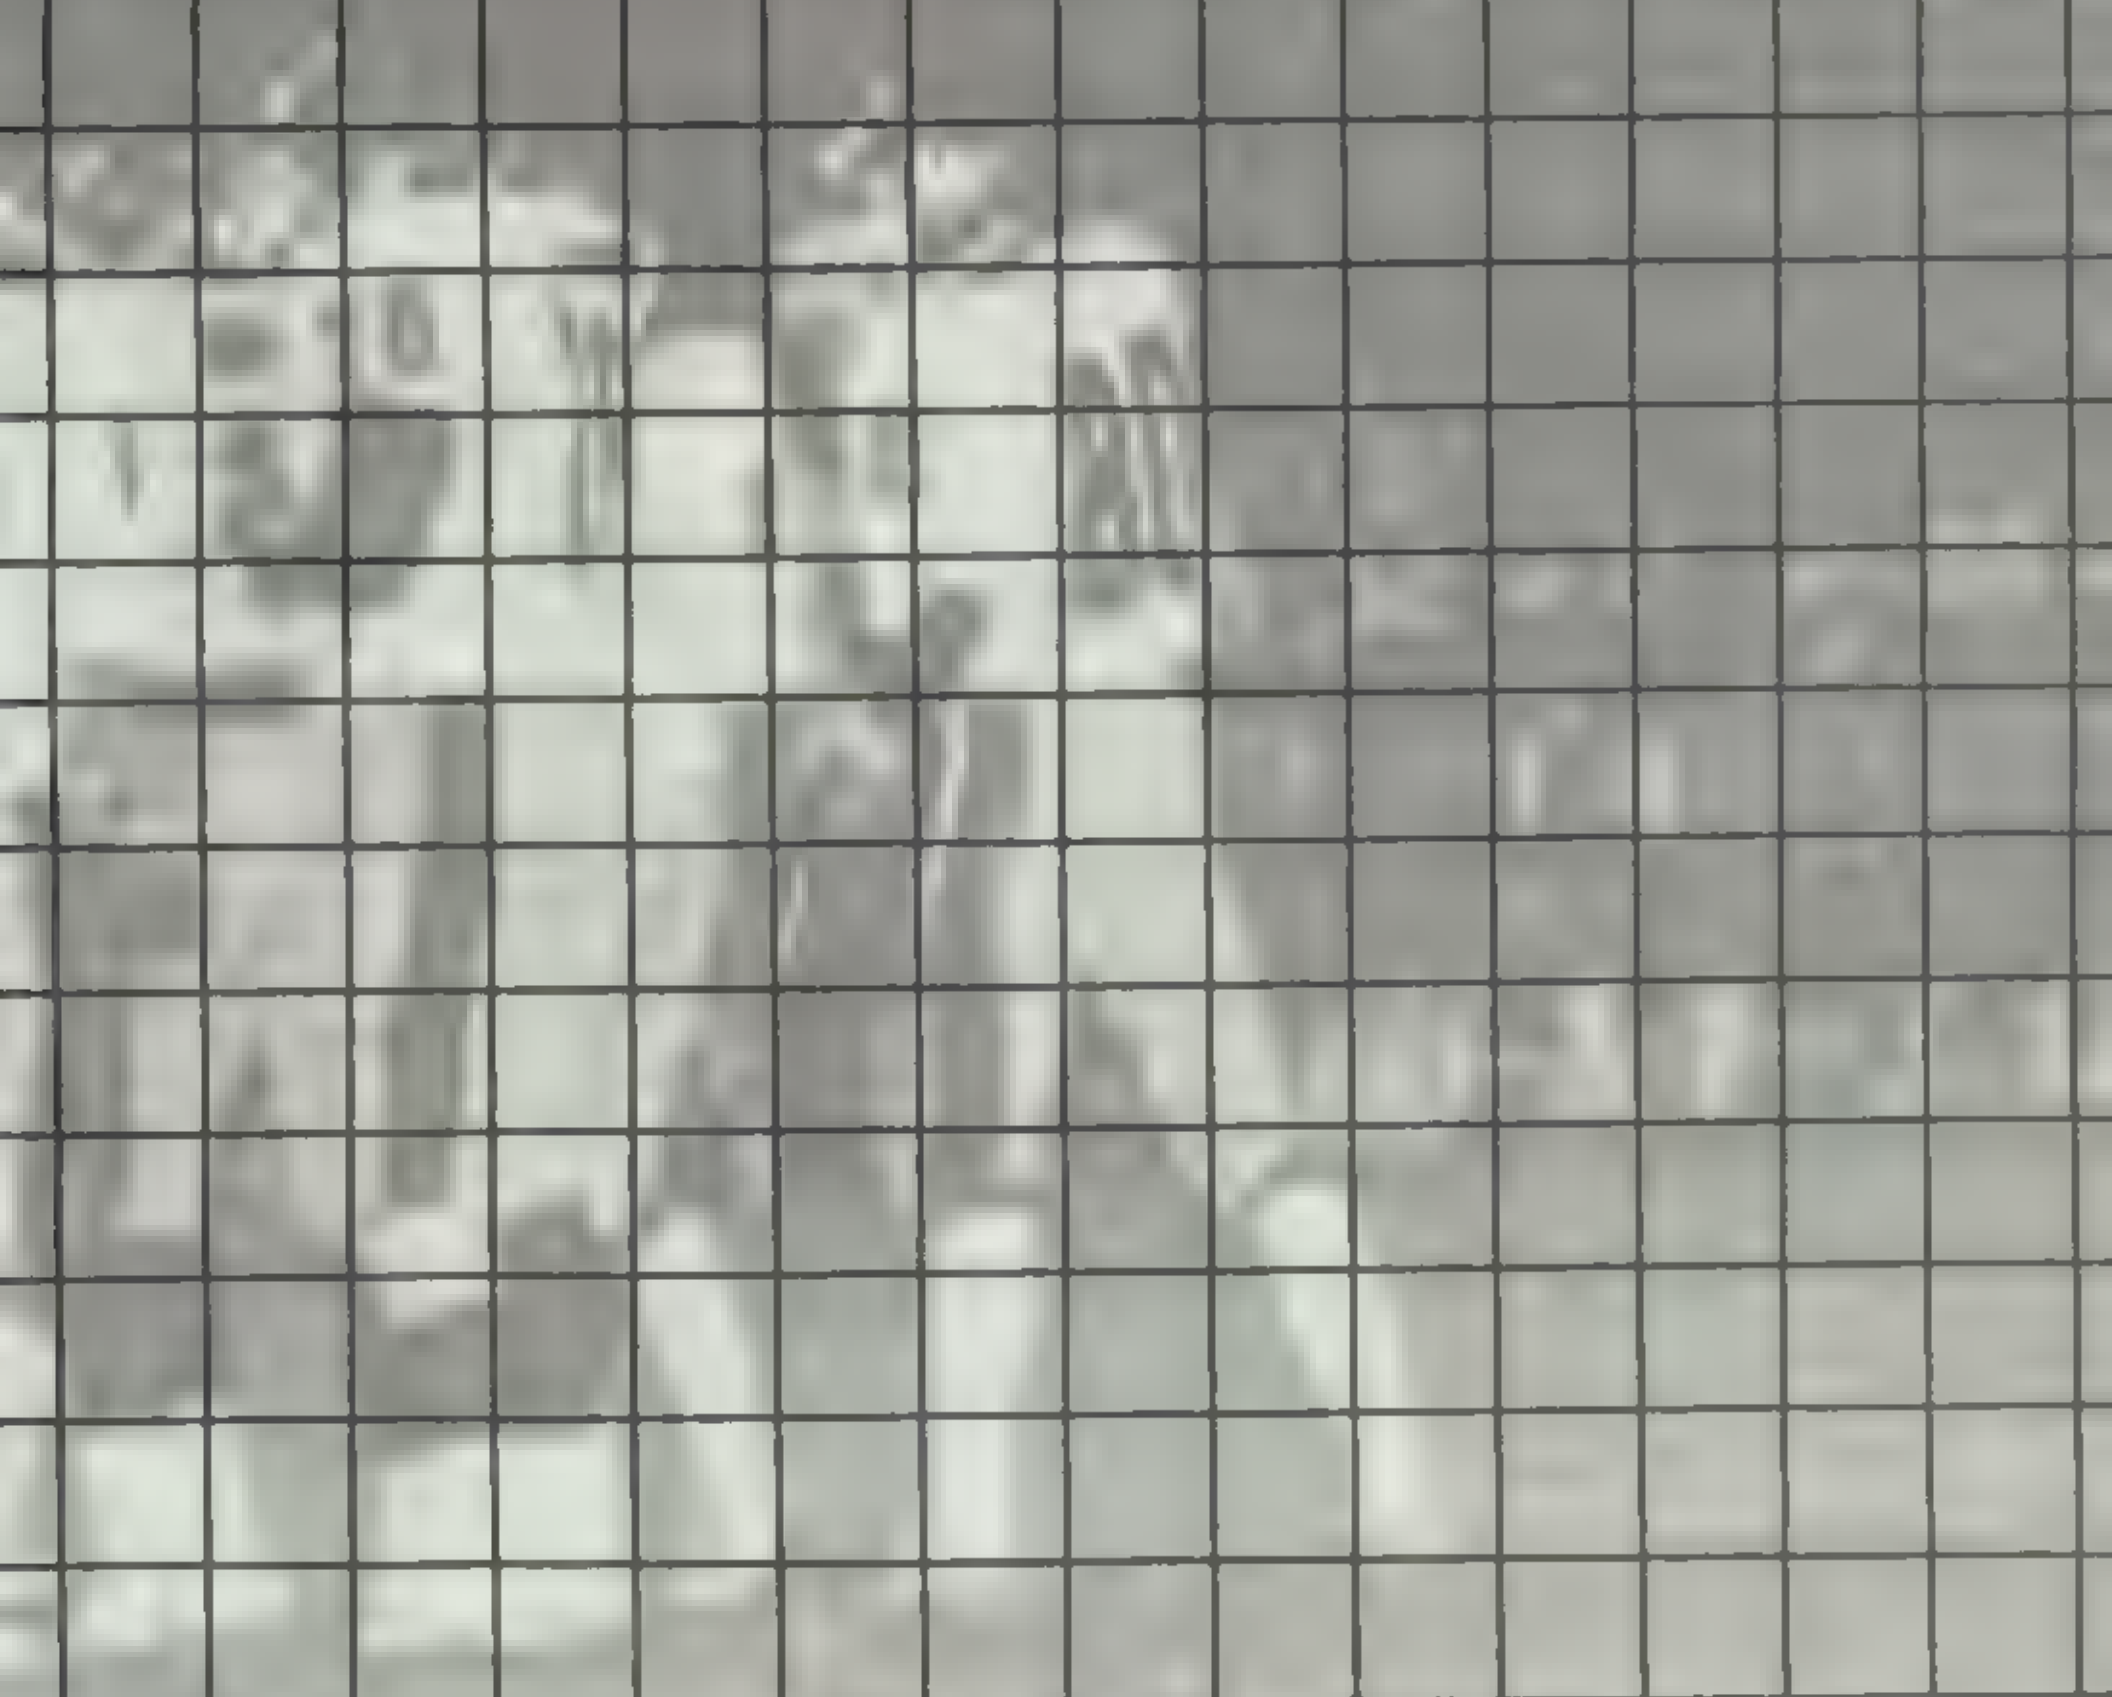

FEEL IT!

STICK 'EM

SPORTS

a never ending story...

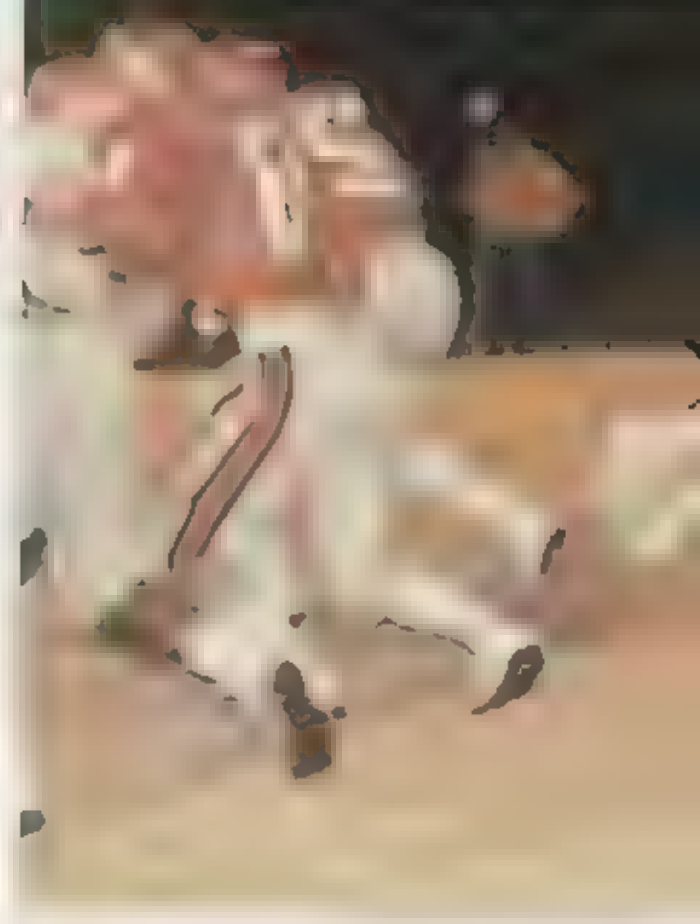

WE ARE THE

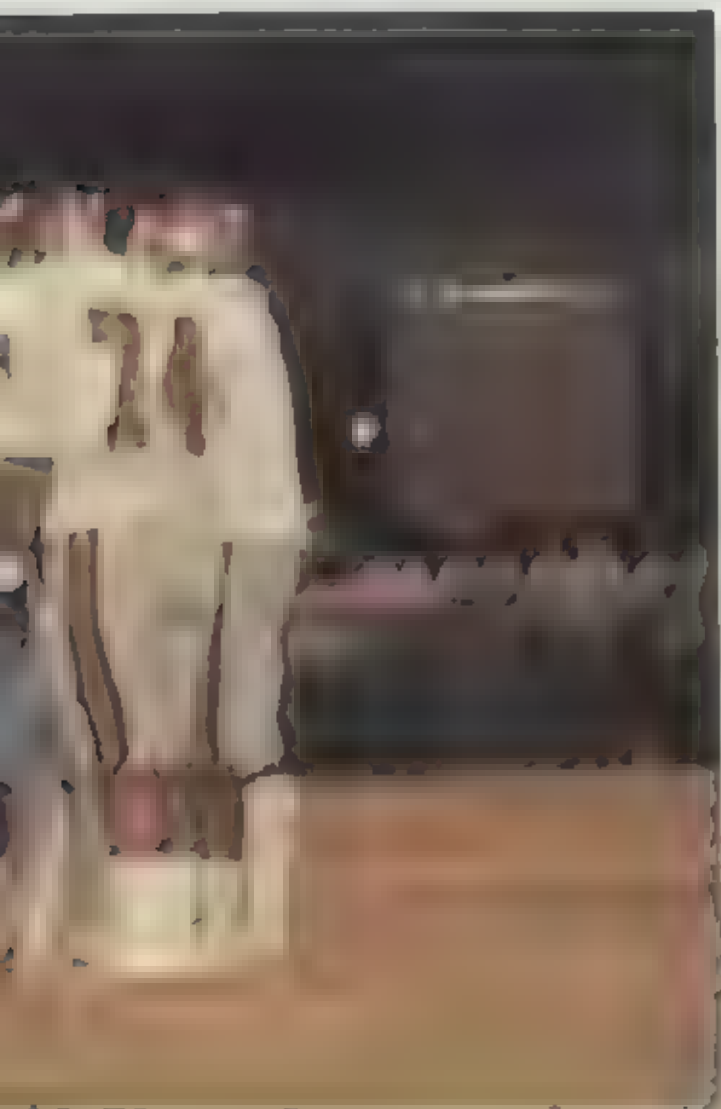

Meet the Woodland Warriors. They were not the average high school football team. They were **DY-NA-MITE!!** The Warriors had a great season. Every game was action packed and intensifying. There was no time for the fans to look at anything else but the Warriors, because when they came out on the field they were **RECKLESS!!** If the "Shooting Stars" (offense) were not making a high speed touchdown, the "Legion of Doom" (defense) were hitting hard. Together they made one **AWESOME** team!

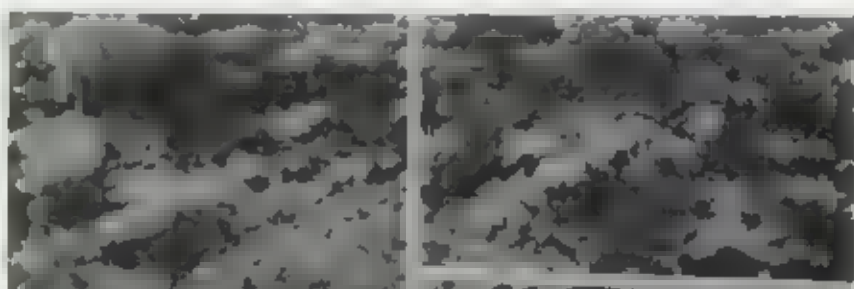

They kept their fans jumping and screaming at all times. When the games ended the fans left the stands exhausted from excitement, because the Warriors always played an exhilarating game. The Woodland Warriors were definitely **TO HOT TO STOP!!**

pg. 14 #1 Coach Galt illustrated what he thinks of his team. #2 A force couldn't stop Bernard (Pop) Underwood. #3 Together they made the team a great success. pg. 15 #1 No one has more fans than Eric Spivey. #2 Cliff Porter runs to Play down as Jeff Hill runs the ball.

WARRIORS

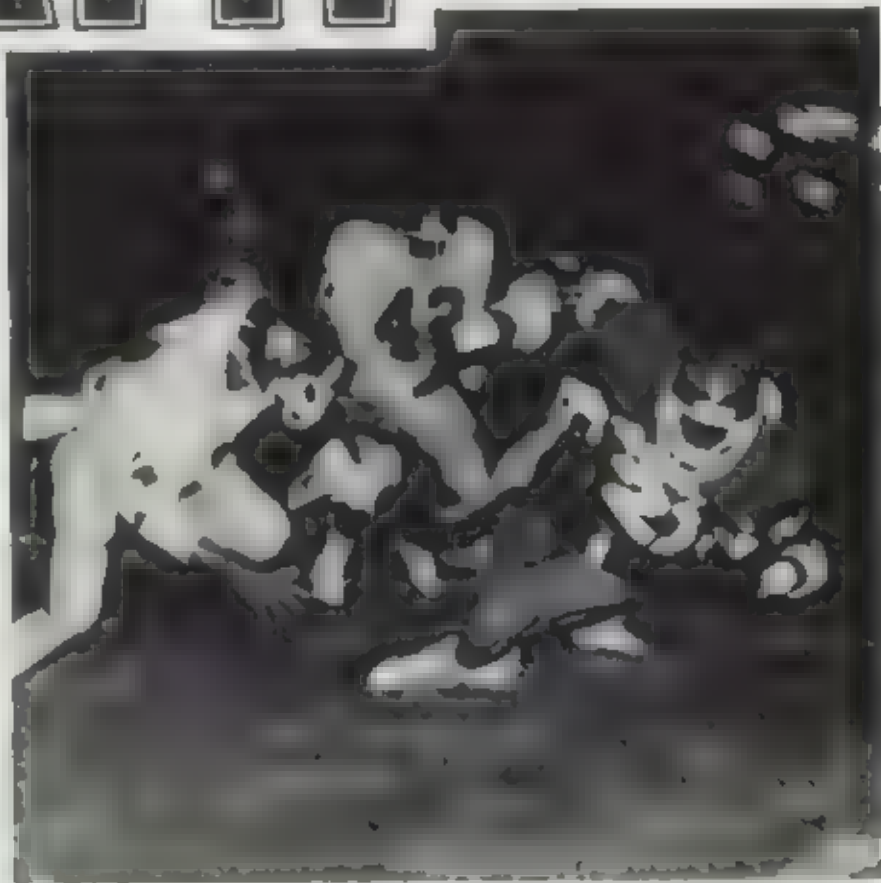

ON THE

Front Row: Eric Spear, Cliff Porter, Dwayne Brown, Tim Mardock, Chunky Collins, Eldred Freeman, Glen Harkins, Kevin Walcott, Sidney Montgomery, Nije Montgomery, Ernie Brown, Don O. O. Thrasher. Middle Row: Darryl Dukes, Jarrod Collins, Eric Williams, Bernard Underwood, Mario Black, Jeff H., Mike Haines, Mike Brown, Renard Morris, Darron Fraker, Oscar Williams. Back Row: Flip Wilcox, David Martinez, Rodney Green, Roy Robinson, Anthony Grant, Jeff Mathis, Sean Dupree, Ricky Dean, John Goolett, Alan Smith, Warren Glass.

WAR PATH

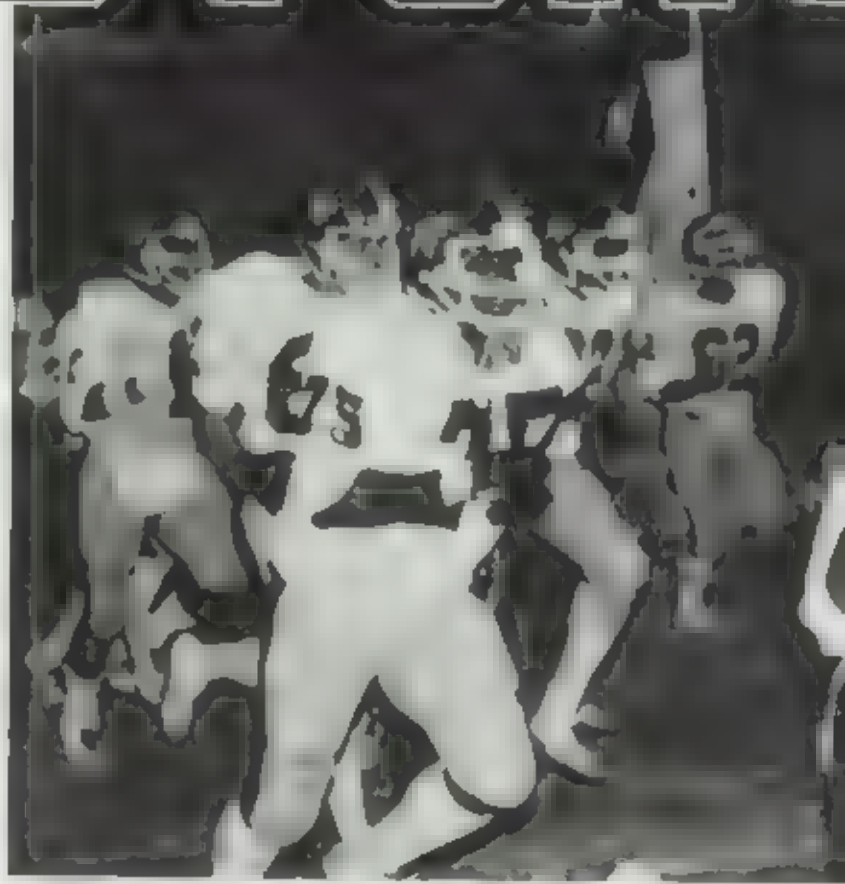

The Warriors were always on the war path to victory. The defense was known for its superb tackling and strong pass rushes. The offense was known for its ground attacks and swift receivers. Working together, the team's war path led them to victory.

pg. 16 #2 No one smothered opponents like Jeff Mathis. #3 Running the football is what Jeff Hill does best.

pg. 17 #1 Cliff P is always on the run. #2 Everyone's fate was in jeopardy against the Warriors. #3 When in need everyone turns to Cliff for assistance.

stucky annual

VICTORY

BOUND

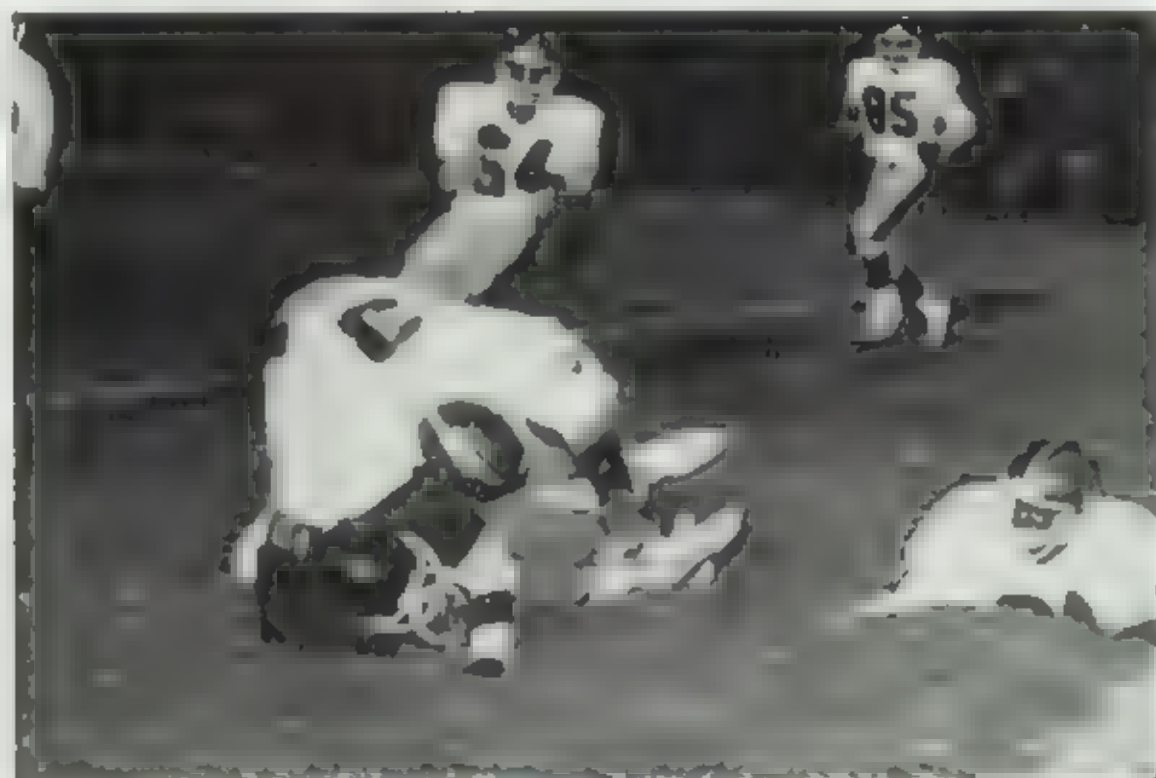

The Warriors were definitely victory bound the night we played Lakeshore, our arch rivals. The entire school was ready for this game, because Lakeshore was undefeated and we wanted to break their record. There was only a minute and two seconds left in the game. Woodland was in a very crucial situation because we needed a touchdown to win. Daryl Duke fought his way through a mass of tacklers and scored the winning touchdown! The fans went wild — we won the game. That was one game Woodland would never forget!

1980-81 Football Team. A lot of many on the Woodland Warriors squad: 2 Glen H. drops the bomb in Philip Williamson's arms of his protection. 3 Mike Montgomery stands around for his rock and pencil. 4 A swimming defense is what William G. and Jeff M. are looking up. 5 The Menden's attention has been focused on something other than the game. 6 William G. and Rodney G. are ready for any opponent!

The Warriors are number one

5-AA SOUTH REGIONAL CHAMPS
Being South Regional Champs of one of the state's most competitive regions, the Woodland Warriors achieve something no other Warrior football team has ever done. But, with sixteen seniors providing great leadership the Warriors could do nothing but succeed

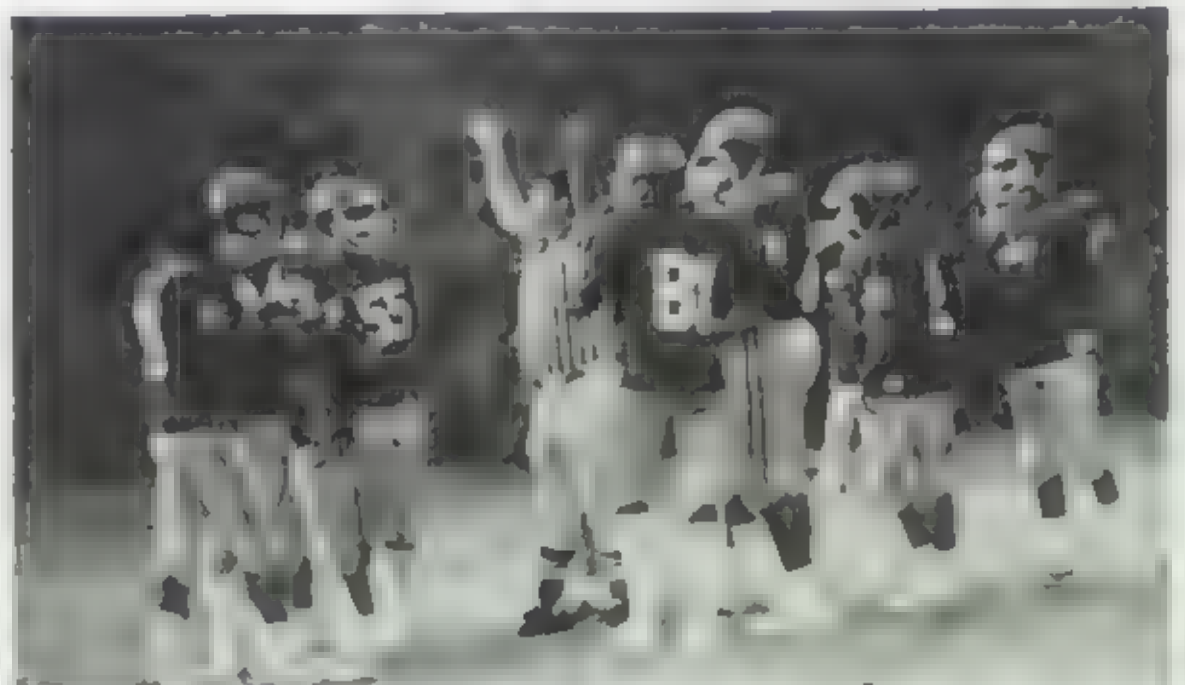

a team that was always improving

VARSITY '87

(Front Row) Ryan Hammock, Tim Porter, Bernard Crawford, Michael Williams, Craig Gaines, Terano Albritton, Kevin Franks, Carlos Bynum
(Middle Row) Reginald Jones, John Stewart, Carlos Traylor, Jeff Martin, Robby Pate, Corey Riley, Terry Odum, Quinton Fambo, James Agustus
(Back Row) John Manning, Eric Kuykendal, Philip Johnson, David Talley, Jeff Koch, Tony Green, Edward Husband, Lynn Blackmon, Ne
Vandiver, Teddy Hampton

The B-TEAM of 1984 consisted primarily of freshmen. The team showed **DETERMINATION** when playing by giving their all until the last second of the game. They did not allow their inexperience to hinder their efforts. The team's head coach, Jeff Hughes spent an enormous amount of time working with the team on various techniques to help improve their skills. The team exhibited continuous improvement with each game. If the B-TEAM continues in this manner they will definitely be ready to **FIGHT and WIN!!**

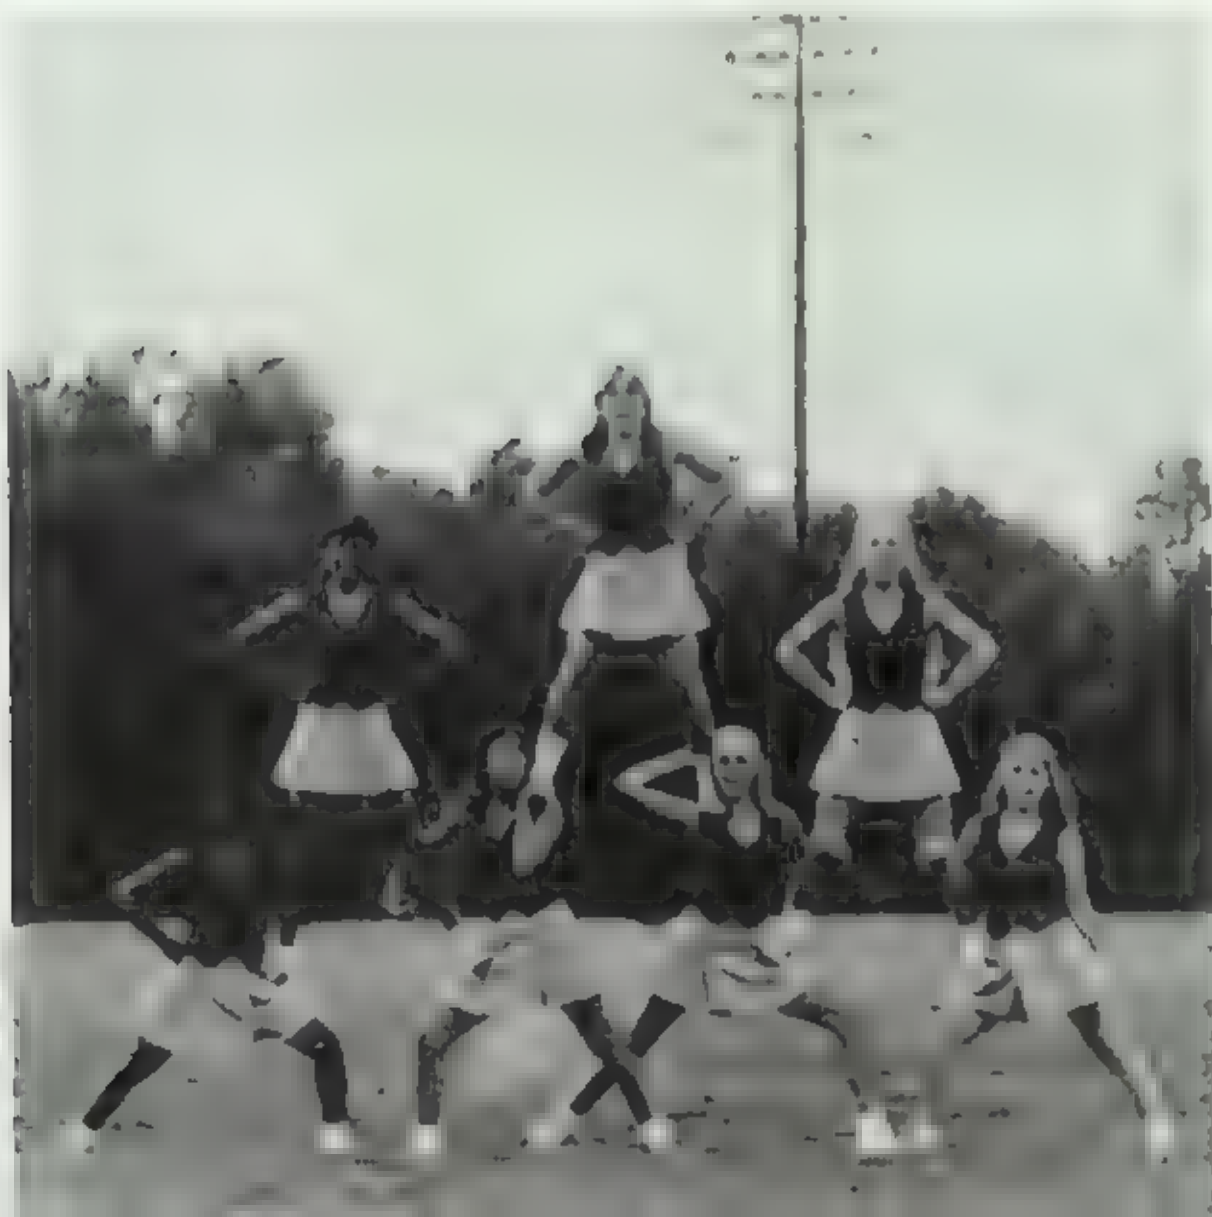

pg. 22 #2 The huddle brings a team together. pg. 23 #1 Micheal Williams provides an excellent target down the field #2 Moves have gotten Reginald Jones his yardage #3 Ryan Hammock finds it hard to find a receiver on the run. #4. Out running opponents is something Reginald Jones does well. 5. Carlos Bynum uses his speed to maneuver up the field

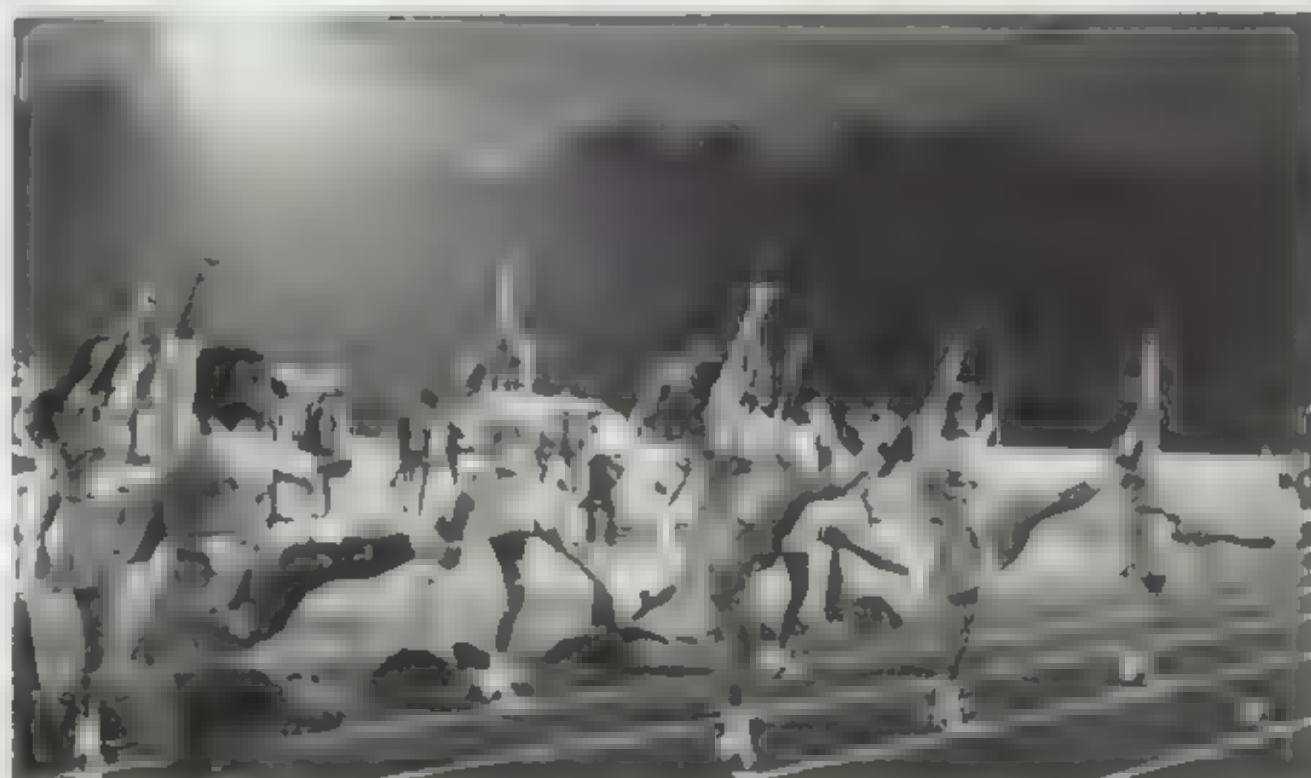

lets hear it for the boys!

LET'S GO

CRAZY !

The cheerleaders supported the Warriors with their exuberance by flipping, cheering, and jumping the teams to **VICTORY** in both football and basketball. They posted **WILD** and **CRAZY** signs throughout the school. They also made **ELECTRIFYING** banners for the football team to run through. **LET'S HEAR IT FOR THE GIRLS!**

pg 24 #1 V Team and B-team relax together before cheering #2 The cheerleaders are known for their pyramids pg 25 #1 The V Team gets the fans fired up #2 Achille Price (Co-Capt) and Chrsty Fate sing the alma mater #3 Jane Langford and Leanne Cross #4 How is this for kicks?

we had great pep rallies

WARRIOR

SPIRIT

The cheerleaders really did a **FANTASTIC** job of keeping up the school spirit. Because of them, all of our pep rallies were spirited, emotional, and great! They were always able to get the students rowled up. When the classes competed for the "most school spirited" during the pep rallies, the cheer leaders often had to call it a tie, because the entire student body was so excited that it was hard to choose a winner. The cheerleaders also competed in a cheerleading competition at the Greenbriar Shopping Mall. They finished second in the competition. **SPIRIT — LET'S HEAR IT!**

pg. 26 #1 Kelly Quinn and Leanne Cross performing their famous backhand springs! #2 Tonia Howard and Teresa Denmon are fired-up. pg. 27 #1. The V Team and B Team lead the Warriors in a cheer #3. Jane Lankford (Capt) leads the Warriors in a chant #3. Jane L., Leanne C., and Kelly Q prove that it is all about having spirit

We could always depend on the B-Team

B-TEAM

SCORE AW!

*The B-Team cheerleaders put it all together for the B TEAMS. The result of all their effort was the **B-TEAM SCREAM!** The cheerleaders proved themselves very capable of getting the student body hyped up and full of school spirit. Not only did the girls do a great job of cheering at games, but they also are to be commended for their participation in the pep rallies and in making football banners for the football team. **KEEP UP THE GOOD WORK!***

*pg 28 # 1 Like the V-Team, the B-Team is also known for the pyramids
2 The B-Team day views at "Meet the Warriors" night pg. 29 # 1
Bonnie Simpson and Nikki Gibson and not ready to have their picture
taken. # 2 Difficult pyramid # 3. The B-Team Scream*

the team consisted primarily of juniors

IN THE

HOOP

The Warriors had a good season. The team consisted mostly of juniors and two seniors, Carlton Miller and Deon Thrasher. Coach Martin started mostly juniors, because he wanted them to have as much experience as possible for future plans to have an extra super team, and being super has always been easy for the Warriors. The Warriors hosted the Region 5-AA tournament. Schools from all over the region came to compete with each other and the Warriors. Basketball fans found the tournament to be full of action and very enjoyable.

pg. 30 #2 Kevin Walcott with the fast break pg. 31 #1 Warriors get fired up #2 Kevin Walcott eyeing the scene

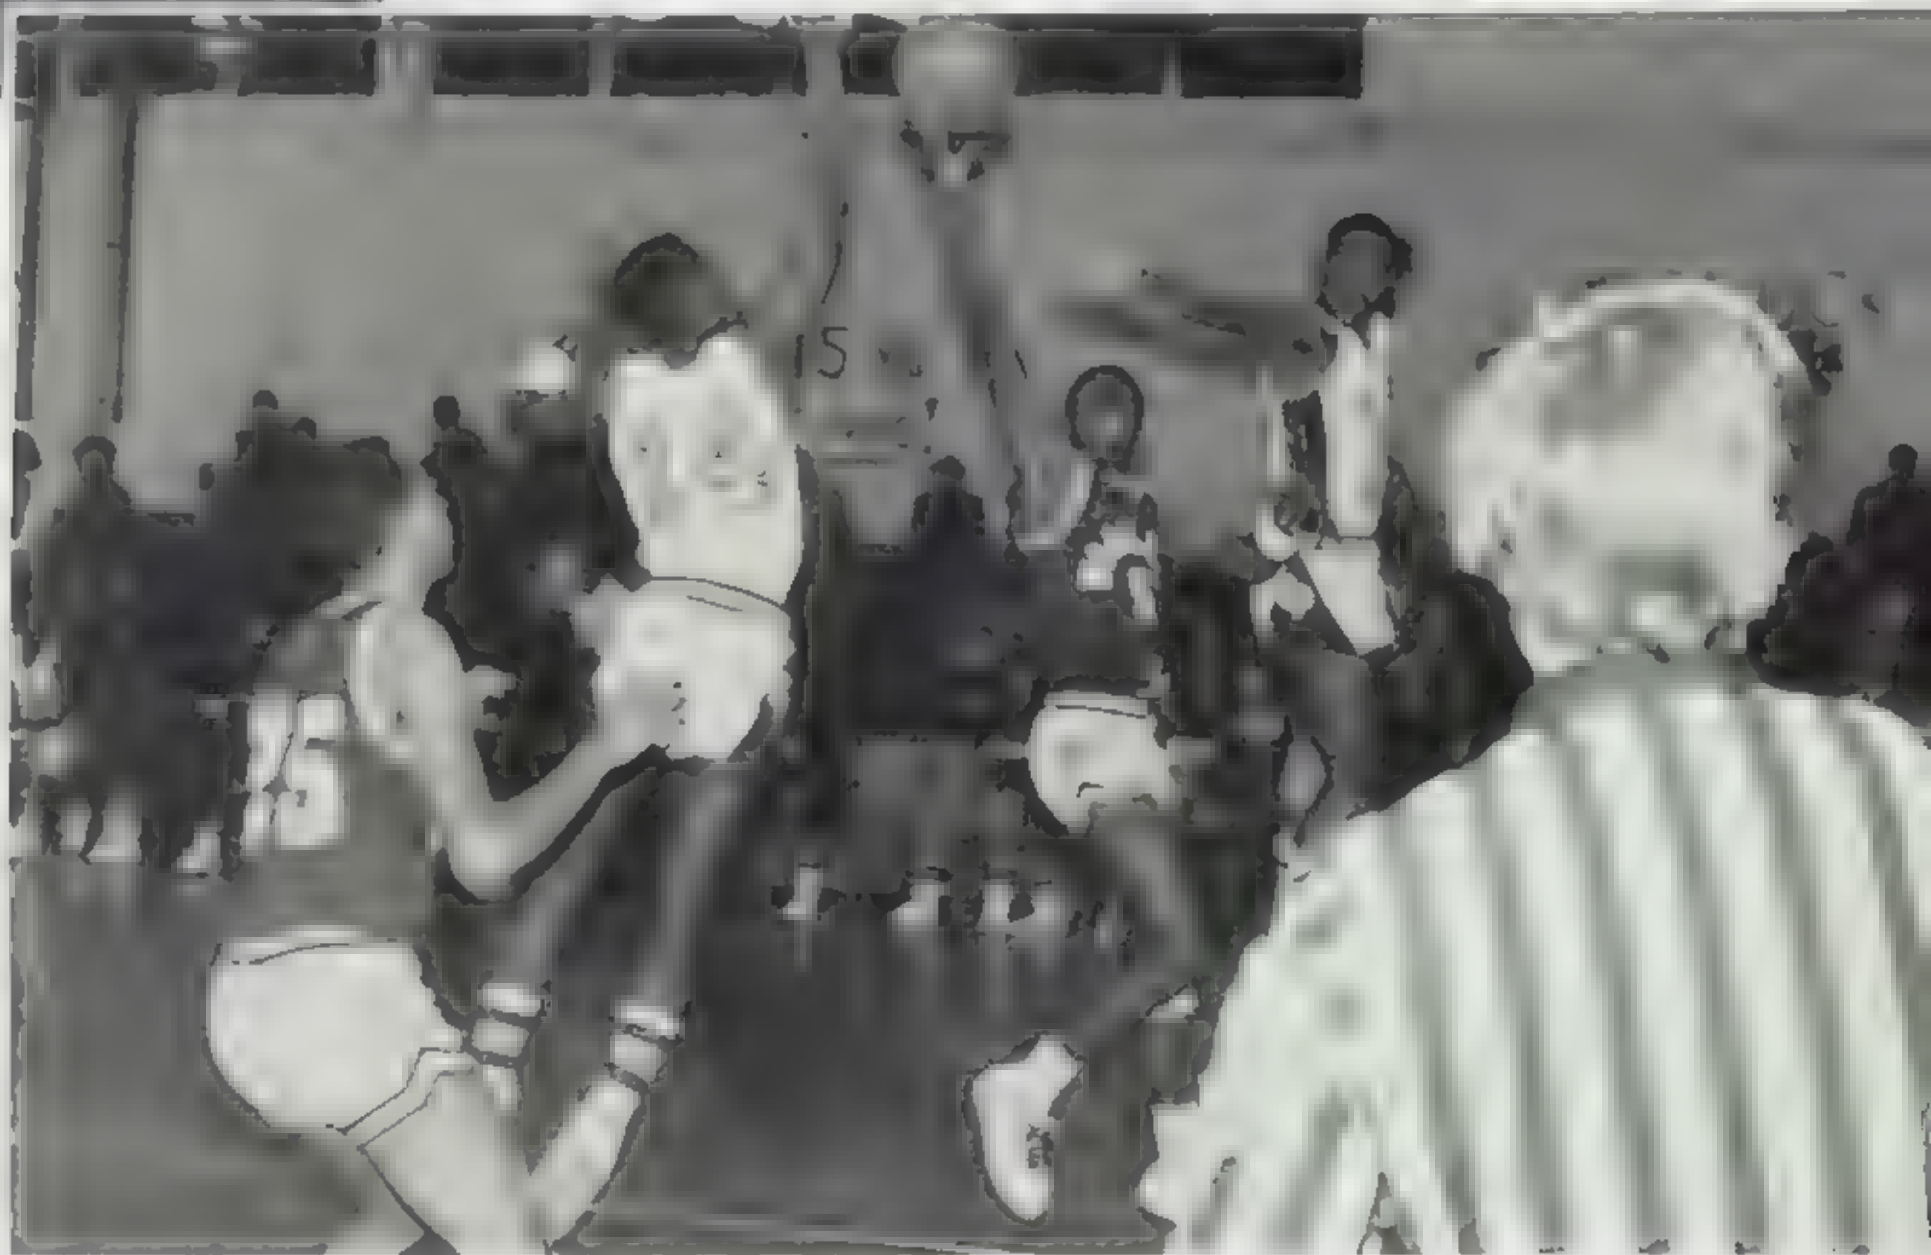

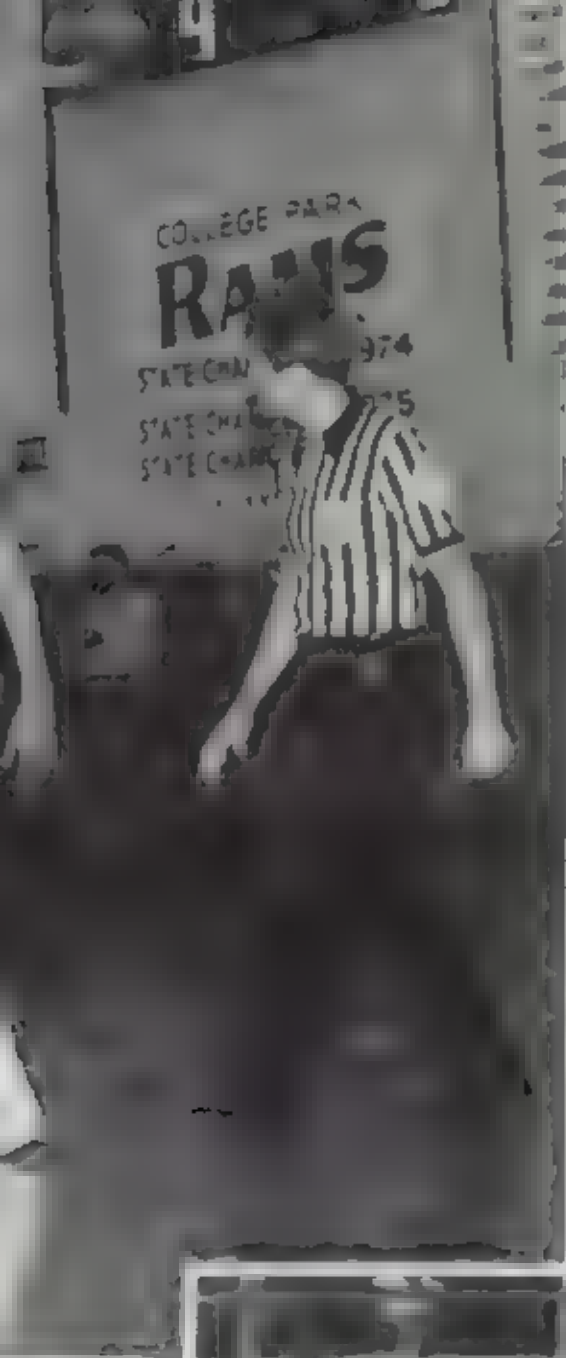

we're playing bas-ket-ball

It was quite evident that the Warriors were always improving. Coach Martin worked closely with the team to help each individual improve their techniques. Win or loose the Warriors always played an exciting game

JOHN JOHNS

working hard

LADY

WARRIORS

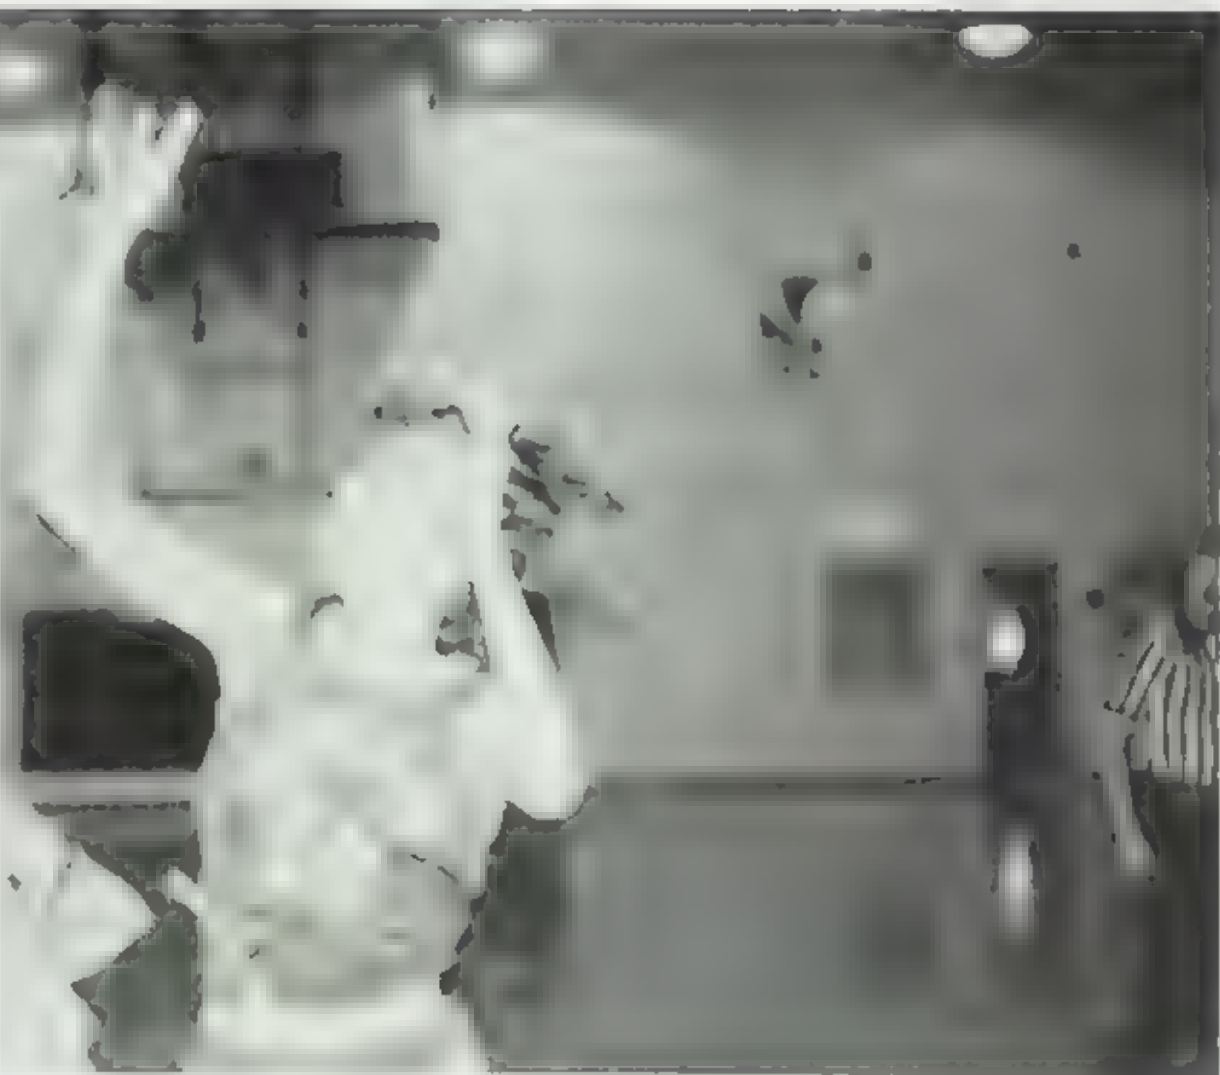

Coached by Emily Atchison, the girls varsity basketball team had a "work hard season." The girls practiced long hours everyday after school on improving their game. All of their work paid off when they were on the court. The girls always put their all into what they were doing. If the Lady Warriors keep up the hard work, next year's season will definitely be a winning one

pg. 34 #2 Ms. Atchison talks to Loree Hartsfield about her strategy pg. 35 #1 Kelly Landford dribbling down court in attempt to loose her opponent #2 Jennifer Jones shoots free throw and Cydney Tate going in for a rebound. #3 Kim McDowell walks down court to get ready for full court press against College Park

they gave their all,

BACK

BOUNCING

pg. 46 #1 Courtney Tate just shot a lay-up. Lisa Thomas goes for rebound. #2 Kim McDowell and Lisa Thomas in process of press. pg. 47 #1 Kelly Lyndor comes down the court to run play. #2 Courtney Tate on defense denies.

they always put forth their best effort

YOUNG BLOOD

Both our boys and girls Jr. Varsity basketball teams deserve much praise, because win or loose they always put forth their best effort. Like a typical Warrior, giving up was something they never did. Both the teams were very serious about practice and dedicated to their sport. Dedicated to coaching the teams were Coach Stokes coaching the girls and Coach Hughes coaching the boys. Both coaches did a great job of coaching and supporting their team

pg. 38 #2 Twendolyn Bryant recieves pall from Denise Brown. #3 Ingrid Perry and Twendolyn Bryant going for rebound. #4 Ingrid P going for a rebound

Chris Swearingin Mark Sarver Pete Menatee Robert Norwood David Lord, Gary Lewis Steve Ridges Bobb, Strozier Teddy Hampton Regina Jones, Kevin Luttery

they were the best

ONE ON ONE

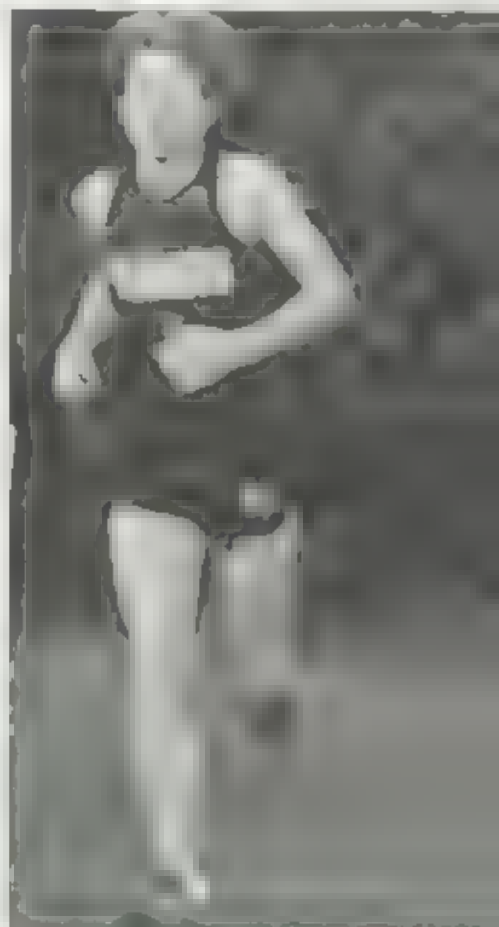

Although the wrestlers were on a wrestling team, wrestling was really an one on one sport. Because when it came right down to winning a match, it depended on the individual. The Warriors had an exceptional group of talented individuals. At the Area match hosted by Cedar Grove High School, Nigel Montgomery placed first in the 132 lb. division, Chris Kimes placed first in the 121 lb. division and Kevin Stillwell placed first in the 145 lb. division. At the Fulton County match hosted by Milton High School, Sidney Montgomery placed first in the 138 lb. division and Nigel Montgomery placed first in the 132 lb. division. And at the State match hosted by Lovett High School, Sidney Montgomery placed first in the 138 lb. division. The Warriors were definitely a threat to their opponents.

pg. 42: Nigel Montgomery rushes an opponent. & Nigel Montgomery punches off opponent's leg. & Nigel Montgomery strikes an opponent with the back of his hand. & Kevin Stillwell punches an opponent in the stomach. & Nigel Montgomery triumphs again.

- there's no finish line!

THE WIND

WARRIORS

This year Woodland's Cross Country team participated in a series of competitive meets. The Fulton County, Westminster /Pace Academy International, and the Region meets were all the more competitive due to Woodland's presence. Three seasoned veterans along with four newcomers provided the team with both experience and a foundation for the following year!

pg 44 #1 Chris Kimes rushing for the lead! #2 Chris K picking up pace #3 Scott Register miles away pg 45 #1 Tony Brown thanks God it's over! #2 Michael Witherspoon has one mile

Two Warriors had wings on their feet !!

FLY LIKE

The Warrior track team established themselves as a leading power in the region. They participated in the Tri-City, Fulton County and Region meets in addition to hosting the annual Woodland Relays. This highly talented team intensified the competition in each meet.

pg. 46 #1 Bernard Heard relay team, three boys #1, Lawrence W. ... the same ... #1 ... Mathis pulling forth his best effort #2 ... Stroger ... #3 Bernard Heard ...

AN EAGLE

Arctic's Track

the senior athletes contributions

WINNING

were invaluable to our school

We had an excellent group of seniors participating in sports. They were very supportive of the underclass men and were good leaders. They were always excelling and bringing joy to our school not just by winning, but by having dedication to what they were doing. The senior athletes were a great contribution to Woodland.

LOOSE!

The Warriors fielded a young team that faced strong competition from more experienced region opponents. The game experience gained was invaluable in preparation for the future and building a winning program at Woodland.

pg 52 #1 Foward Gary Englander charges upfield against the defense #3 Half-back Chris Kimes eludes a defender in order to maintain possession of the ball Pg 53 #1 With his eye on the ball, Rodney Mobley concentrates on shooting to score. #2 Chris Kimes clears the ball on a "free" kick

baseball, hot dogs, apple pie, and the Warriors!

ALL AMERICAN TEAM

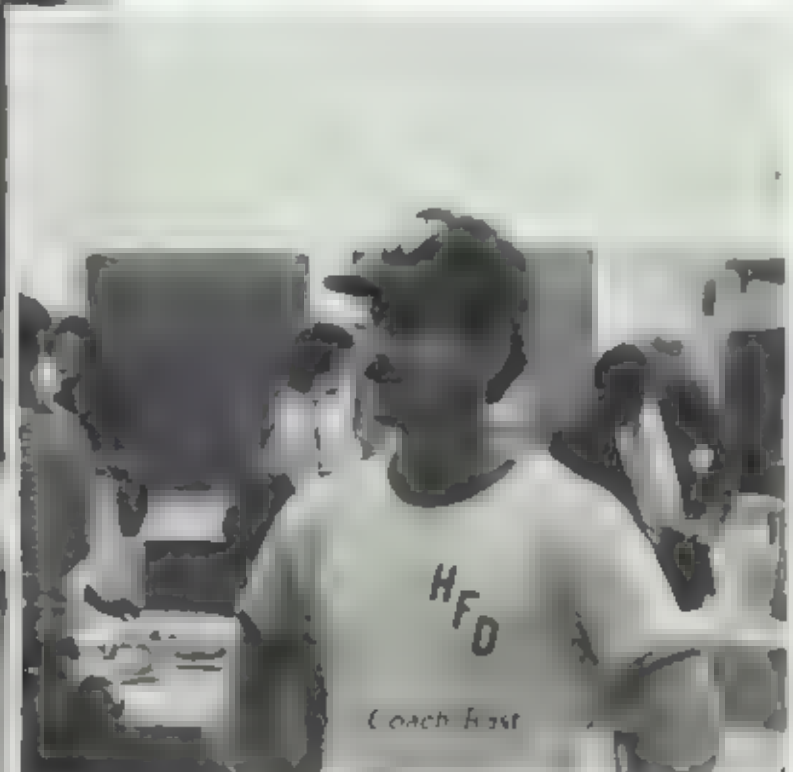

The Warriors had an "all American" baseball team, because the team consisted of a group of ALL AMERICAN BOYS! Although, the Warrior's season had not begun, they practiced hard rain or shine. If it was raining the team practiced in the gym and they turned that place into a danger zone! Balls and bats would be flying and the "all American boys" would be sliding all over the gym floor. Coach Rast (All AMERICAN COACH) was in middle of it all enjoying every minute of it Woodland's "all American boys" were destined to have a successful season

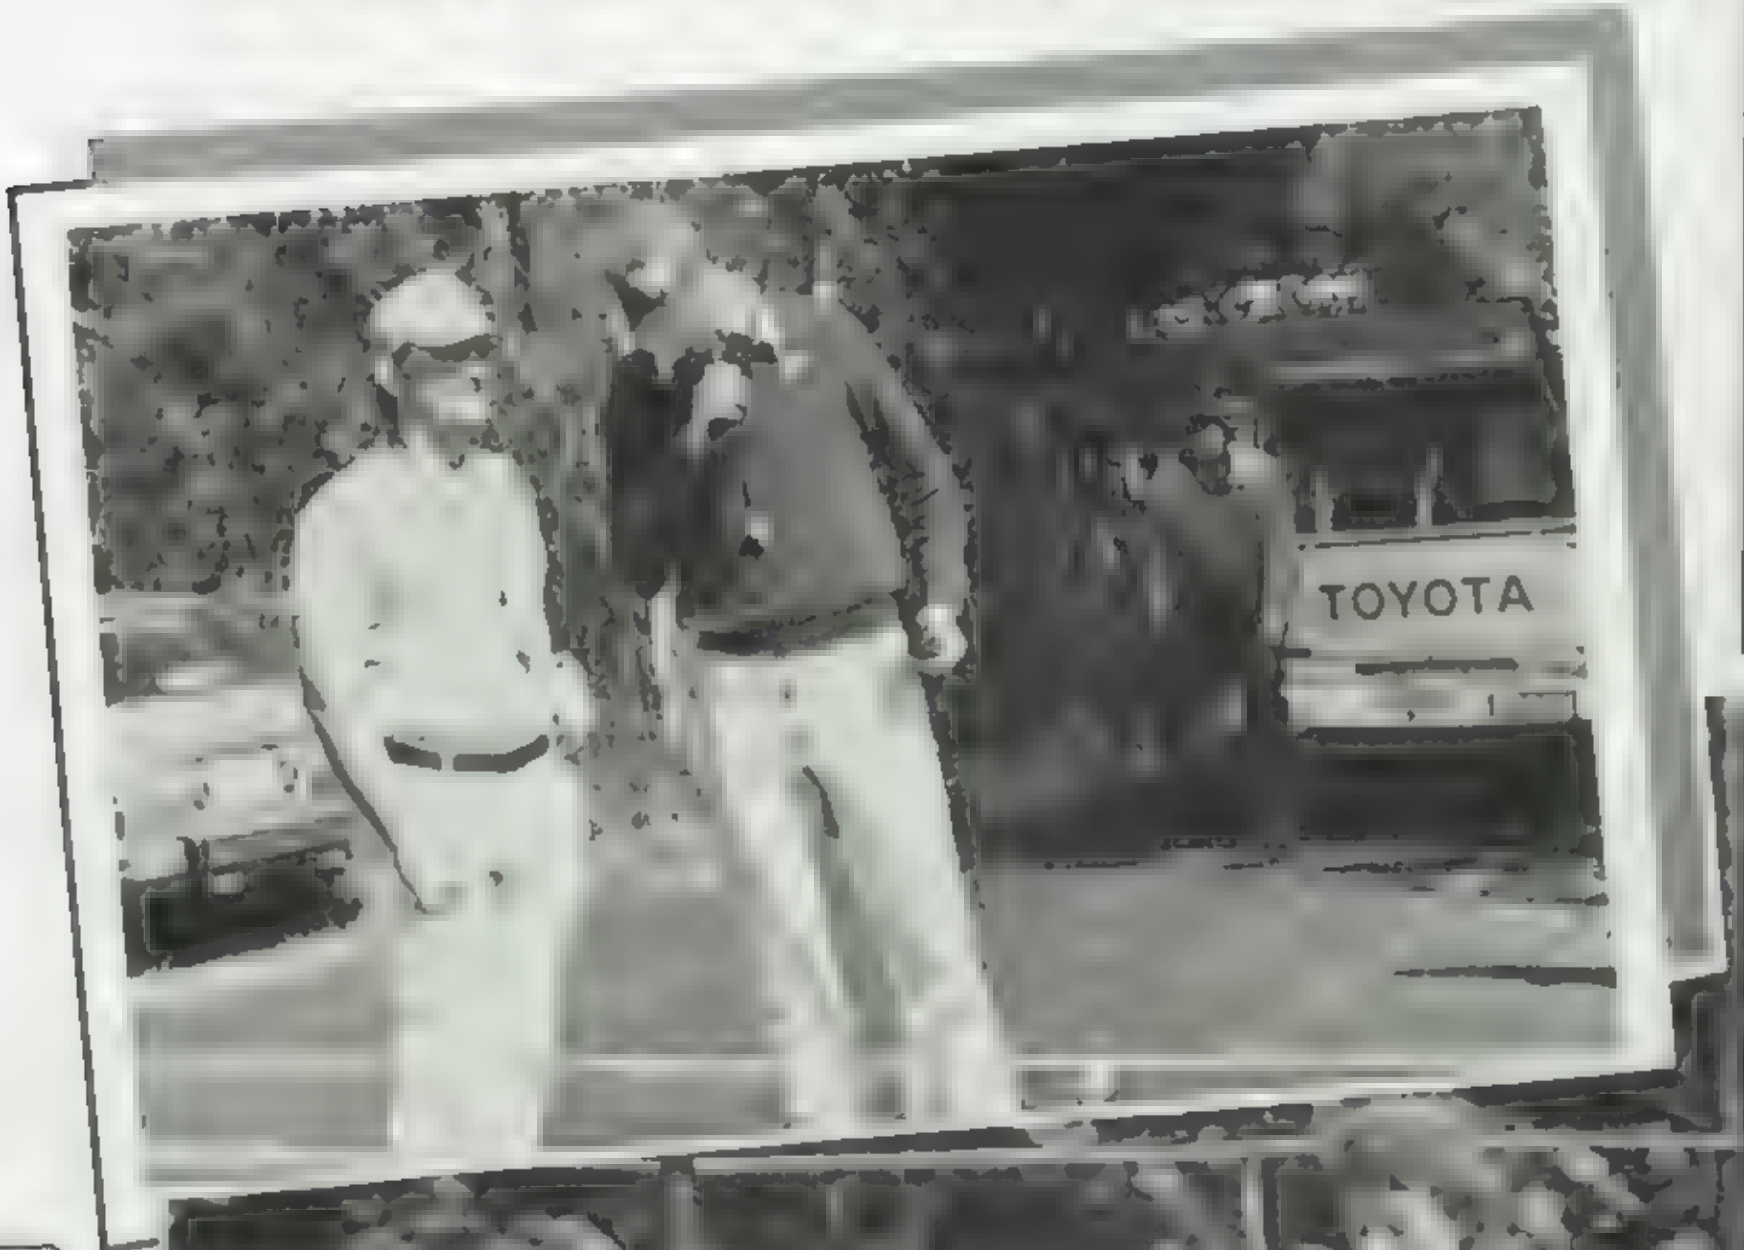

Pg 54 Tim Mardox strengthens his muscles with the medicine ball Pg 55 #1 Eric Spear, Ennis Bynum pumping weight #2 Keith Daniels jumping rope

the push behind the shove

WARRIORS

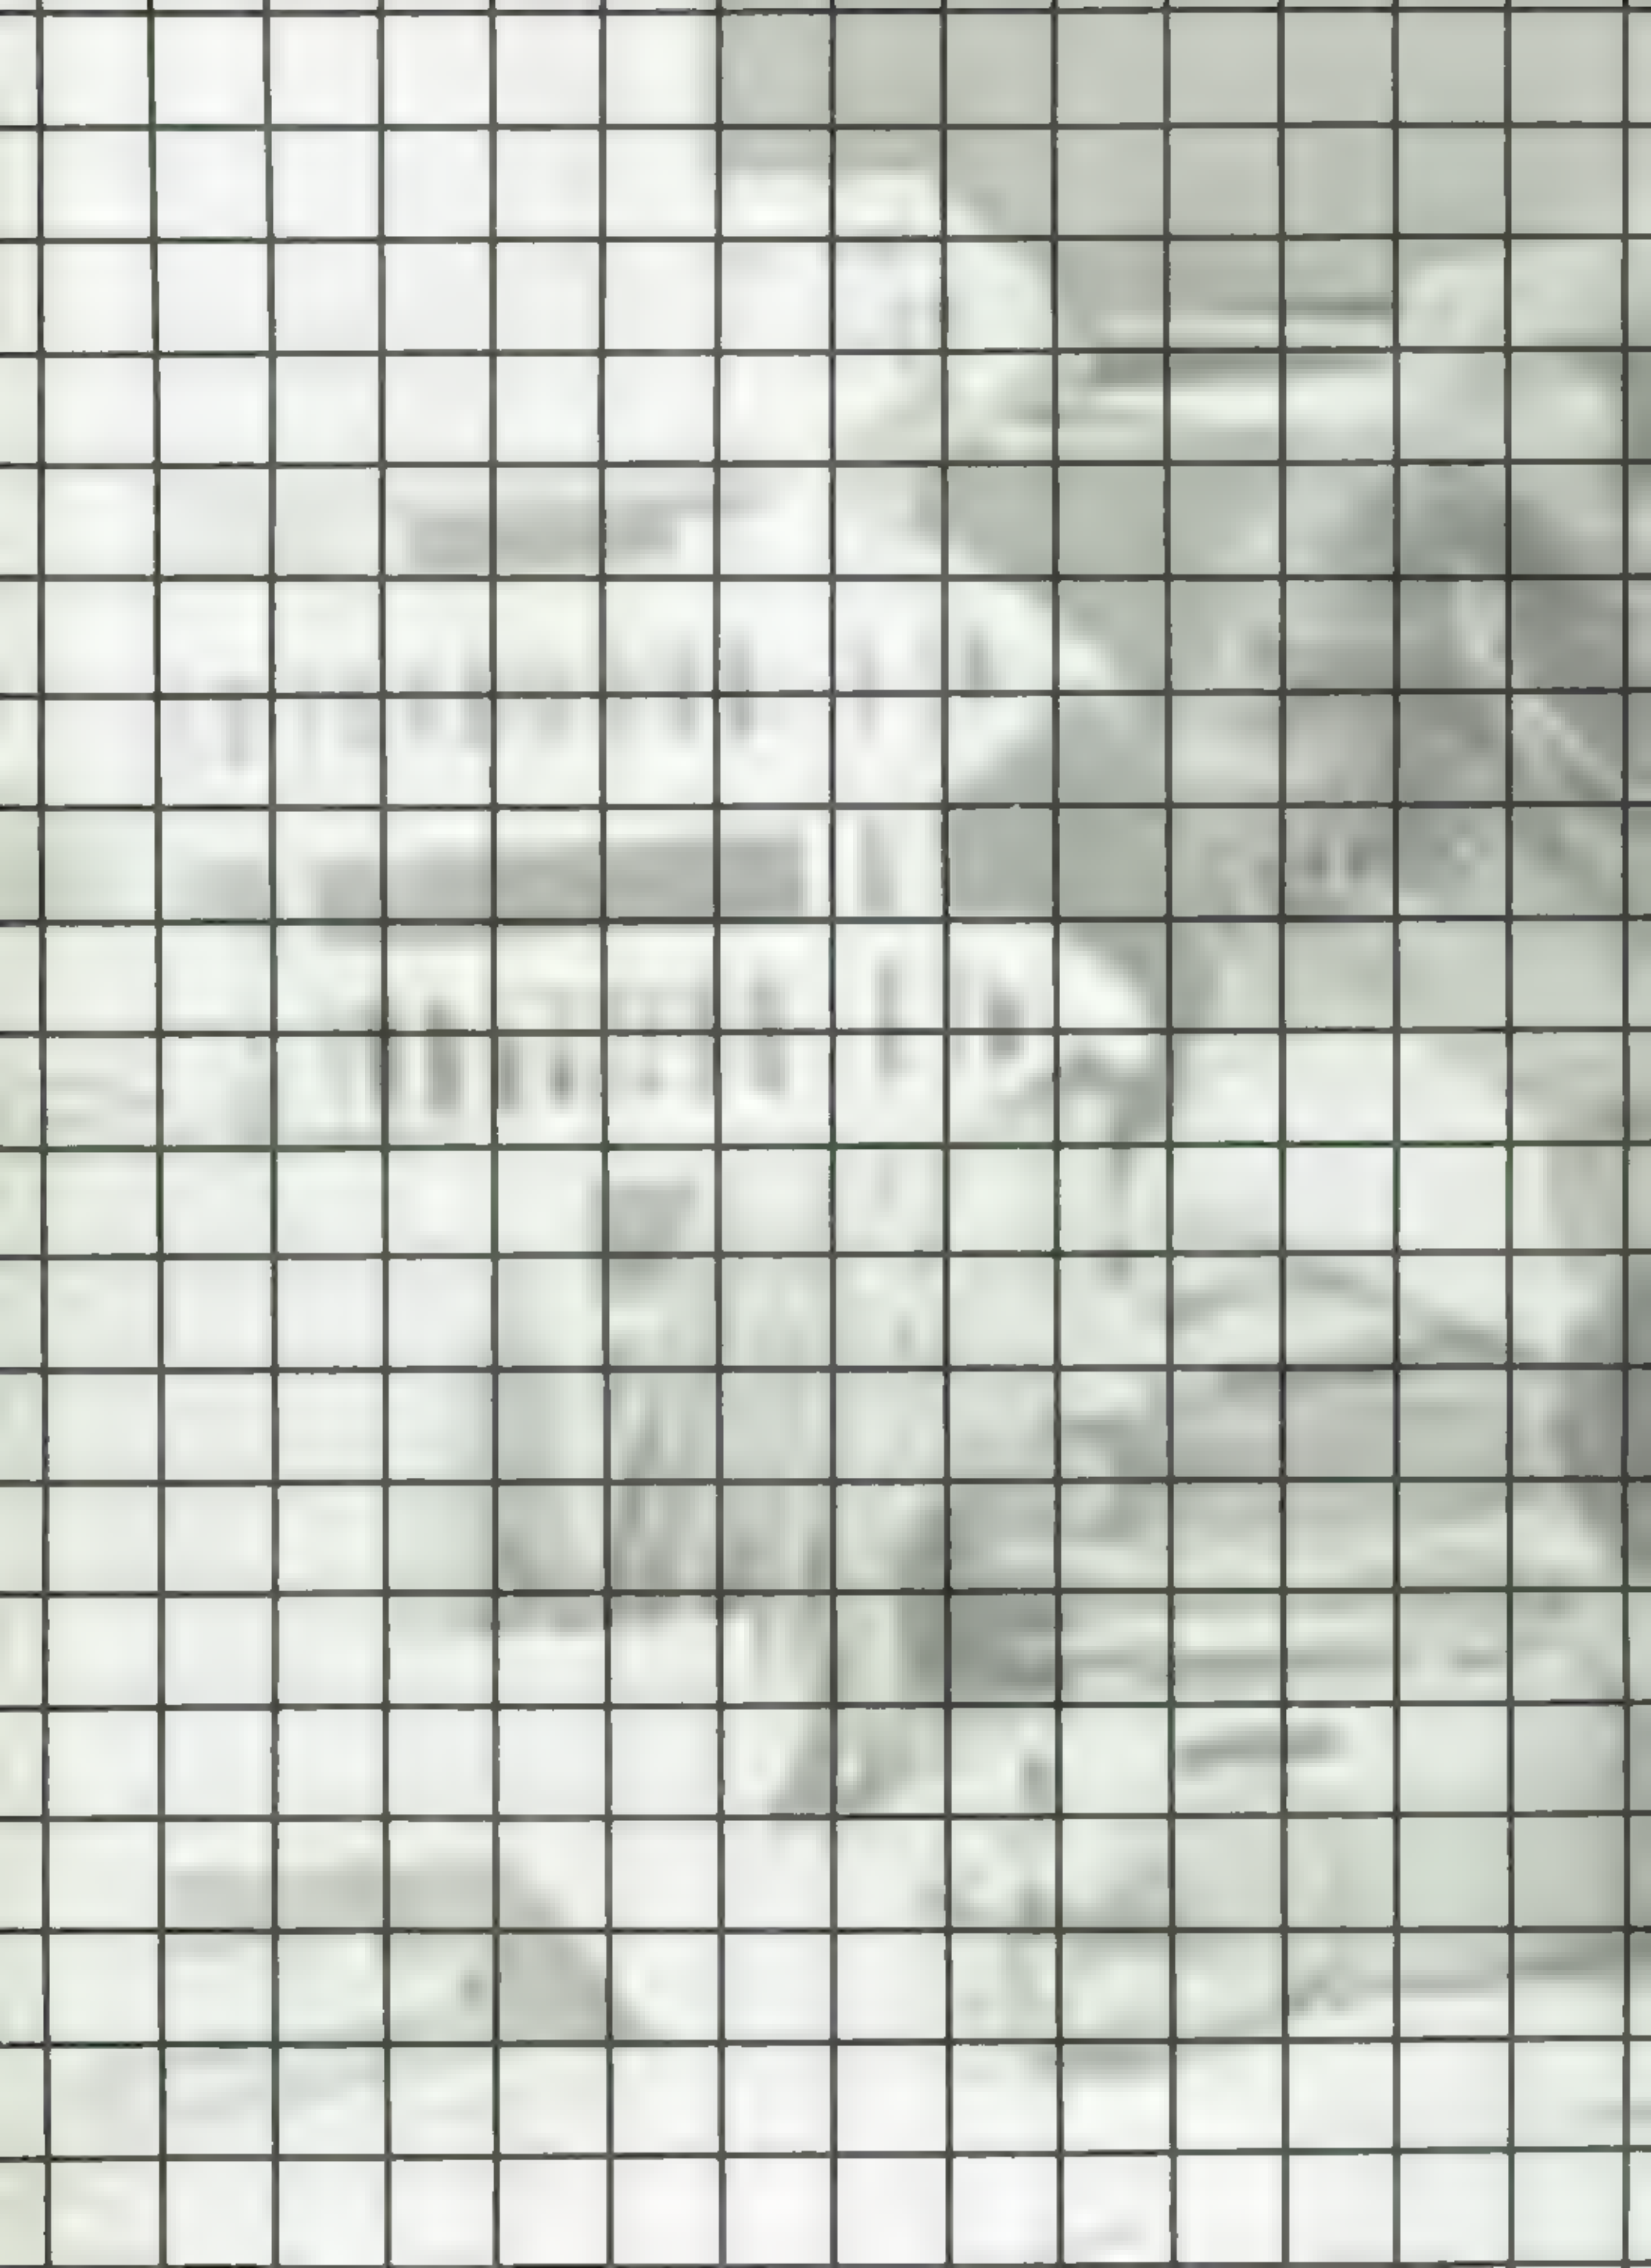

THE HEAD

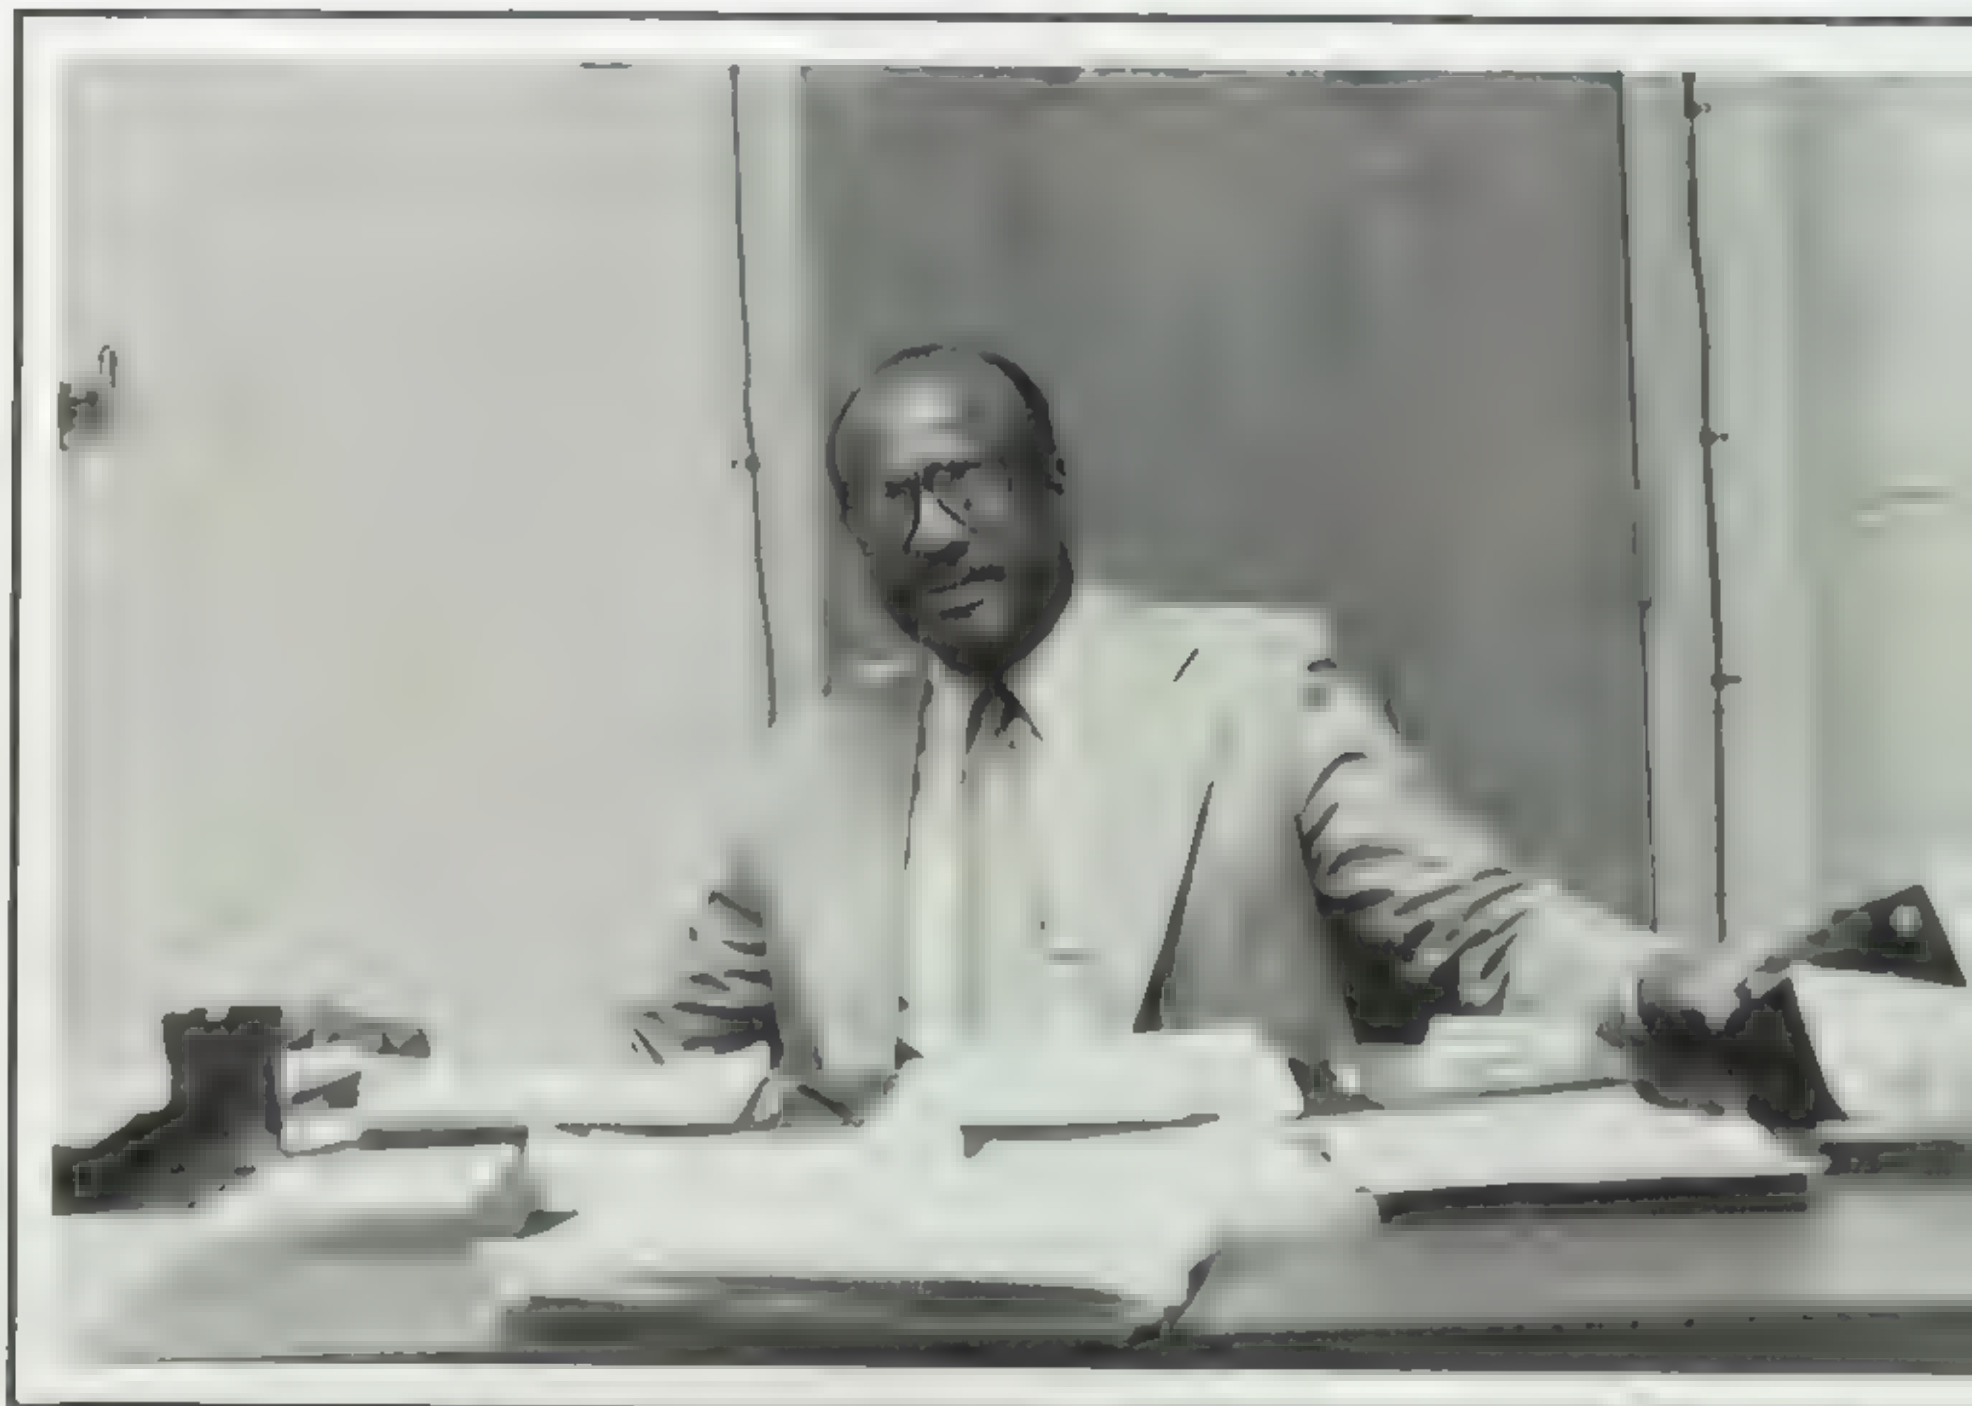

Of course, the Warriors had help in being so successful. They had an excellent staff of supportive, dedicated coaches behind them all the way. The HEAD WARRIORS are an exceptional group of teachers, because not only did they teach classes, but they also took a large chunk out of their personal lives to better our students. Hats off to our coaches!

*pg 56 #1 "Read, on this end!" — Coaches Leath, Hughes, Thornton #2 "Coach Atchison gives a..." pg 57

FACULTY

The Man . . .

Woodland's new principal, Mr. Abrams, is a man of experience, having obtained a Bachelor of Science degree from Morris Brown University, a Master of Science degree from New York University, and a Master's degree in administration and supervision from Georgia State University. After completing his education, he taught science and coached the football and basketball teams at South Fulton High School. Mr. Abrams then accepted the position of Assistant Principal at Russell High, where he remained for nine years. As Woodland's principal, Mr. Abrams has displayed a positive, constructive attitude toward improving every aspect of the school and its students.

The Force Behind The Man!

Ms. Loraine Suder, with thirty-four years of teaching experience behind her, began her career by attaining a Bachelor of Science degree in education with a major in health and physical education and a minor in biology at GSCW. She then completed her master's degree at the University of Georgia with a major in health and administration, and then also obtained a master's degree in education and supervision. Ms. Suder's consistency and dedication to her career has been an influence upon the good reputation that Woodland has developed since its inception three years ago

Mr. Spear has a BA degree in science and administration from Atlanta University. He has been teaching in the Fulton County school system for twenty-six years, and for three of those twenty-six years he has served as an administrative assistant here at Woodland. Mr. Spear has one of the toughest, most thankless jobs in the school — that of the disciplinarian. Giving out detention slips may not earn him brownie points with most students, but it is people like Mr. Spear who maintain the order in the school

The Guiding

Mrs. Elizabeth Summerhill has gained an enormous amount of respect from both students and faculty during her thirty years of counseling. She began her career by attending Emory University, where she earned a BA degree with a major in history; then she went to George Peabody College for Teachers, where she earned her master's degree, and she became a Specialist in Education at the University of Georgia

Counselors are the backbone of any high school that gears its students toward college, and Woodland's dedicated counselors are no exception to the rule. Mrs. Summerhill and Mrs. Smith work very hard keeping college materials up-to-date, helping students to prepare for achievement tests, or just listening to a problem that a student needs to talk about. The counselors are an essential part of this machine that we call Woodland High School, and without them, this machine would not run as smoothly as it does

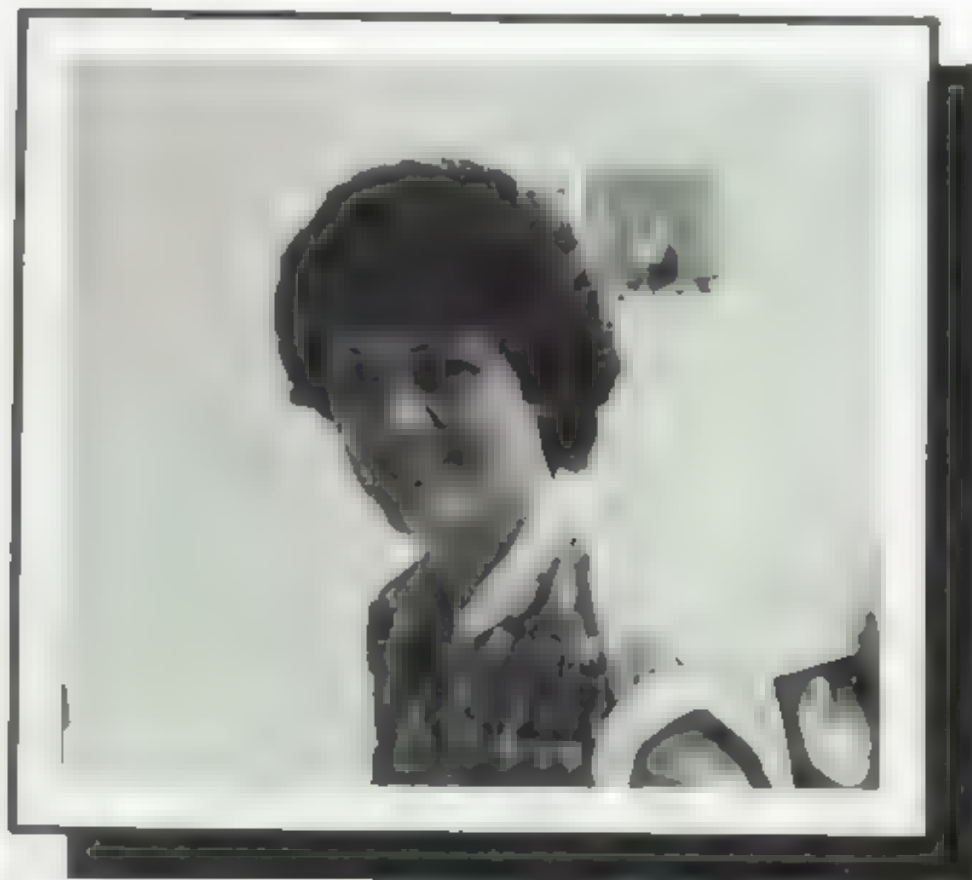

Mrs. Smith has been with Woodland High for two years out of her sixteen-year teaching experience. She obtained a Bachelor of Science degree at Tennessee State University and her Master of Education degree at West Georgia College

Lights . . .

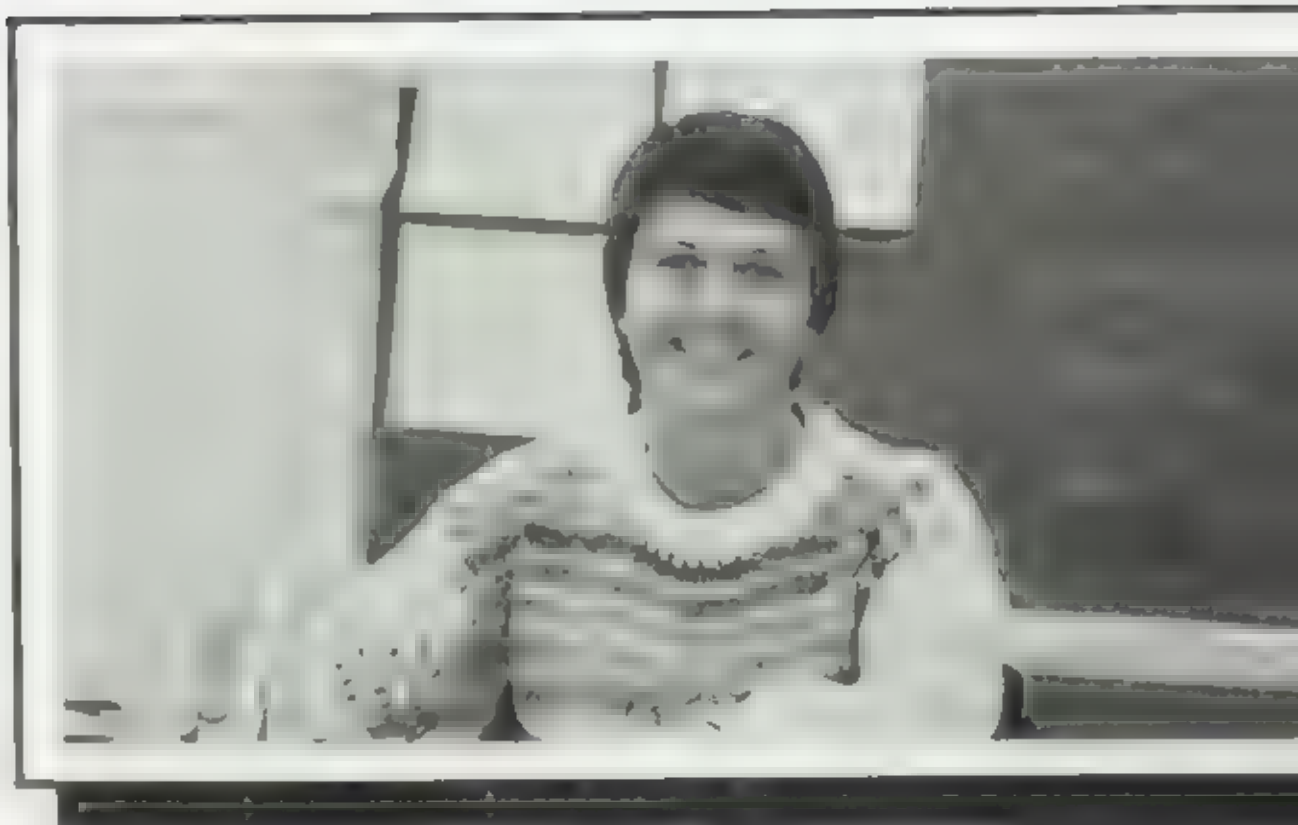

Mrs. Lyle obtained her bachelor of arts degree in sociology and psychology at West Georgia College. Most would agree that her service in the office has been invaluable to the school in general

Mrs. Ferguson performs a vital function for any school, the job of being secretary. A graduate of Draughn's Business College, she has worked in the Fulton County school system for twenty-four years.

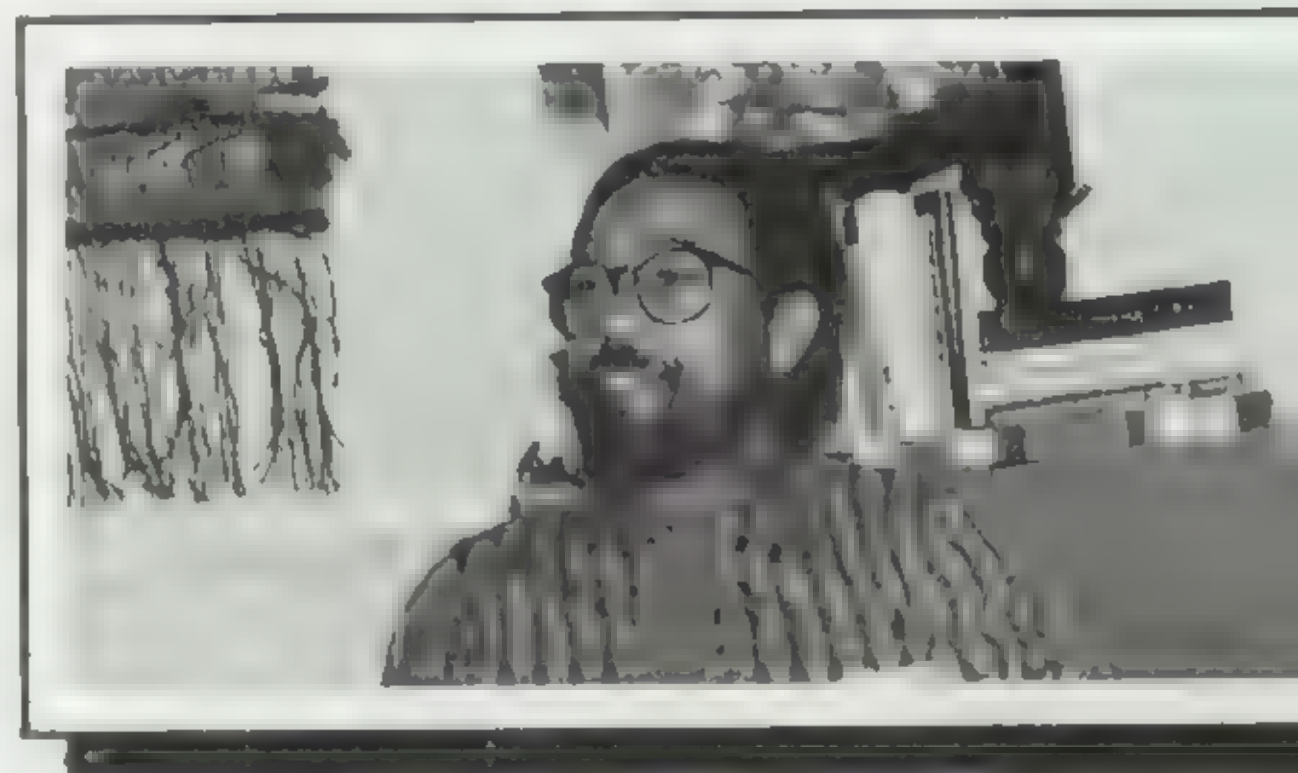

tag ms leopold

Mrs. Marlene Leopold tackled quite a job this year when she agreed to become the new director for the Talented and Gifted program. She previously taught at Northwestern High School in Pennsylvania for fifteen years. Her impressive post-secondary education began when she earned a BS degree in social studies and a MA degree in guidance. She is presently working to achieve her Master's degree in gifted education

art mr. douglas

Mr. Chuck Douglas is a professional artist in printmaking, painting and sculpture. He is also a freelance designer and has won several awards in this area. He has also been a part of four recent art exhibits. He earned his BA degree from Xavier University. Mr. Douglas has now been teaching art for six years

home ec. mrs. paris

Mrs. Joana Michael Paris has been teaching for ten years. She earned her Bachelor of Science degree in home economics education and her Master of Science degree in family and child development from Winthrop College. Her tip for students is: "Make the most of what you have now. This is the best time of your life! Get involved and years from now you will look back and smile."

reading dr. burk

Dr. Barbara J. Burk is a graduate of the University of Missouri. She has a doctorate in education (in reading), a BSE in English education and an Master of Arts degree in English education. She moved here from London England. She believes in, and is a good example of this thought "Hard work is the key ingredient to success."

special ed. ms. cline

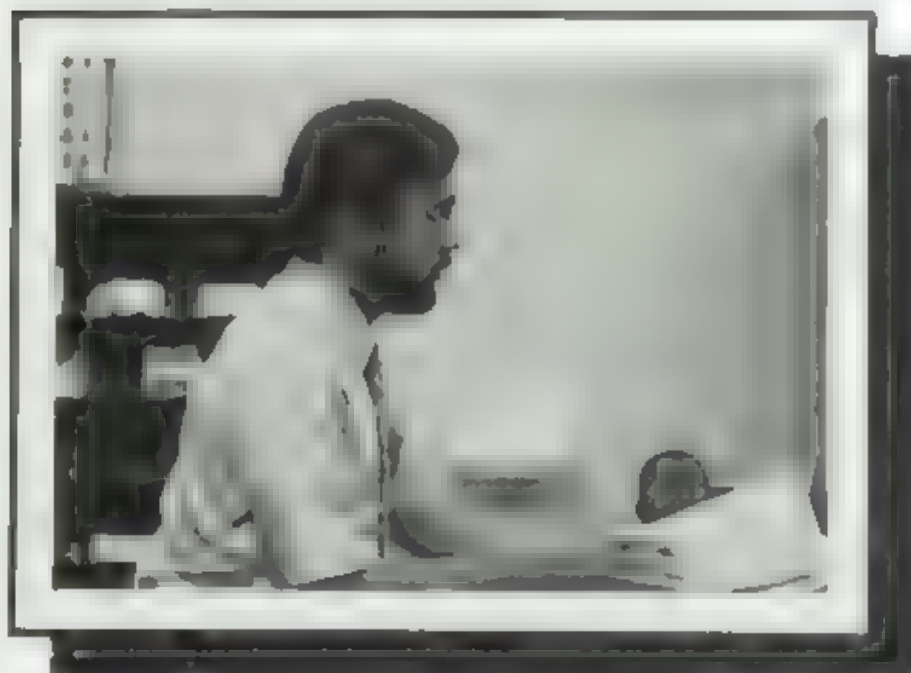

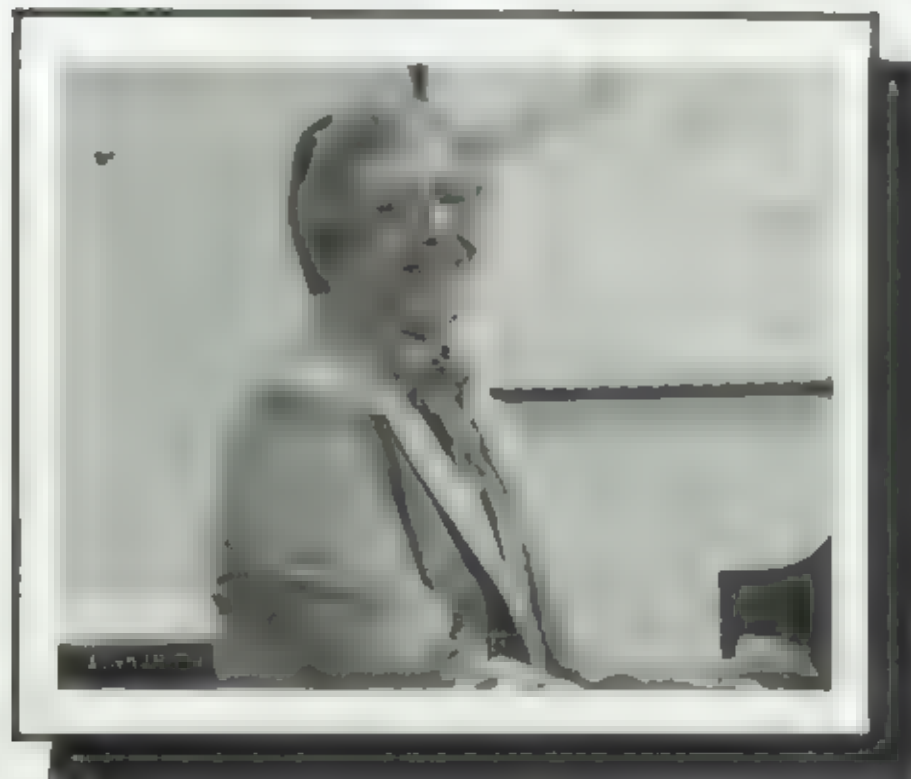

Ms. Lisa Clarke Cline is a resource teacher in special education and has been teaching for five years. She earned her Bachelor of Arts degree from Clemson University in 1980 and also attended Georgia State University

cline's aide ms. thomson

Ms. Lorraine S. Thomson serves as Ms Cline's aide in the special education department. Before she began her present position, she attended business school

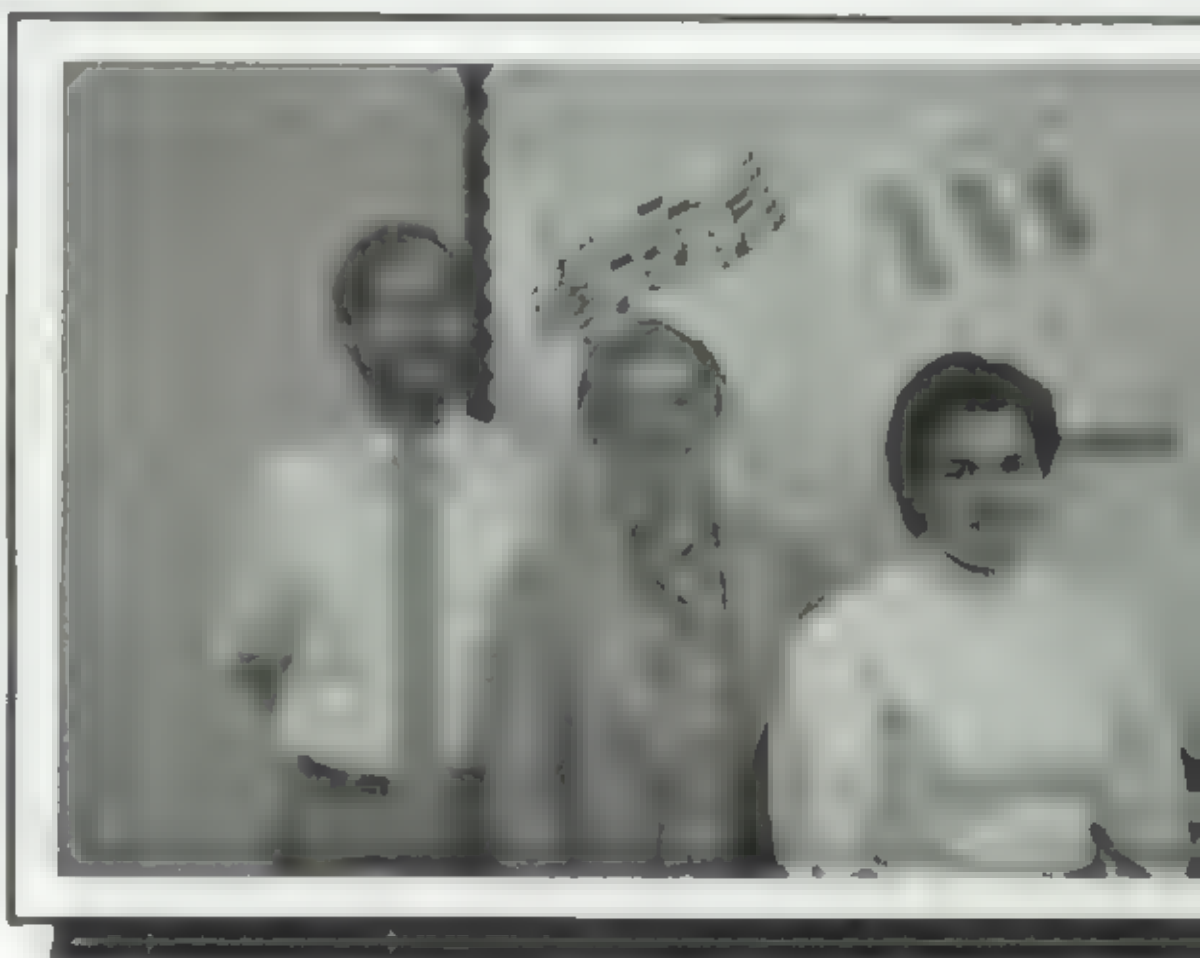

Music Department

Mrs. Dorothy Carter (top left) has twenty years of teaching experience behind her and most of this experience she gained by teaching in Norfolk, Virginia. She earned her Bachelor of Science degree in Music Education from Carson Newman College in Tennessee and also did additional work at Virginia Commonwealth University, the College of William and Mary, and Georgia State University, to name a few. Ms. Carter has enriched many a school and holiday assembly with her lovely voice and the young voices that she has cultivated in chorus and chorale.

Mr. George Henderson has been with the Fulton County school system for two years of the twelve years that he has been teaching music in high school. He earned a Bachelor of Music degree from the University of Georgia and an Associate of Arts degree from Brewton Parker Junior College. Mr. Henderson's involvement with the Homecoming ceremonies, the Martin Luther King, Jr. birthday celebration, and many other assemblies and pep rallies throughout the year, have been invaluable to Woodland's fine reputation.

Ms. Cherniavski plays a vital role in the music department, in that she conducts the orchestra and instructs the violin students.

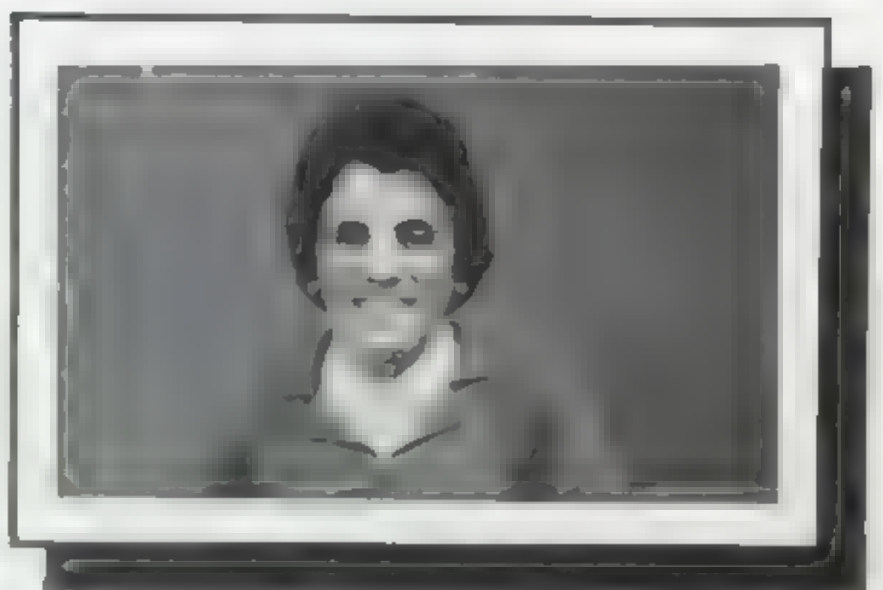

Bonjour, Hola, Salve!!

Ms. Speir teaches both Latin and French here at Woodland. She earned her BA degree in French at Barry University in Miami, Florida and then her Master of Arts in Teaching degree in French at Georgia State University. During her twenty years of teaching, Ms. Speir has managed to keep many sleepy students awake and truly interested in other languages and cultures

Ms. Morris teaches Spanish and French. She earned her BA degree at Rutgers College of Rutgers University and her MA degree at Georgia State University

Spanish being Mrs. Perez-Velasco's native language, she obviously has an extensive background in and feel for the language. She earned her BA degree at the Normal School for Teachers in Havana, Cuba, where she taught for fifteen years. She has also attended the Pedagogy University of Havana, Georgia State University, and Georgia Tech. Mrs. Perez-Velasco has been teaching in the United States for twenty years now

Vocational John Prince

Mr. Prince manages the vocational education department here at Woodland. The DCT program not only provides many students with invaluable job experience but it allows them to explore an interest or aptitude that they possess and determine whether or not they wish to pursue it further. Mr. Prince attended the University of Wyoming and earned his bachelor's and master's degrees at the University of Georgia. Since he graduated, he has taught school for about eighteen years.

Wood Shop Dennis Leath

Mr. Dennis Michael Leath, Woodland's industrial arts instructor, has been teaching for thirteen years. He earned his Bachelor of Science in Education degree at the University of Georgia and is presently working to obtain his master's degree from Georgia State University. Coach Leath's advice to students is very wise to heed: "Study and work hard during your high school years, but enjoy them also, because once they are gone — you'll wish you had them back."

Business Department

Mrs. Carylon Brown has done an excellent job as department head of the business department this year. She earned her BS from Hampton Institute. She then earned her master's degree in education from West Georgia College. She has done further study at Atlanta University and has been a great help to the business department this year.

Ms. Mary Ann S. Tibbs (left) earned her master's from Georgia State University. She did some graduate work at the University of the Philippines. She also attended Alabama A & M. This was her tenth year of teaching in Fulton County.

Ms. Joyce D. Lockwood (right) has six years of teaching experience. She earned her Bachelor of Science from West Georgia College. She believes that if you develop a positive attitude toward learning, it will guide you throughout your life.

Mrs. Delaney primarily teaches such classes as biology and human physiology. She has taught for six years. Before that, she attended Morris Brown College, where she earned her BA degree and at the Atlanta University, where she acquired her Master's degree

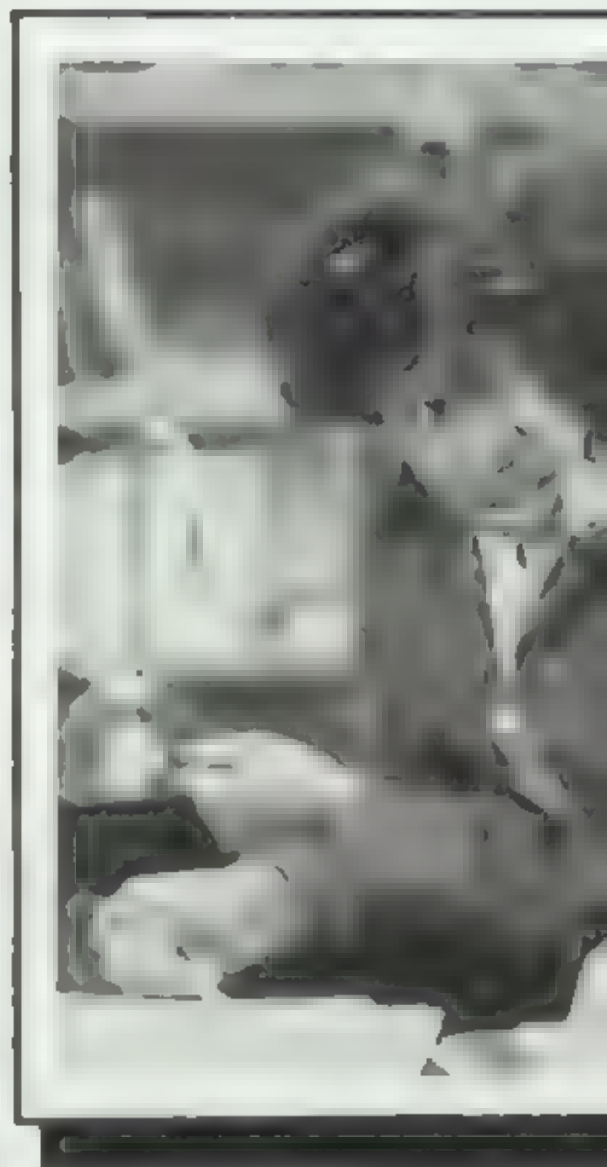

Mrs. Karen Gold teaches quite a drastic range of students, both in age and advancement. She earned her BA in English Literature at Beloit College in Wisconsin. She then attended Georgia Tech., where she earned her Master's degree in geophysical science. Although this is her first year teaching high school, she previously taught labs as a graduate student at Georgia Tech

Ms. Clyatt, although never having undergone any formal training, has worked in the media center for several years

Science

Library

Dept.

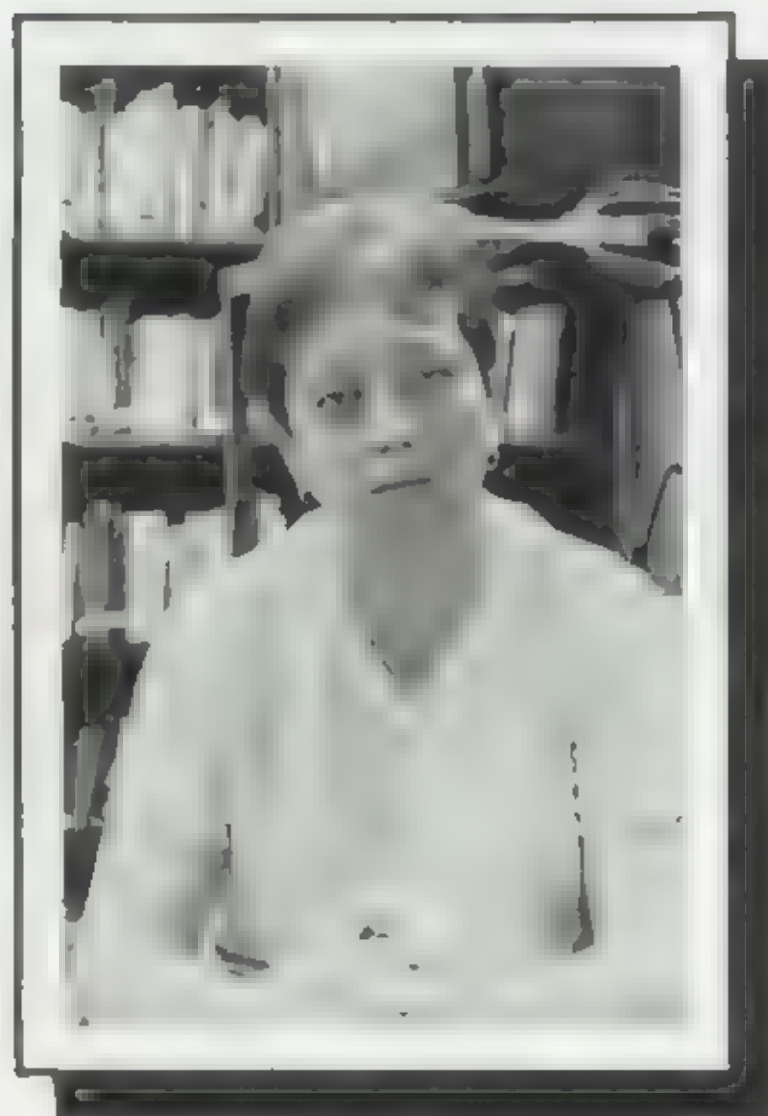

Mr. Frank Coleman, who has been teaching for one year, earned his BS degree at Emory University and completed his graduate work at Georgia State University

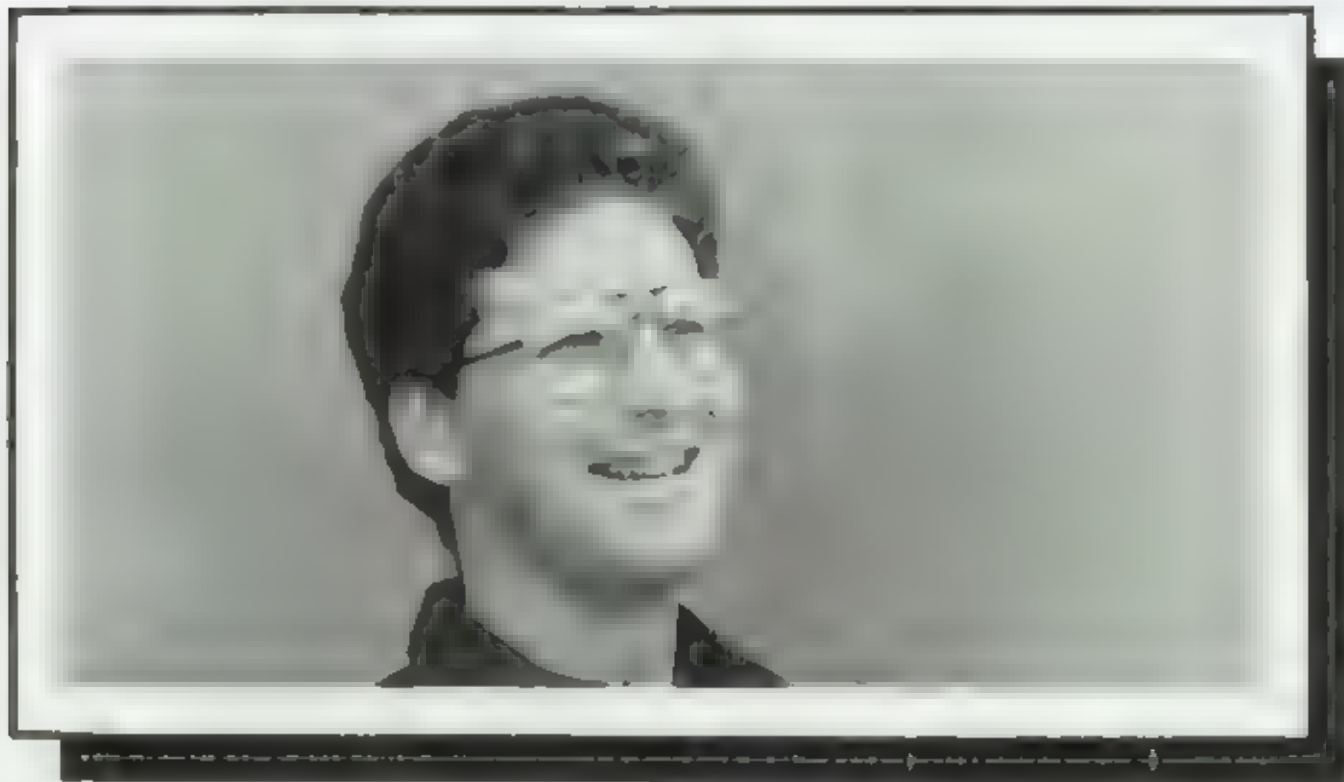

Ms. Shirley Steuart, with eighteen years of teaching experience, began her career when she earned her BA in chemistry at Georgia State University. She also attended George Peabody College and Atlanta University where she earned her master's in education

Dept.

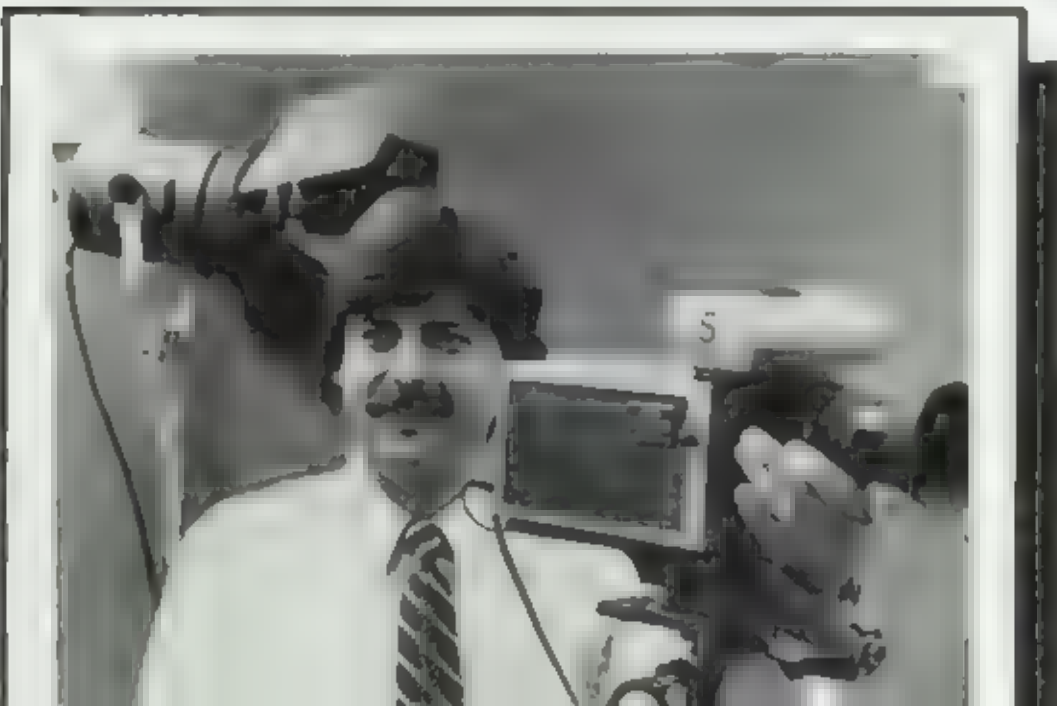

Ms. Frances Nides heads up the other half of the library staff. Her dedication and eagerness to aid students makes it a pleasure to use Woodland's media resources. She earned both her bachelor's and master's degree at the University of Tennessee

English Dept.

Mr. Henry Curtis Rast (top) has a Bachelor of Arts degree in English which he earned from the University of the South. He earned his Master of Arts in Teaching at Georgia State University. He has been teaching for almost ten years now and students have certainly enjoyed having him as a teacher. His advice to students is, "Don't bite on the dogs!"

Mrs. Martha Sanders Kimes (middle left) earned her Bachelor of Arts degree at the University of Mississippi. She earned her Master's in Education at Georgia State University. She teaches one of the first English courses a student must take in high school — a good way to start.

Mr. R.H. Peterson (left) primarily teaches the sophomore English classes. Previous to becoming a teacher, Mr. Peterson attended Florida State University and earned his degrees at the University of North Carolina.

Ms. Francis Padgett has donated both her enthusiasm and expertise to the job of being head of the English department. Her willingness to aid students in becoming more mature and independent adults has earned her much respect and gratitude. Before Ms. Padgett began her lengthy teaching career, she underwent a great deal of formal education. She earned her Bachelor of Arts degree at the University of Michigan, and became an education specialist at Georgia State University

Ms. Carolyn C. Lisbon earned her Bachelor of Arts degree at Morris Brown College and has since acquired ten years of teaching experience

Mrs. Edna A. Lisbon, who always strives to improve herself and her teaching techniques, earned her Bachelor of Science degree at Morris Brown College and her Master Of Science degree at Wayne State University. She is presently in the Ed.S. program at Georgia State University. Mrs. Lisbon enjoys jogging, writing poetry, and trying out new ideas in her classroom

They Added, Subtracted And Divided

Mrs. Deborah Carter's dedication to her new position as department head has made the math department quite a success this year. She earned her BA degree from West Georgia College and her MAT from Georgia State University. Her, perhaps, most admirable achievement has been her sixteen years of outstanding, quality teaching experience

Mr. Salvakumar Newton (upper left) has been teaching for twelve years. He has completed his master's degree in mathematics and is currently teaching the basic forms of algebra.

Their Way Into Our Lives . . .

Ms. Brenda Shelby (upper right) attended Goshen College, where she earned her BA degree. She also attended Atlanta University and Georgia State University. She has nineteen years of experience and teaches geometry and Calculus

Ms. Peggy Lowry (middle right) attended Samford University and earned her BA degree with a major in math at Georgia State University. She teaches primarily geometry and higher forms of algebra and has seventeen years of teaching experience

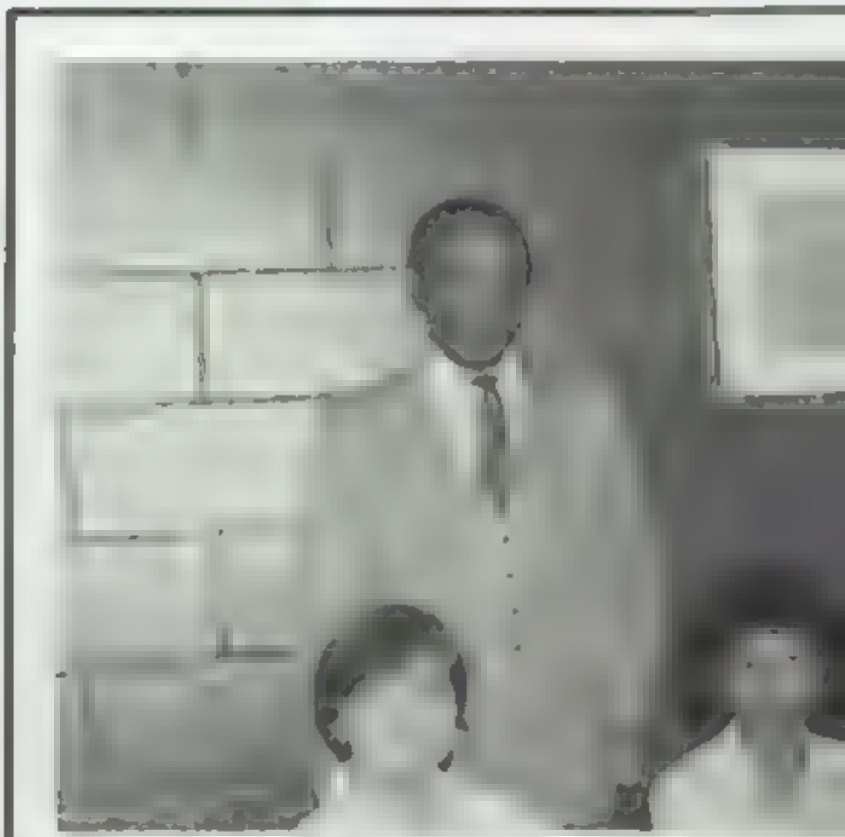

Ms. Emma Peasant (lower right) has five years of teaching experience in math. She pursued her education at Fort Valley State College, Georgia State University, and Eastern Michigan University

Social Studies

Mrs. Judith Presley has had nearly twelve years of teaching experience at Lakeshore High School, College Park High School, and now, Woodland High School. She earned her Bachelor of Science and her Master's in Education degrees at Auburn University. This year she also served as the advisor for the Senior Academic Bowl Team. Inside the classroom and out, Mrs. Presley has a piece of good advice for us all: "Be lazy. Do things right the first time!"

Ms. Barbara Rachels earned her Bachelor of Arts degree in social studies from Tift College and her Master of Arts degree in history from West Georgia College. Ms. Rachels is probably best known for the original and interesting way in which she teaches World History. Her enthusiasm for teaching makes learning an ordinarily dull subject enjoyable.

Mr. Jeffrey Earl Hughes earned an Associate of Arts degree in history from Brewton Parker College and a Bachelor of Science in education from Georgia Southern College. Mr. Hughes served as the head coach of the B-Team Football team for the 1984-85 season.

Ms. Delores Jordan earned her Bachelor of Science degree at the University of Virginia and is presently working to attain her master's degree at Georgia State University. Mrs. Jordan, in addition to her duties as department head, also served as the advisor for the Junior Beta Club this year. Of her ten years of teaching experience, nine of these have been with Fulton County

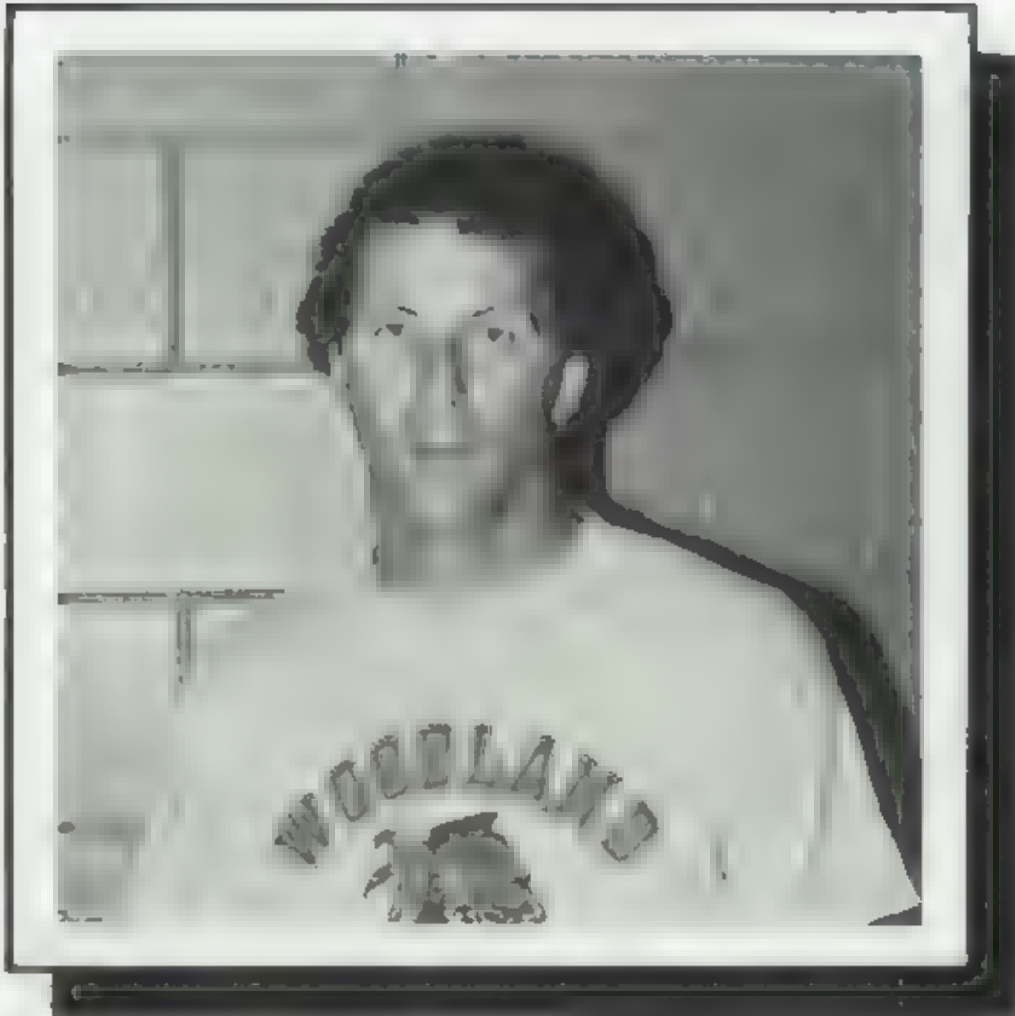

Mr. James Edward Little has been teaching for thirty years. This year, he served as the coach for the 1984-85 Wrestling team. Although Coach Little instilled within the Wrestling team a fierce desire for competition, he asks only that they "be the best they can, every day." This is a fine goal for us all to try daily to attain

Mr. Homer Thornton is a long-time employee of the Fulton County school system, having taught in it for twenty-three years. He received his Bachelor of Arts degree from Morris Brown University. This year, Mr. Thornton served as the 1984-85 coach for the cross country team and the girls track team

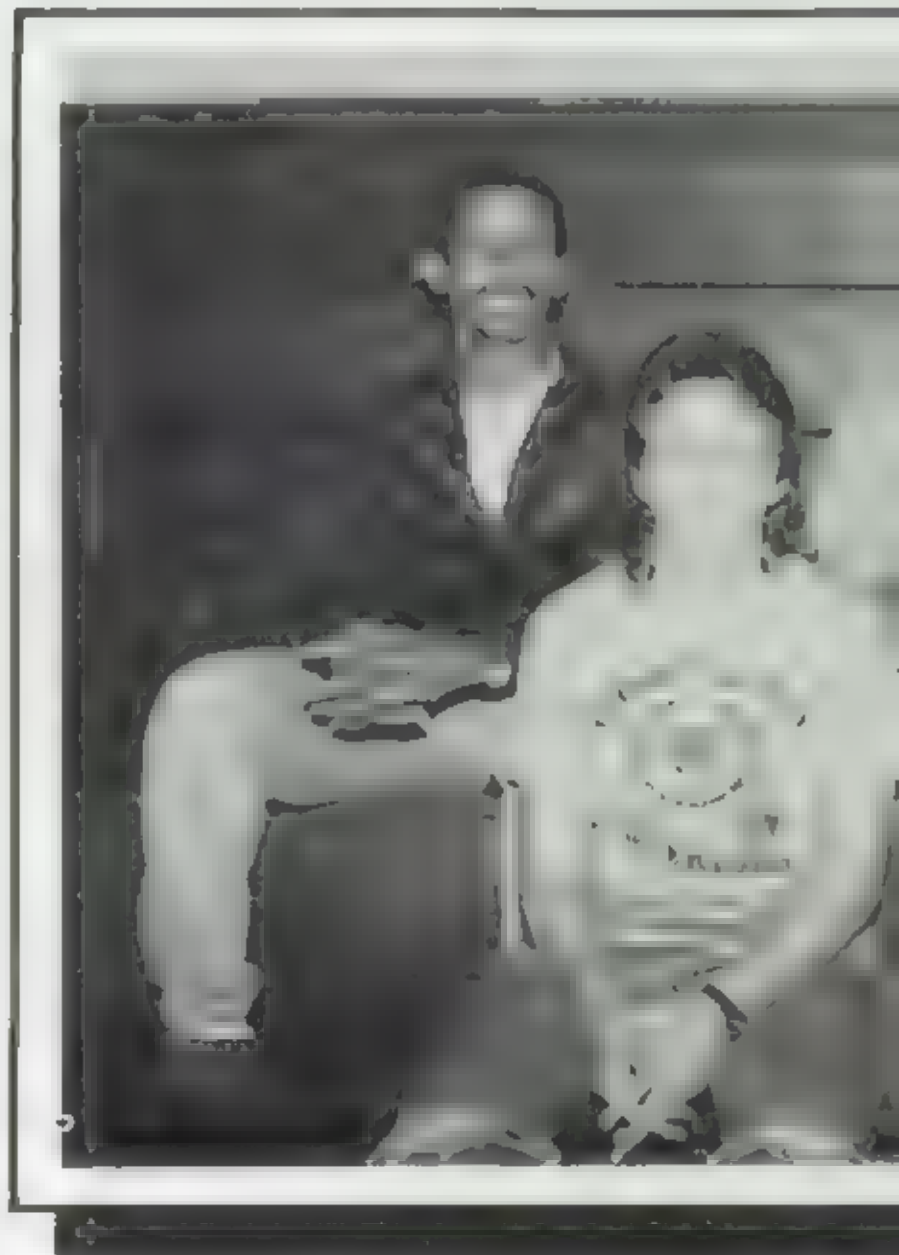

Ready . . .

Ms. Margaret Peebles has been teaching physical education for fourteen years. She began her education by studying physical education at Ga. College and went on to earn her MA degree in physical education at Georgia State University

Coach Robert Gatlin (upper left) coached the varsity football team through their exciting 1984 season. Before he began teaching fourteen years ago, he earned his BS in physical education at Middle Tennessee State University and was a PE major at Jacksonville State University

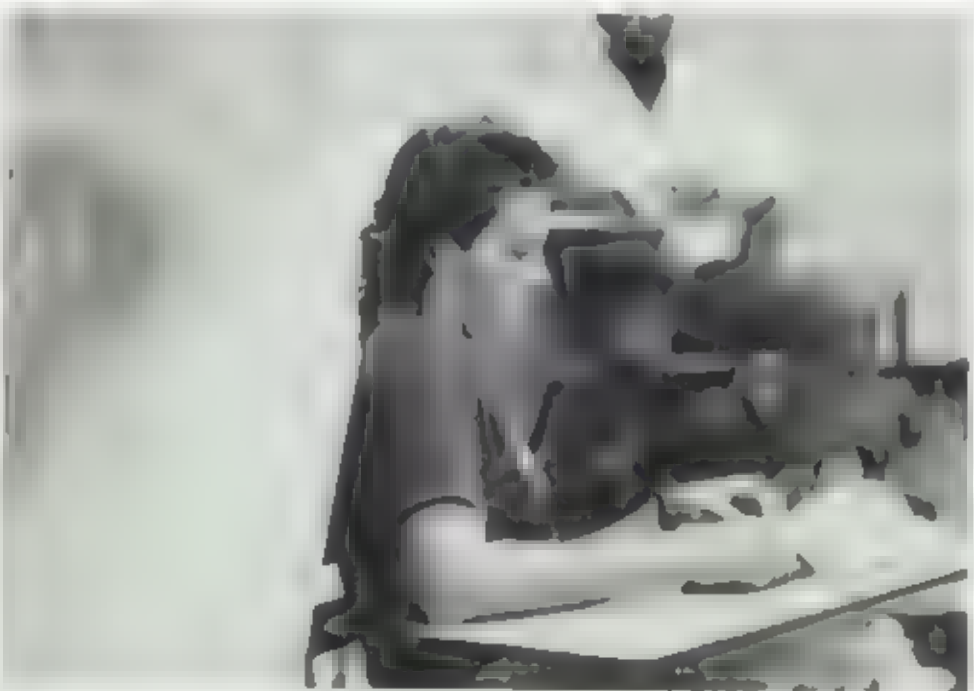

Exercise!!

Coach Bobby Martin (upper right) teaches physical education, but is better known for teaching Driver's education. He has a Bachelor of Science degree, in addition to his eighteen years of teaching experience

Emily Atchison (middle right) teaches the personal safety classes in addition to her duties 1984-85 as assistant varsity football coach and head girl's varsity basketball coach. Her seven years of teaching and coaching have made her the obvious choice as athletic trainer for all of the high school sports

Coach Dwight Stokes (bottom right) attended Lane College in Jackson, Tenn. He has been teaching for 15 years

"Aim high, set realistic goals and work daily to achieve them"

FROM LILLIE L. SUDER: Dear Student

What I would like to share with you and pass along to you is not a tip in the true sense of the word nor is it original with me. Rather, it is a quotation that made a great impression on me when I studied Shakespeare in high school. Since that time it has served as a basis for me when I have planned goals, have undertaken new endeavors, have made decisions, and has always helped me to be sure that I take the other person into consideration.

*"This above all, to thine own self be true,
And it must follow, as the night the day,
Thou canst not then be false to any man."*

William Shakespeare

MERHILL:
"Kindness is that
oil that takes fric-
tion out of life"
To succeed, re-
member: "One
must hit the
ground running."

Deborah E. Carter (left)

FROM BARBARA J. BURK I am a very strict teacher when it comes to tardies. When I was a senior in high school, I got in trouble for lingering in the halls with my boyfriend until the last possible moment where I excelled in making those moments last, as I gingerly tripped in over the threshold of the classroom door just in time, accompanied by a dramatic "B r r-r r-r-n g!!"

The harshness of realism did put an end to my precious fantasy when I was sent to the office for "consistent tardiness" Shocked and humiliated by such a travesty, I, the "A" student, was greeted there by my French teacher who was passing through To her "What are you doing here?" I responded with a shameful shrug As a result of this early learning experience, I tend to be intolerant of tardiness and show no mercy to students who are "consistently tardy"!

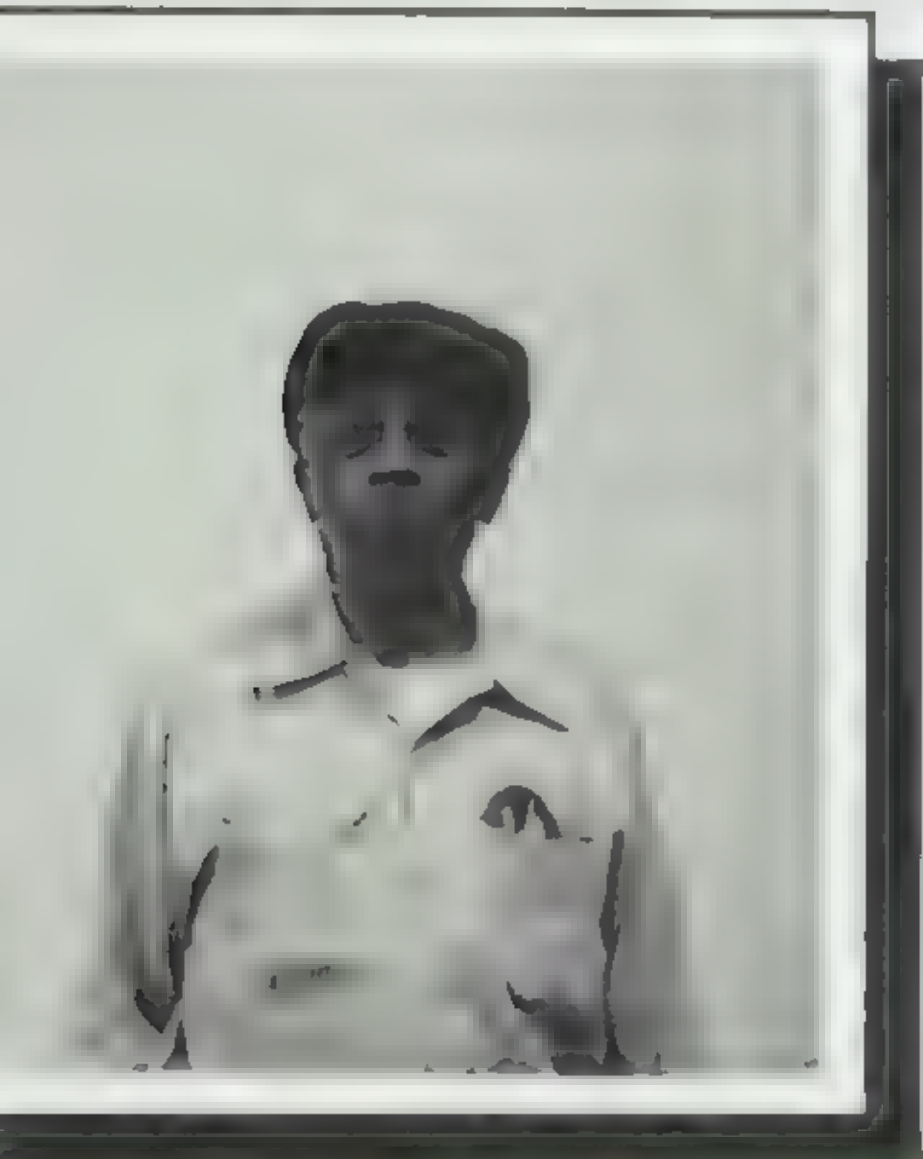

FROM MARTHA SANDRES KIMES One experience that I had that was interesting is that I was feature editor of my high school annual. Because I wanted that section to be spectacular, I insisted that the pictures be taken everywhere. Thus the photographer and I were running all over town, placing the "cutest" in front of a mirror in the local hotel and the "best dressed" inside the local department store. The problem was I almost ran out of creative locations, and the photographer was ready to kill me!

Cafeteria Staff

When students come to school each day, the first thing that they want to know usually isn't "what's for lunch today?" However, nobody should forget that staff of devoted perfectionists, headed by Mrs. Arnold, (right) who starts work before any students arrive in the morning and work long after the lunch crowd subsides to insure that both students and faculty receive the nourishment that they need to make it through the day. Despite this, most people do not realize all of the time and effort that is put forth by the cafeteria staff just to provide Woodland with a healthy variety of food every day

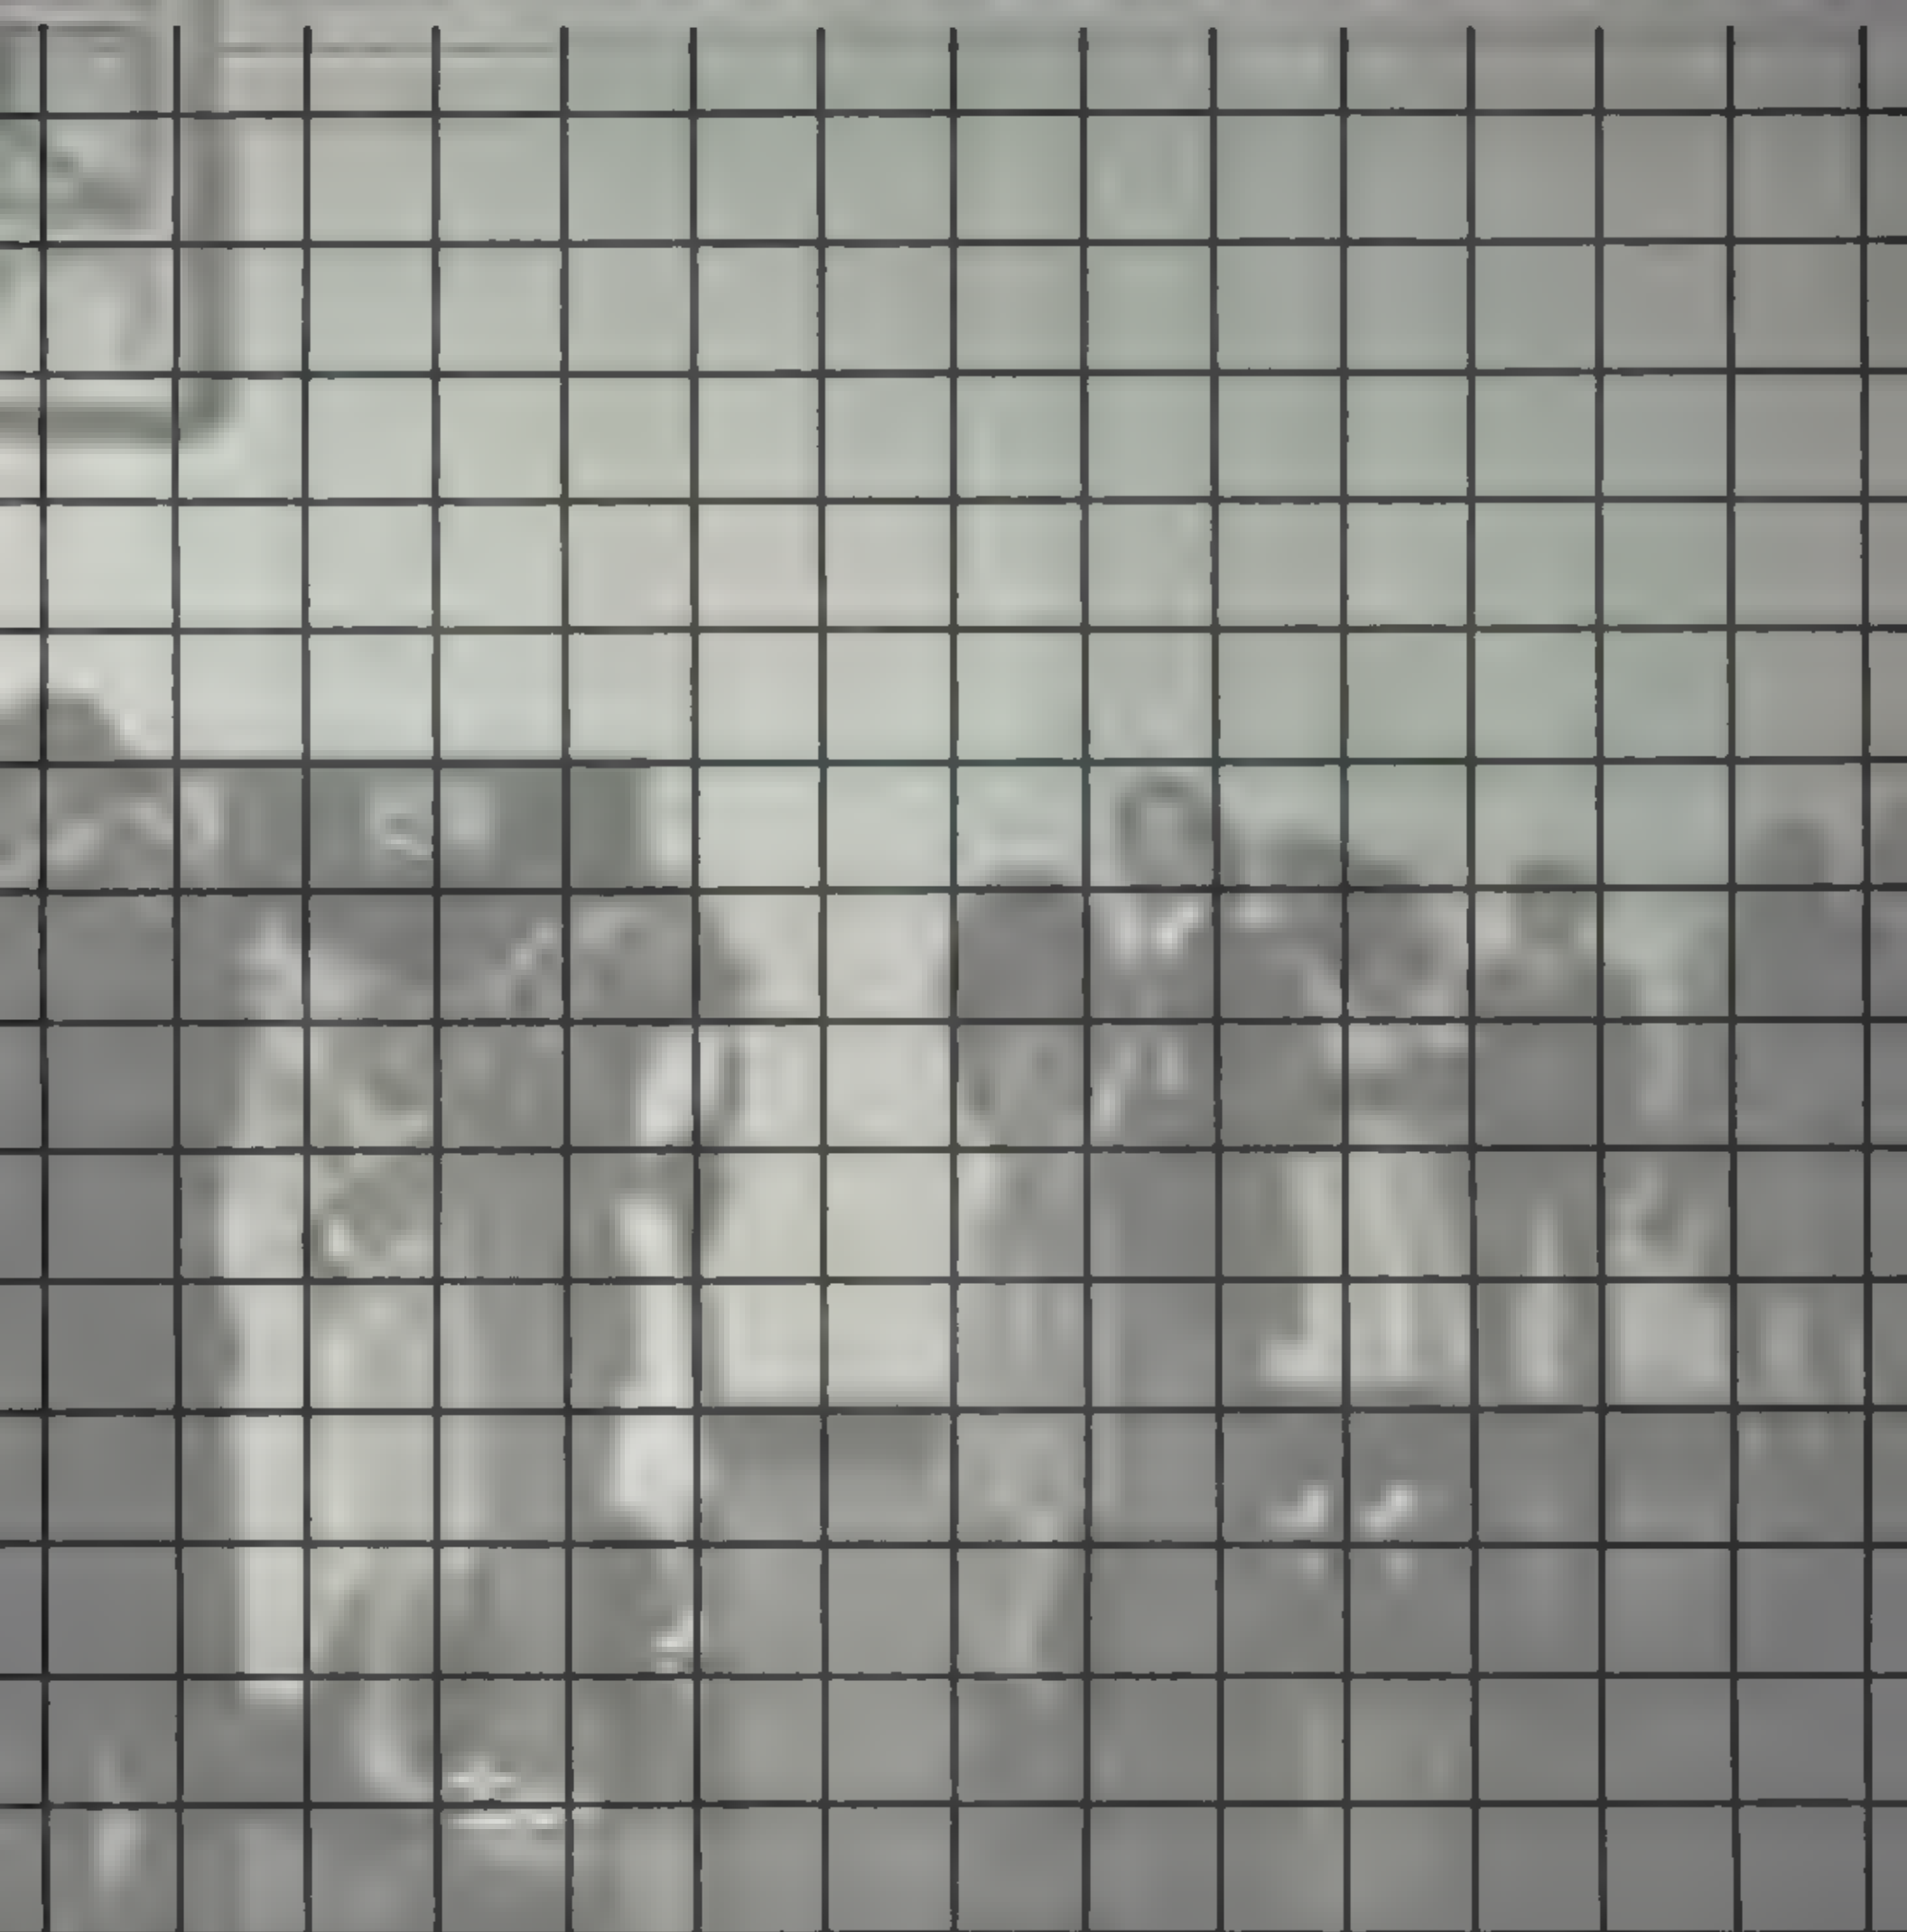

Custodial Staff

Do you ever wonder who is responsible for keeping Woodland such a neat, clean, respectable school? Well, the people who so diligently insure that the candy wrappers and crumpled up notes thrown down between classes and during locker clean-outs are disposed of properly are our very own janitorial staff, headed up by Styles (left). The janitors' work is never done, for they must work their hardest when everyone else is vacationing, in the summer and during holiday breaks. Let us never take them for granted!

INTERLUDE '85 was Woodland's first annual fashion show. The Art Department headed by Chuck Douglas offered the class "Fashion Design 403." Many students consisting of those who planned to make fashion their careers and those who simply liked fashions took advantage of the course. The students designed many of the outfits worn in the show, and they also designed the set March 15, 1985 at 9:30 A.M., the gym lit up with spot lights and camera flashes. The show consisted of six scenes opening with sleepwear and closing with casual wear. The students clapped and cheered from the beginning until the end. Interlude '85 was a great success!!

Freshmen Representatives

— Ms. Roshanda Sherman was chosen to represent the freshmen class in the Homecoming ceremonies, having been a homeroom representative for her class in the Student Council

Ms. Carmen Luttery also represented the freshmen class. She has demonstrated her school spirit by being a B-Team cheerleader, a member of the Warrior's school band and honor band, and a member of the Junior Beta Club and French Club

— Ms. Carla Owens has made her contribution both to her class and to her school by being the President of the Sophomore Class, a member of the drill team, and a manager for the basketball team

Sophomore Representatives

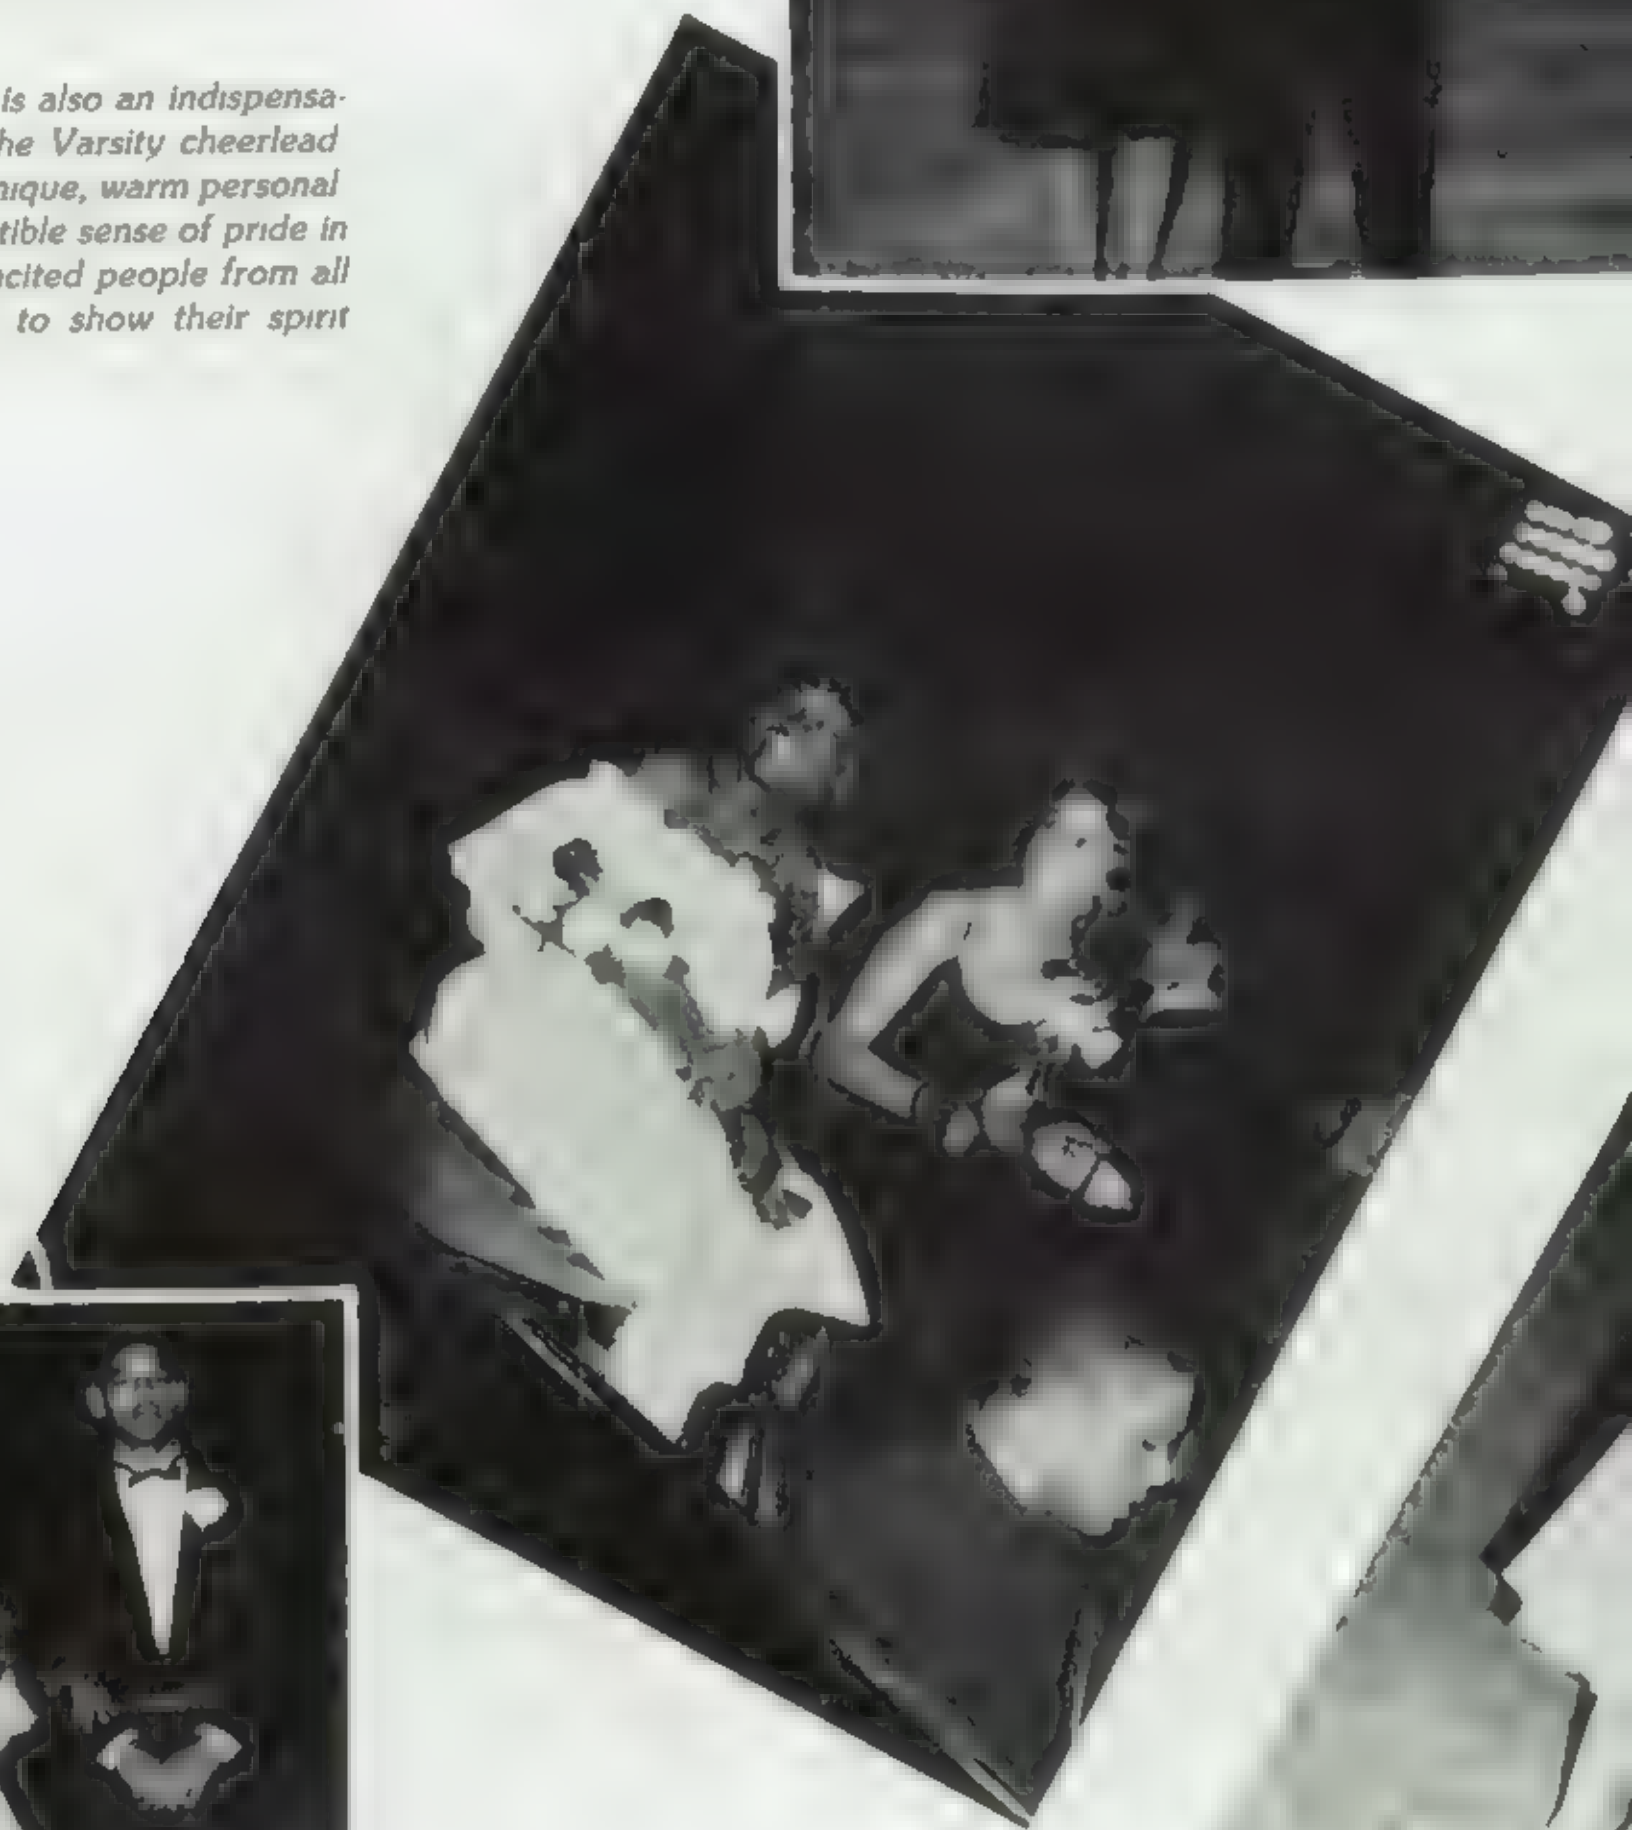

Ms Vickie Dowden represented the Sophomore Class well by participating in both athletic and academic endeavors. She is a member of the Girls' Basketball Team, Senior Beta Club, Student Council, and FCA

Junior Representatives

— Ms. Achele Price has become well loved by her fellow classmates for her enthusiasm as a Varsity cheerleader, but she has also contributed to the school by serving as the Secretary of the Junior Class and being a member of the Senior Beta Club and the Anchor Club

Ms. Kristie Pate is also an indispensable member of the Varsity cheerleading squad. Her unique, warm personality and indestructible sense of pride in her school has incited people from all over the school to show their spirit too

Senior Representatives

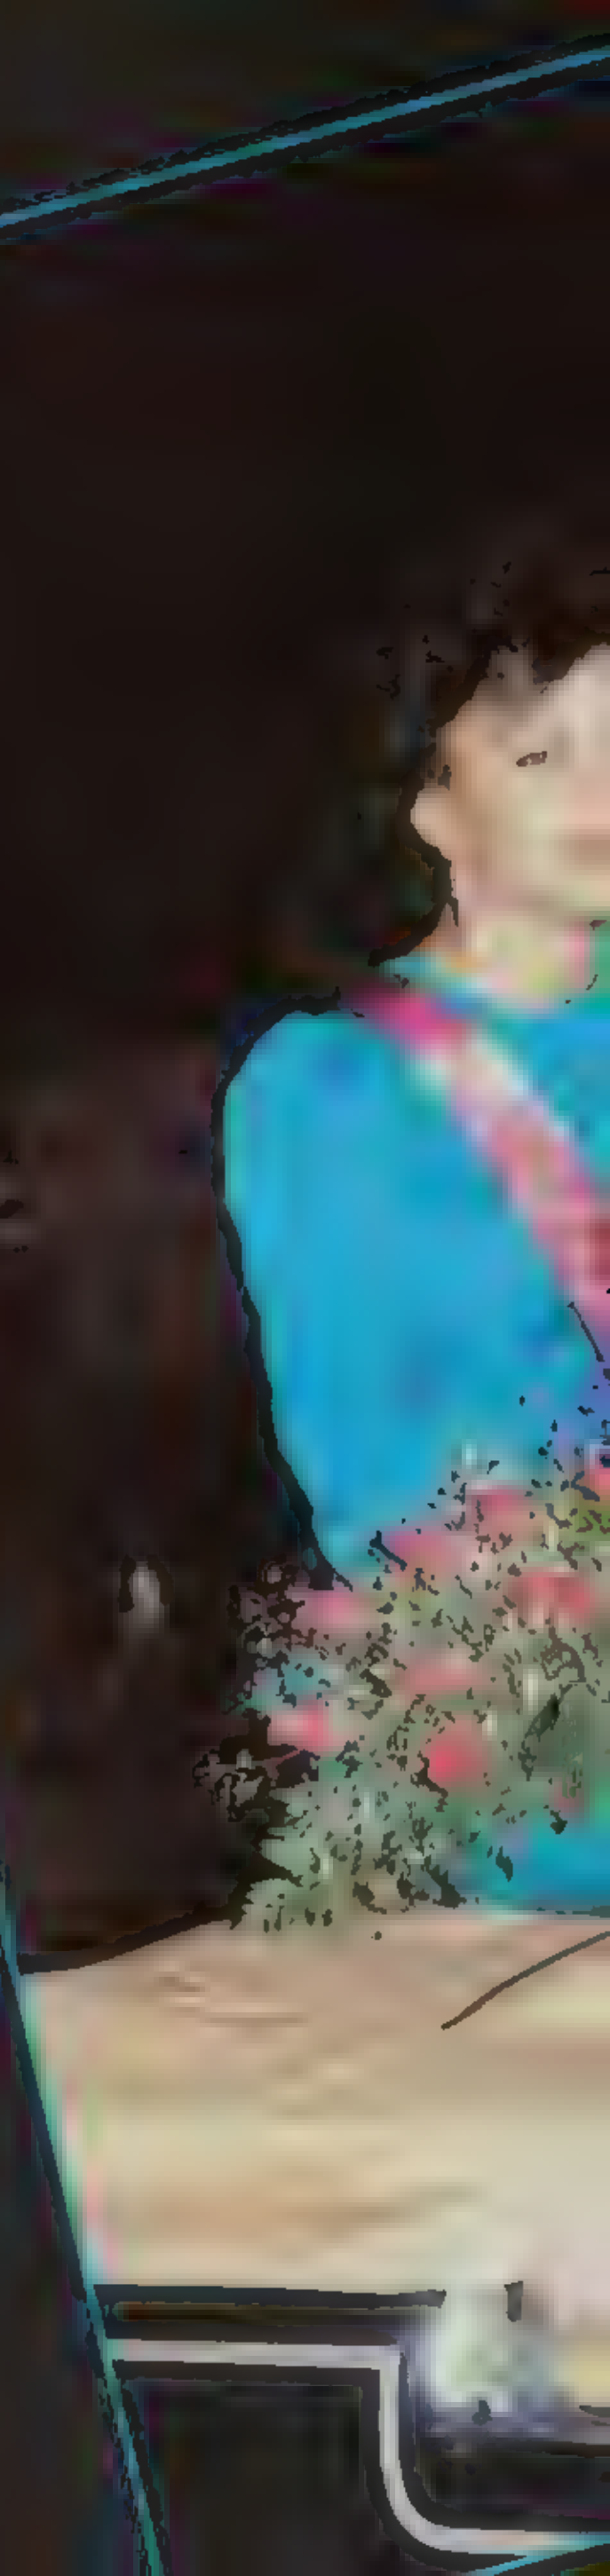

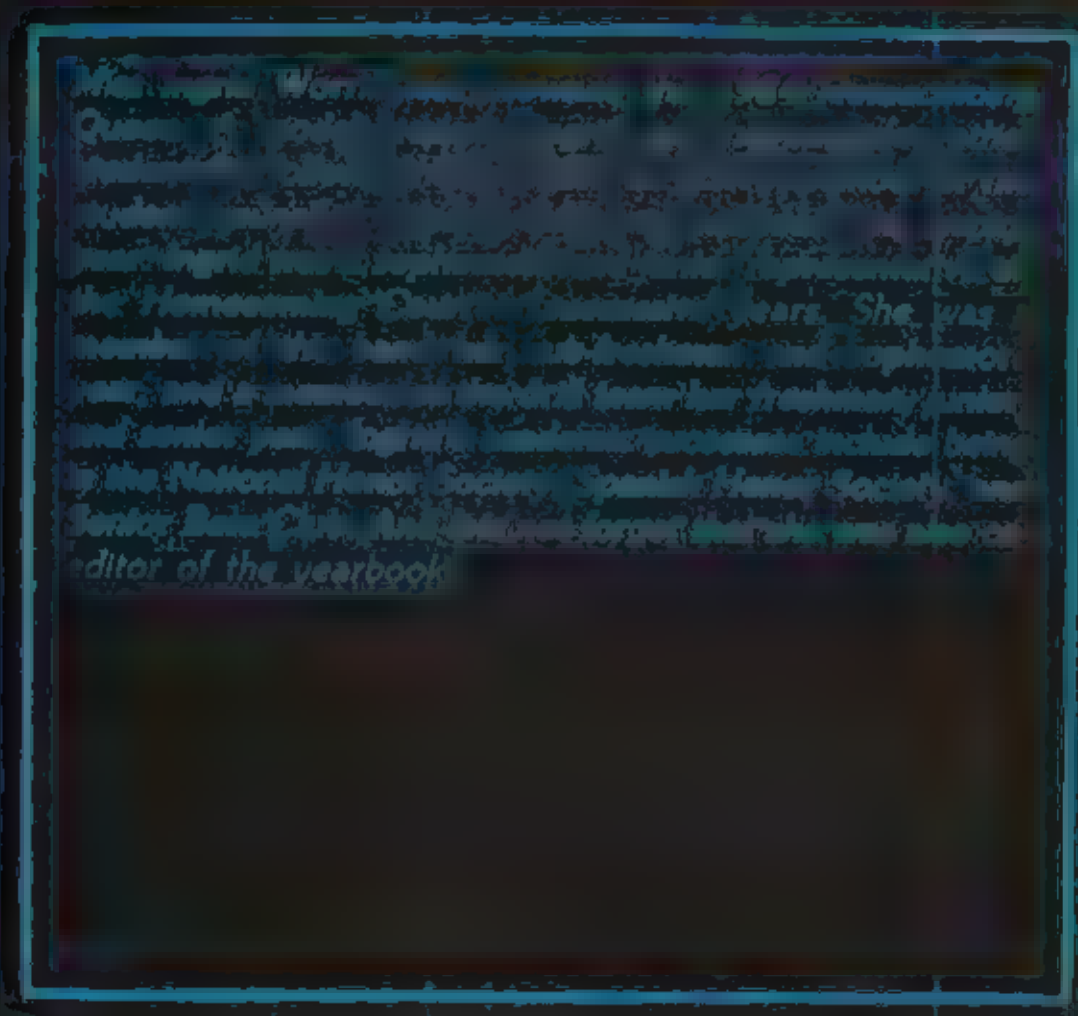

- Ms. Christine Perkins has made her presence known at Woodland High in several ways. She attended the 1984 Governor's Honors Program and initiated Woodland's first school newspaper, the Warrior Cry, for which she serves as editor. Christine has also served as Secretary of the National Honor Society and is a member of the Senior Beta Club, Latin Club, Art Club, and Anchor Club.

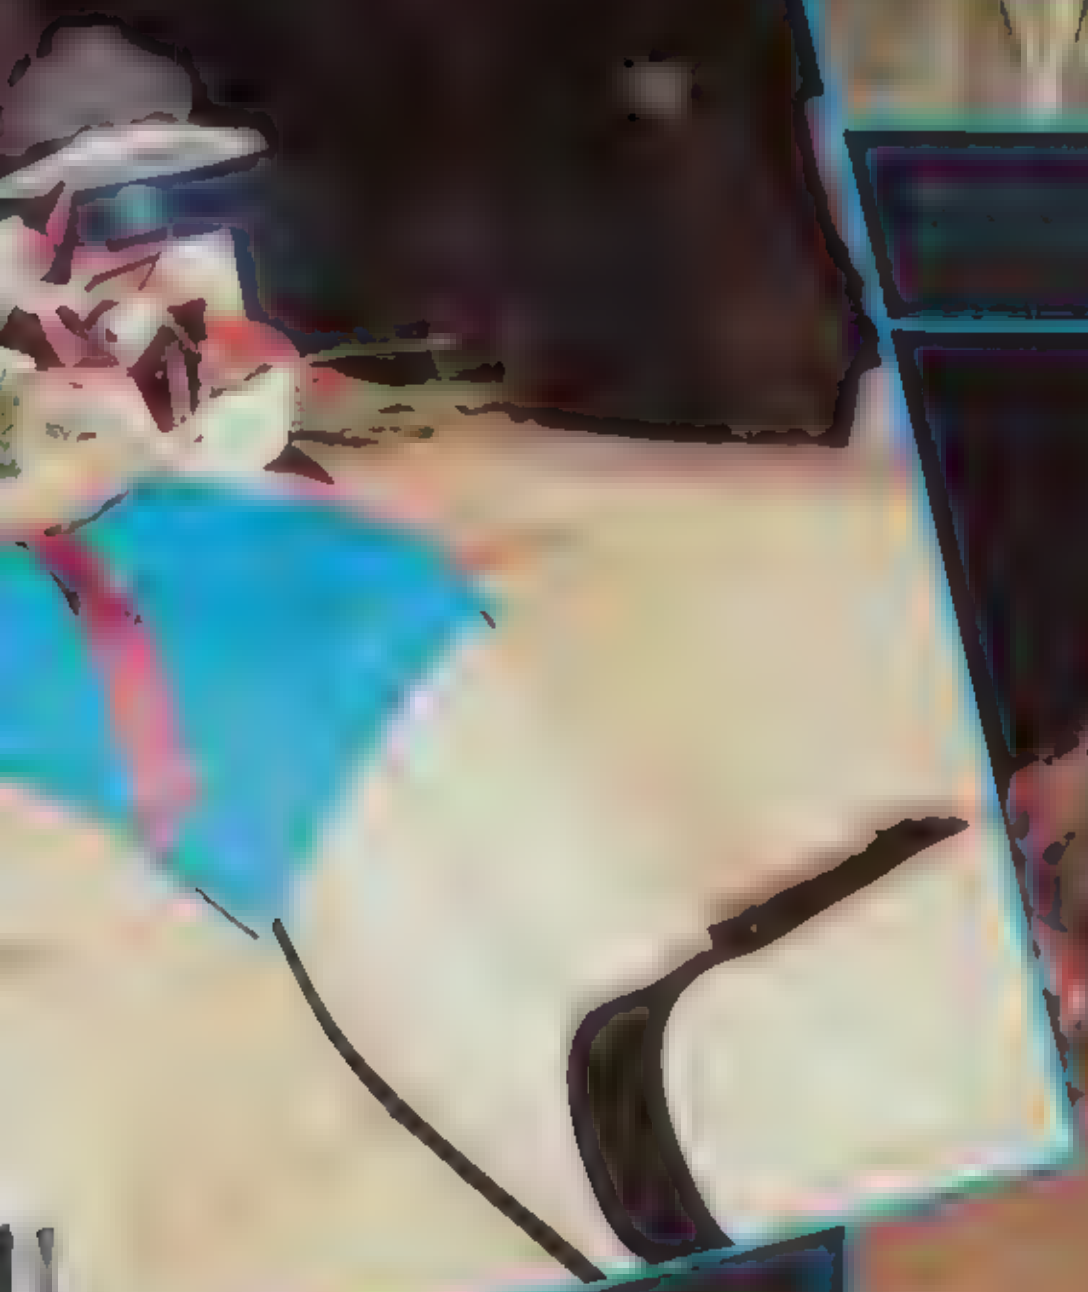

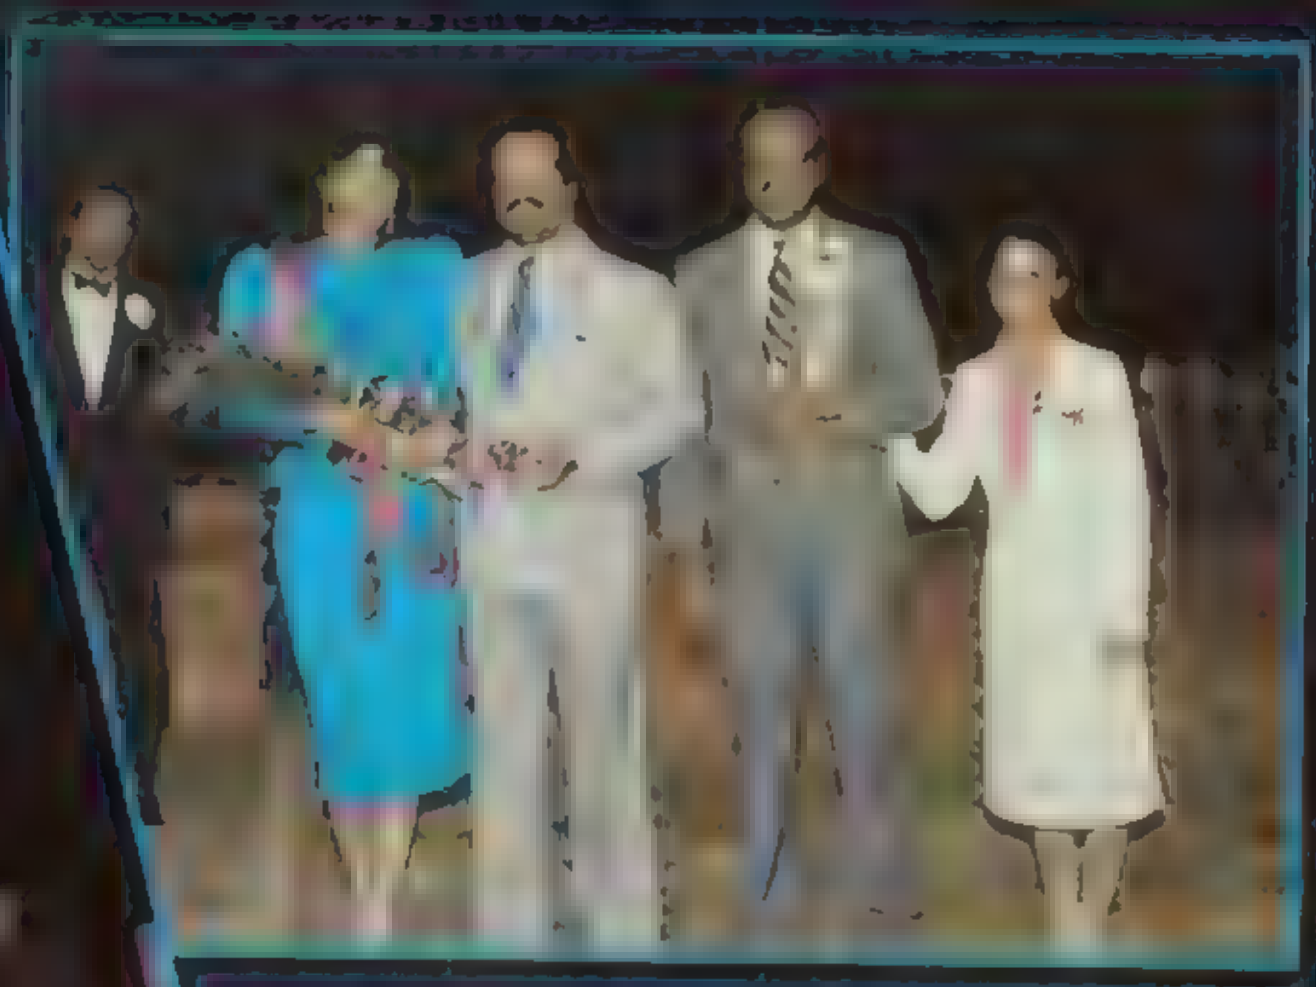

Ms. Tracey Haines, as a member of the school's drill team and the Anchor Club, has demonstrated a refreshing enthusiasm for her school. Much school spirit was inevitably contagious.

Young girl, Mrs. She was
editor of the yearbook

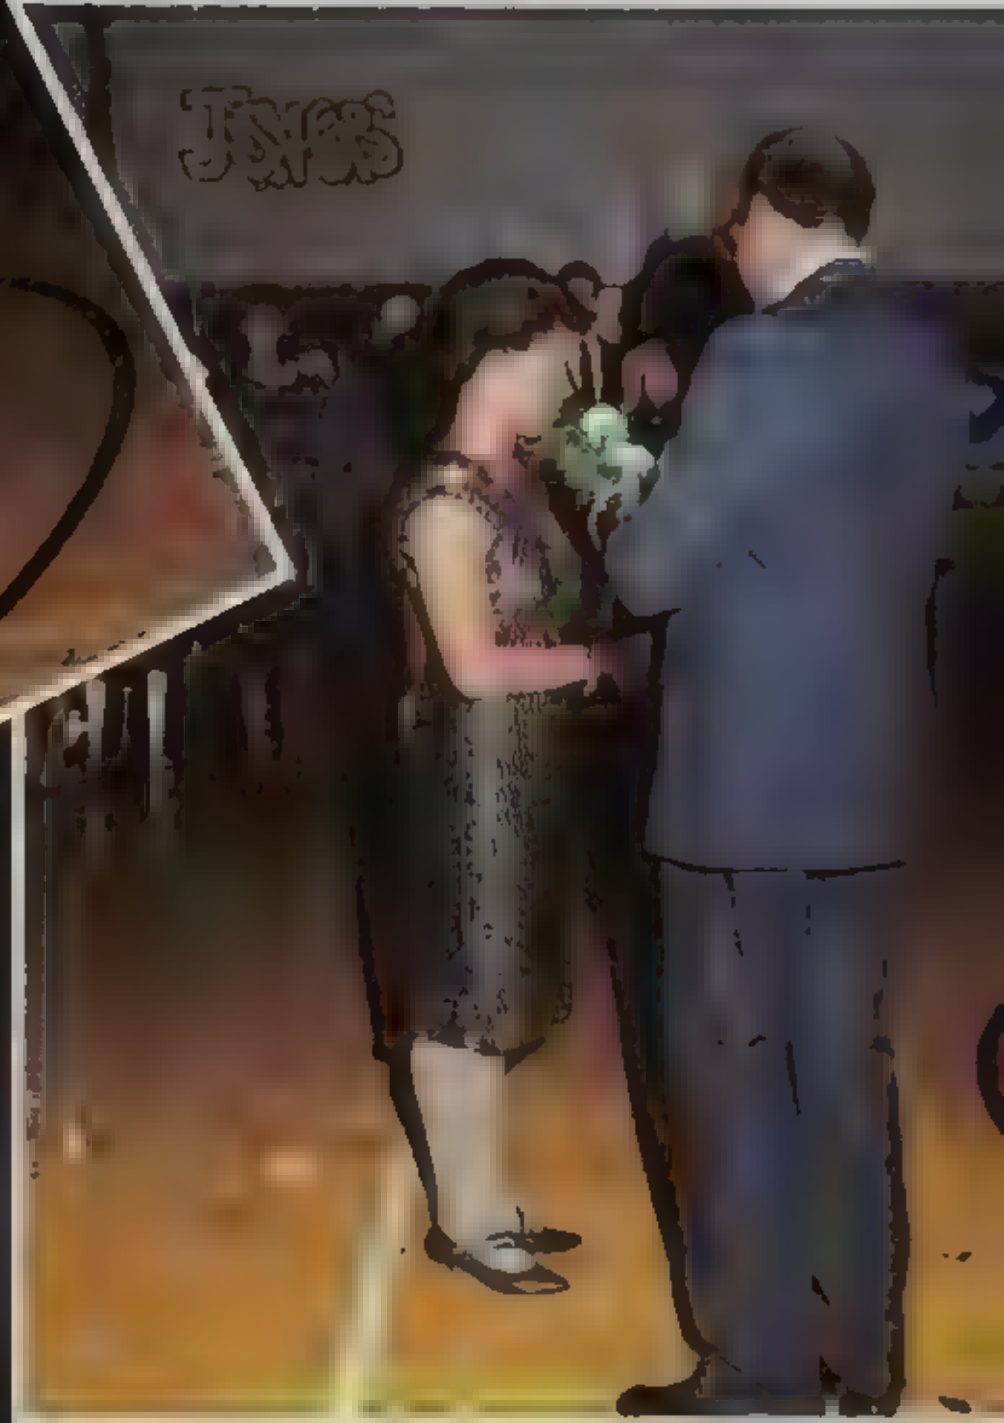

QUEENS

FIRST ANNUAL

Woodland High School held its first annual Coronation Ball on October 5 for the purpose of introducing the 1964 club members. The queens were chosen by all participating school organizations on the basis of character and a predetermined level of academic achievement. The Homecoming Court was also introduced at the Coronation Ball and contributed to the success of the event.

- #1 Tracie Greene presented the queens with their flowers.
- #2 Sheryl Hamlet was crowned Ms. FBLA by Mr. Abrams.
- #3 Everyone joins in the coronation festivities.

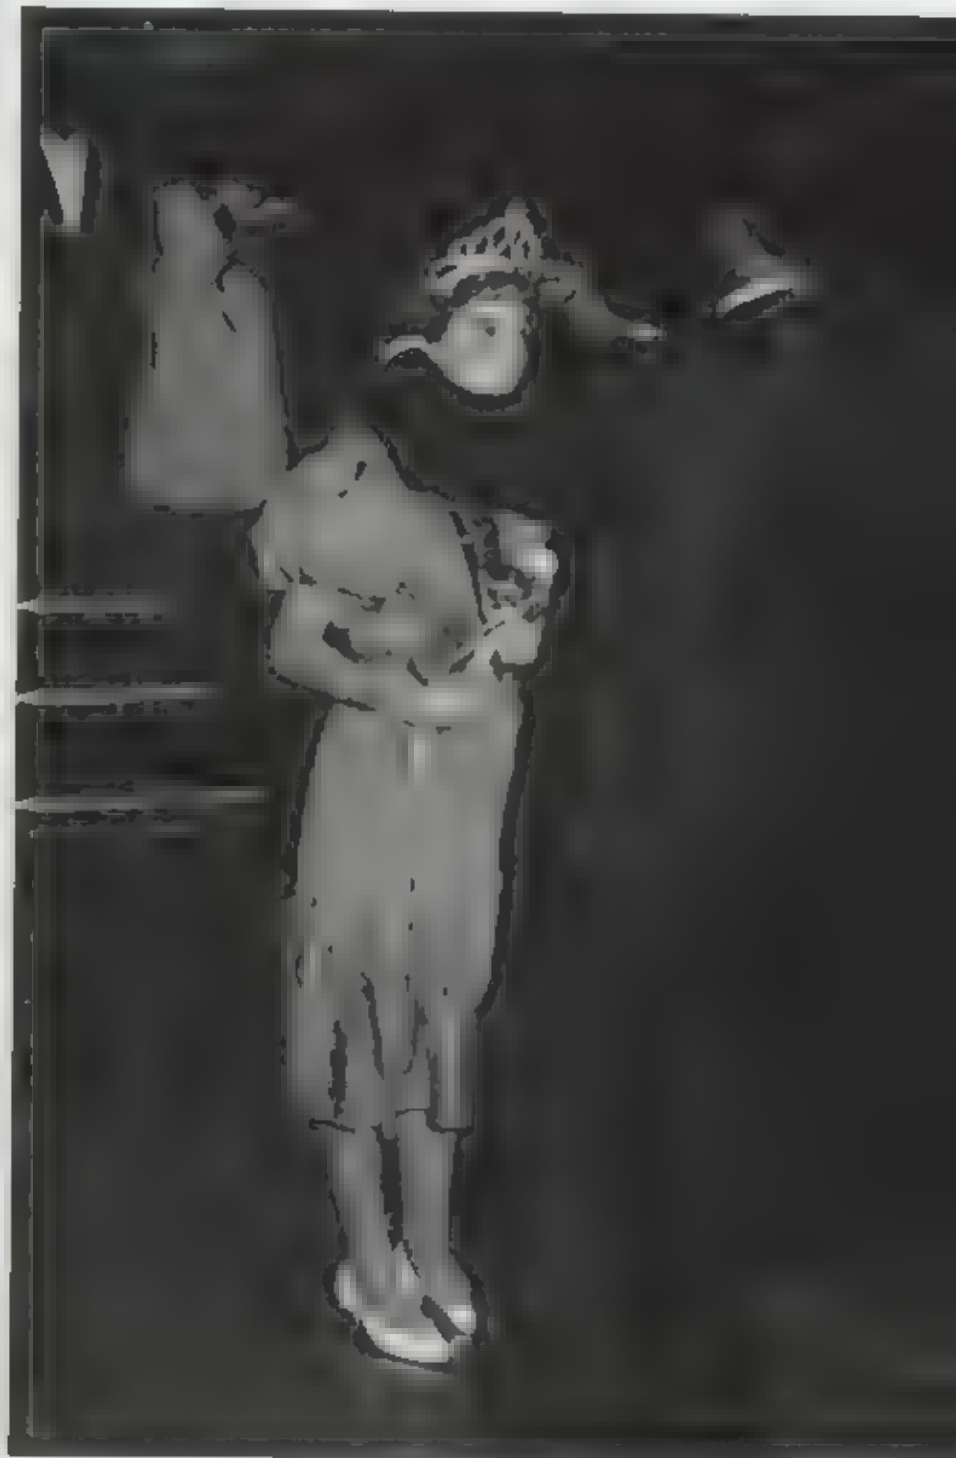

CORONATION

- #1 Everyone socializes before the ceremony.
- #2 Jane Lenkford crowned Ms. Senior Beta Club.
- #3 Tracie Greene presents Ms. VICA (Sandy Rhea) with her bouquet.
- #4 Dancing the night away.

CORONATION

1 The queens and their escorts are honored in a spotlight dance

2 Dana Allen proudly receives her crown and emblems

3 Mr. Abrams crowns Diane Robertson Miss Spanish Club

BALL

Dissatisfied with Woodlands

The Trailblazer Staff, dissatisfied with Woodland's past yearbooks, made every effort to improve this yearbook in every way. By employing a number of new yearbook layout techniques, we were able to provide our school with a bigger, more exciting annual. By far Woodland's best, the year's annual has more pictures, more pages, more color, and more excitement than ever before. We, the members of this year's staff, are proud that such a yearbook is the product of our creativity, skill and hard work. It never would have been possible without the leadership of our editors, Tracie Greenea, and Ingrid Worrill. Without their dedication and hard work this yearbook might not have materialized.

The "Super Squad" lived up to their Name for the 1984-85 season. They began their success at the beginning of the summer on the campus of West Georgia where they attended All Star camp. The "Super Squad" was awarded a trophy for the solo competition and captain Tracie Greene was awarded a trophy for "Most Outstanding Girl." Heavenly Rosser, Sherri Franks, Ingrid Worrill and Carla Owens were selected to be Atlanta All Star Drillettes. The drill team/flag corp continued their success during marching season by entertaining their audiences with the creativity and preciseness of their performances. The drill team also performed during half time of some of the basketball games.

Orchestra

The Woodland Orchestra participated in many activities. Aside from performing in Woodland's Christmas and Spring Concerts, the Orchestra participated in the Georgia Music Educators Association District V Solo and Ensemble Festival, where they received ratings on their performance skills. Members of the Woodland Orchestra also took part in the Fulton County Honor Orchestra Concert, where talented young musicians cooperated and collaborated to produce the best music possible. The Orchestra was also able to travel to Knoxville, TN, to participate in the University of Tennessee Honor Orchestra Festival, where members met and performed with other orchestra members in Tennessee. Through these numerous activities, Woodland's Orchestra members were able to learn more about perfecting their playing. The Orchestra also brought notoriety to Woodland through their vast participation in many programs.

Choral

The Woodland High Chorale, led by Dorothy Carter, consisted of a group of musically talented young students. Chorale's honors included a Superior rating at festival, and a very successful Cabaret. Whether it was just for fun, or serious performance, the Chorale put their all into each performance. An evening spent with these talented group of students shows it can easily be seen why they are an essential part of Woodland High School

National Honor Society

The National Honor Society was comprised of a very select group of seniors who had achieved academic excellence. These students had maintained a grade point average of 3.3 throughout most of their high school career. National Honor Society members were also well endowed in four highly esteemed areas. These areas are as follows: Scholarship, leadership, service, and character

— Ms. Lowery Pres — Leanne Cross

Sr. Beta Club

One of the most prestigious clubs to be a member of in almost any school is the Senior Beta Club. The requirement for admission into the club is primarily based upon students having and maintaining at least a 3.25 grade point average. Of course the students must also maintain a "B" or better conduct grade average, as they are expected to set a good example for other students to follow. The Senior Beta Club, as a member of the national organization, also participates in certain services for the community itself.

Jr. Beta Club

The Junior Beta Club acknowledges students in the ninth grade and tenth who have excelled academically with a 3.0 average or higher. Sponsored by Mrs. Shelby, the members participated in several services projects and fundraisers

Sponsor — Mrs. Shelby, Kevin Franks, David Lord, Nelson Boyce, Kent Kim
Sitting: Caryn Halstead, Bonnie Simpson, Cassandra McKibben, Ingrid Perry

Officer Caryn Halstead, Pres Bonnie Simpson, V Pres Kevin Franks

TAG

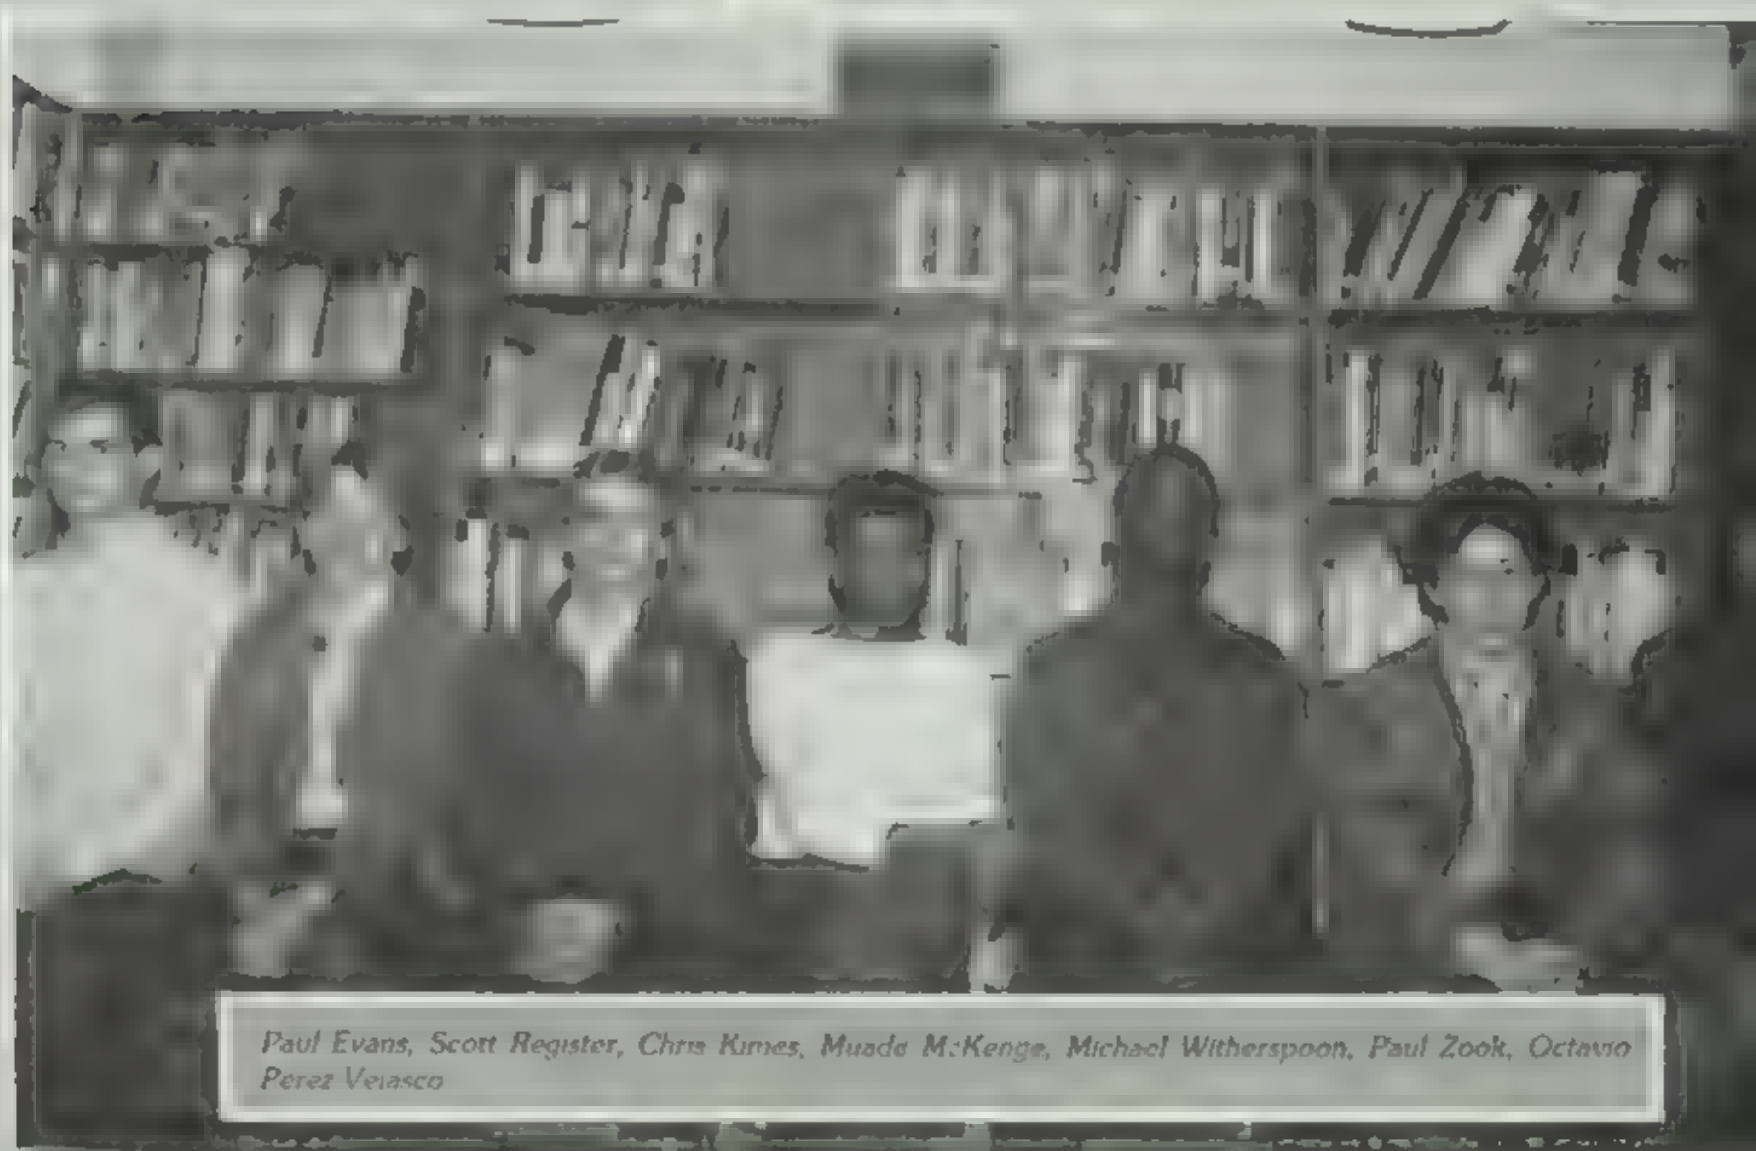

The Talented And Gifted Program at Woodlan concerned students with high academic potential. It was not a voluntary organization, but a program sponsored by Fulton County. T.A.G. members have an I.Q. of 125 or above, and through the program are intellectually challenged accordingly. Through interests groups, G-grade projects, and opportunities for internships in selected careers, T.A.G. members abilities were tested as they learned to reach for the sky

Academic Bowl

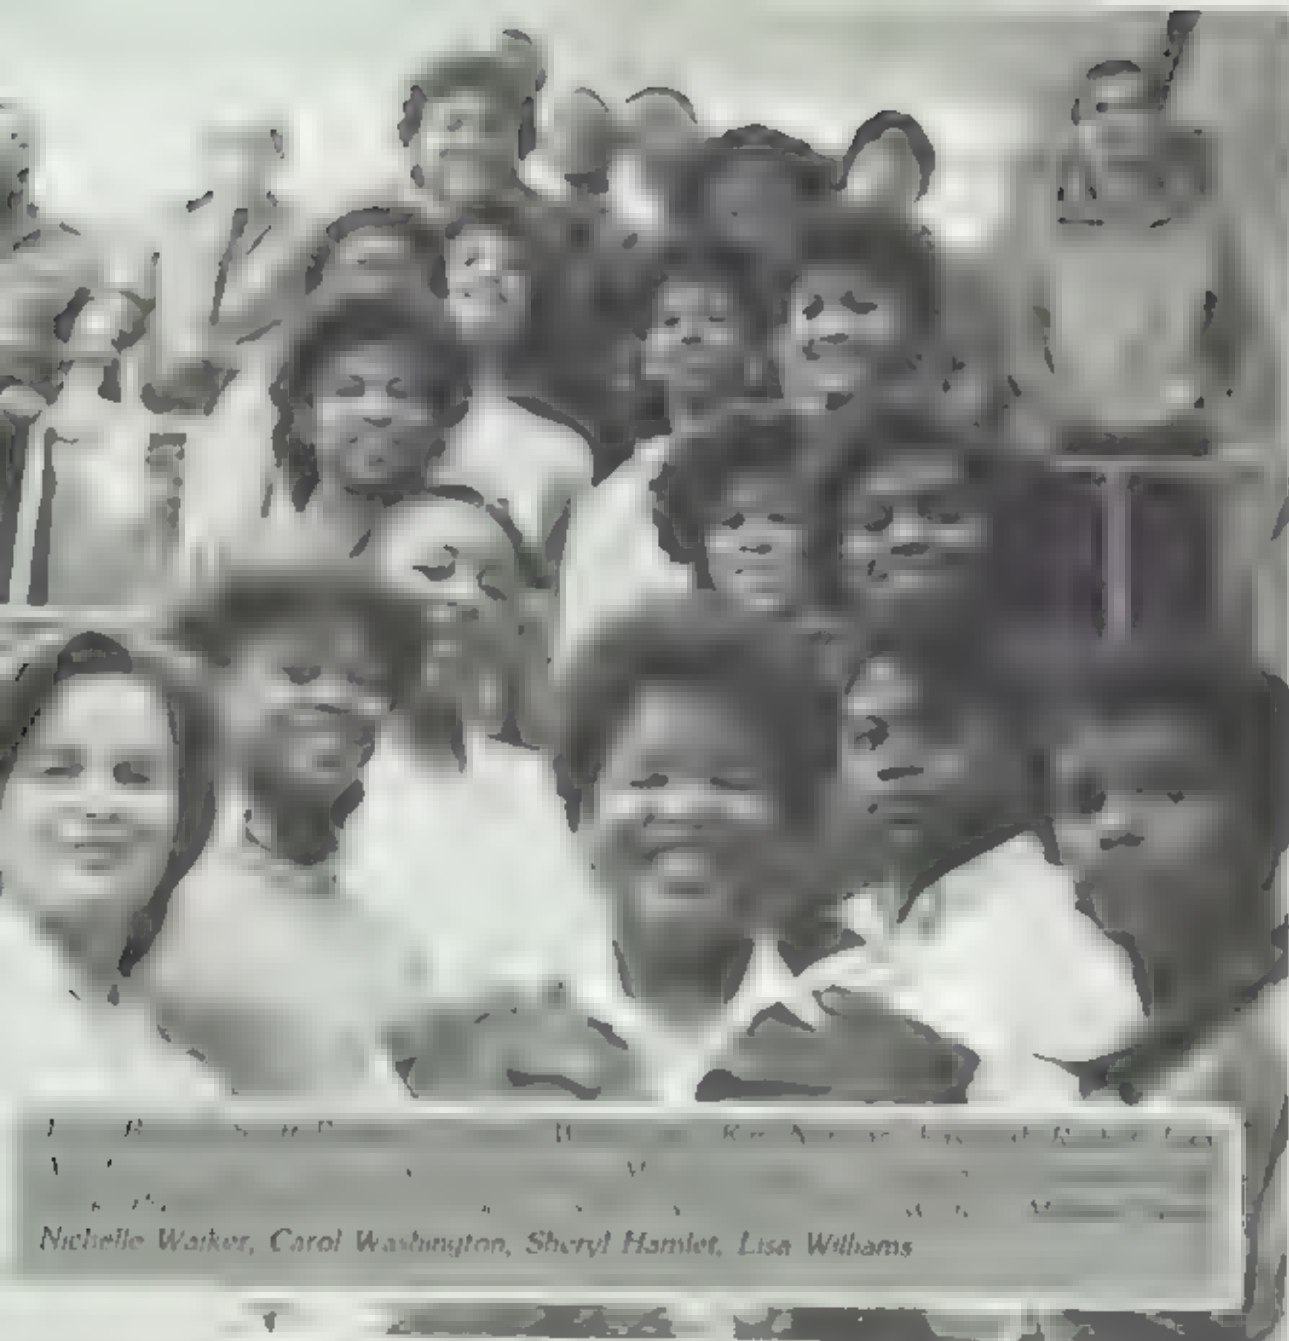

The members of the Academic Bowl participated in a meet with other Academic Bowl members for other Fulton County School. They were asked a variety of questions concerning different subjects. They practiced among themselves in preparation for this meet. The Senior Academic Bowl Tournament for eleventh and twelfth grades was held at Feldwood Highschool

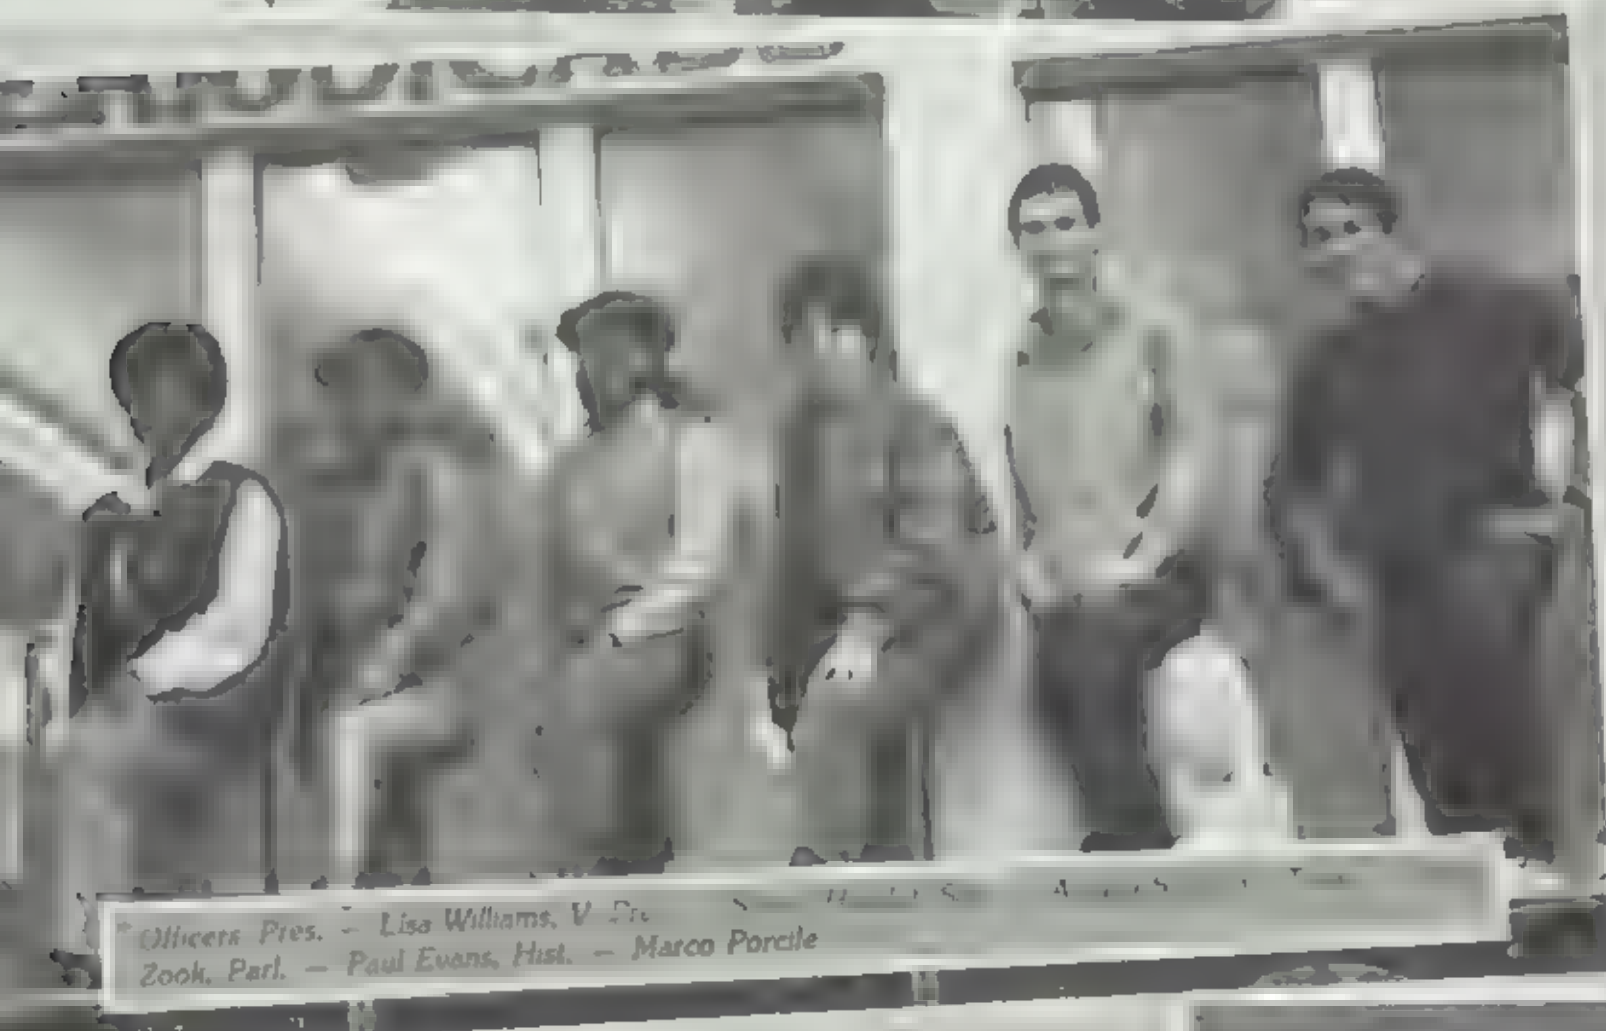

Paul Evans, Scott Register, Chris Kimes, Muade McKenge, Michael Witherspoon, Paul Zook, Octavio Perez Velasco

FBLA

The Future Business Leaders of America is a national organization for all high school students participating in business and office programs. The FBLA's main goals are to develop vocational and career supportive competencies and to promote civic and personal responsibilities through many club activities such as local and state competition

Nichelle Walker, Carol Washington, Sheryl Hamlet, Lisa Williams

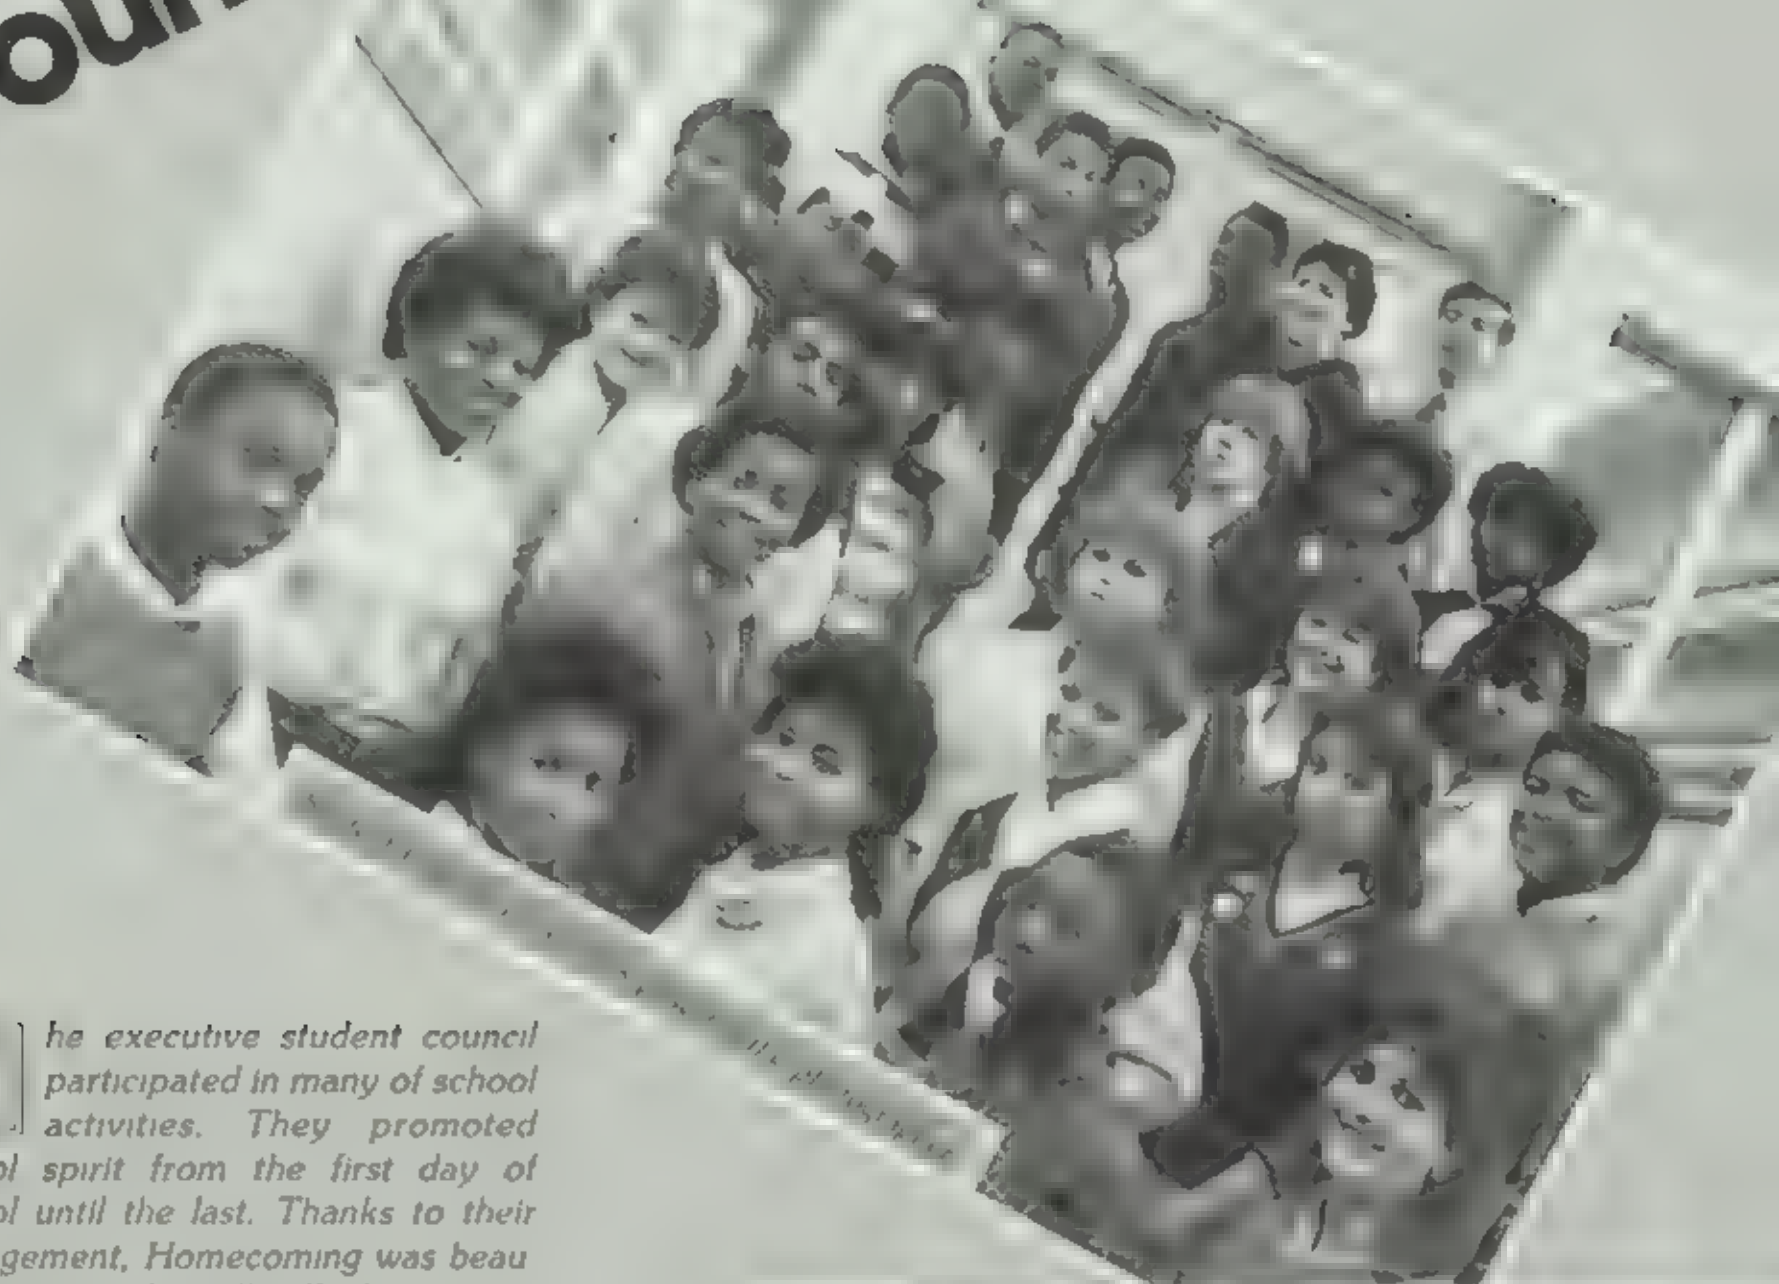

Officers Pres. - Lisa Williams, V. Pres. - Paul Evans, Hist. - Marco Porcile

Sponsor Mrs. Lockwood

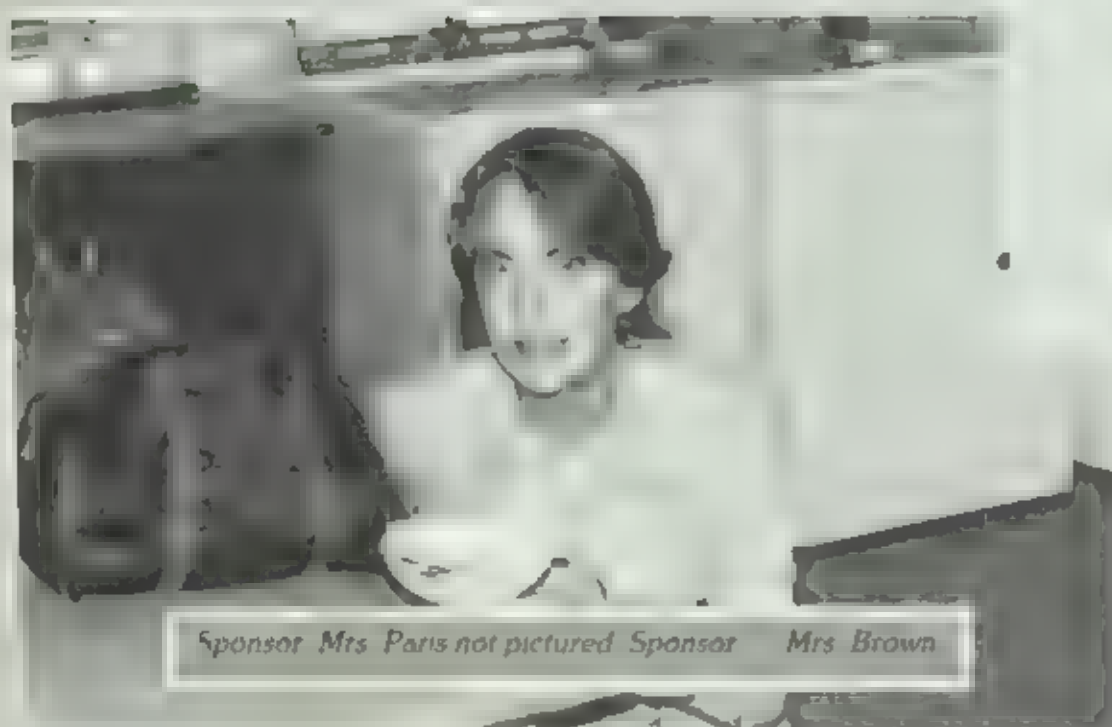

Student Council

The executive student council participated in many of school activities. They promoted school spirit from the first day of school until the last. Thanks to their arrangement, Homecoming was beautiful success. Woodland's first cornation ball was so enjoyable they plan to make it a tradition

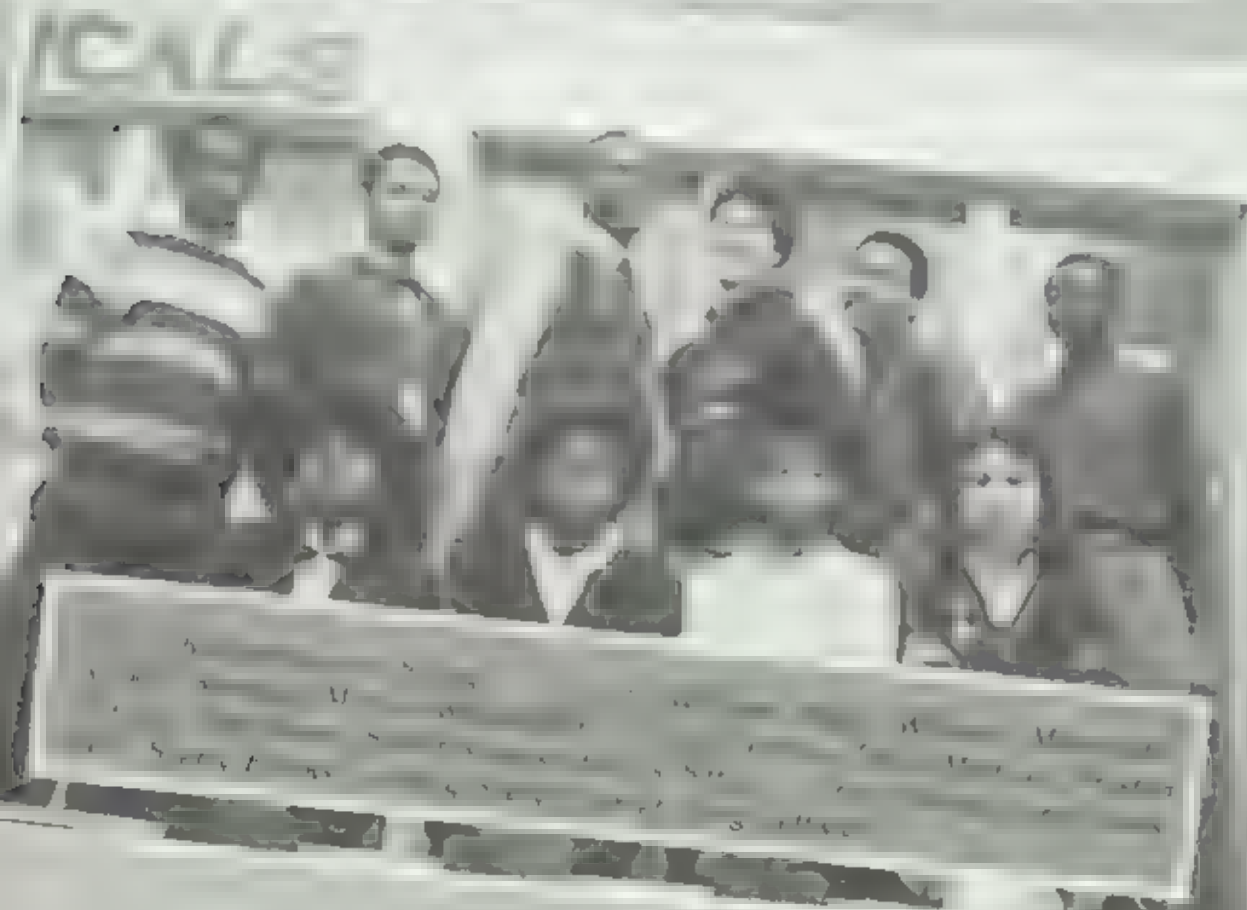

Executive Council Pres. Ingrid Worrell, V Pres -- Yvette Terry,

Sponsor Mrs. Paris not pictured Sponsor Mrs. Brown

The student council worked with the pride of a true Warrior. The members of the council encouraged student involvement in the school activities. The members of the council had the responsibility of keeping the students informed of new plans, ideas and goals of the council.

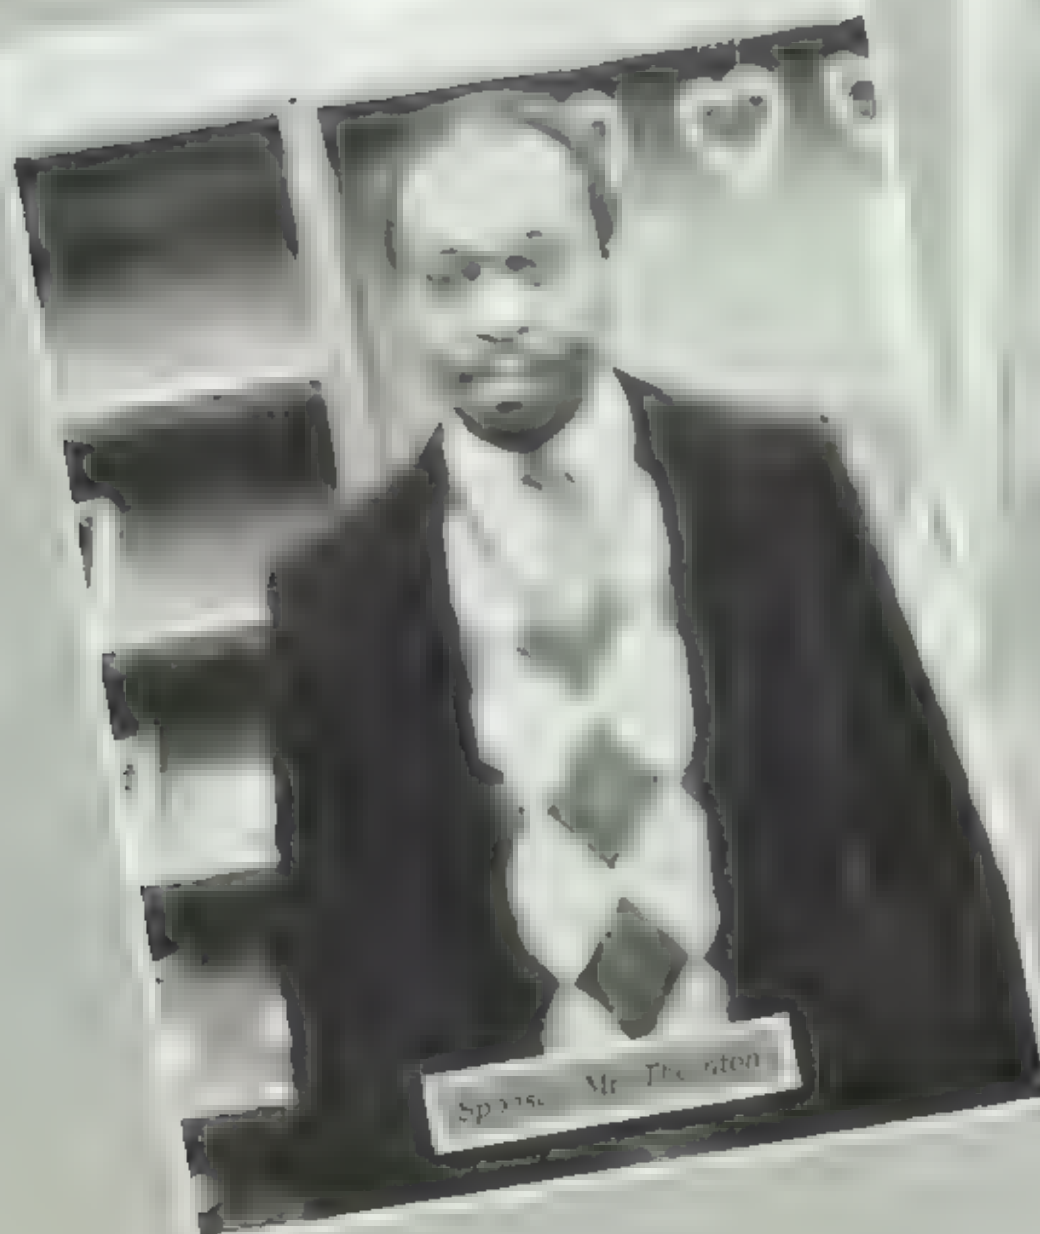

Close Up

Sponsored by Mr. Thorton, Close-Up is a week-long government studies program for high school students, which takes place in Washington, D.C. The program reflects the belief that a "close-up" look at our government encourages students to formulate their own ideals and opinions

Sitting: Scott Register, Windae Smith, Josh Dunmon, Kim Rogers, Laura Sarver, Yvonne Terry, T Brown, Standing: Tonya Duncan, Preston Harden, Preston Burden, Paul Evans, Richard C. Martha McMillan, Michael Witherspoon

Jr. Civitan

The Junior Civitan is a service club which serves the school community. The members participated in several fundraisers such as collecting can goods for a needy Family's Thanksgiving meal. Ms. Kline sponsored and guided the members into being builders of good citizenship

Jr. Y-Teen

Sponsored by Mrs. Lisbon, the Jr. Y Teens are a service club which planned several activities during their many club meetings

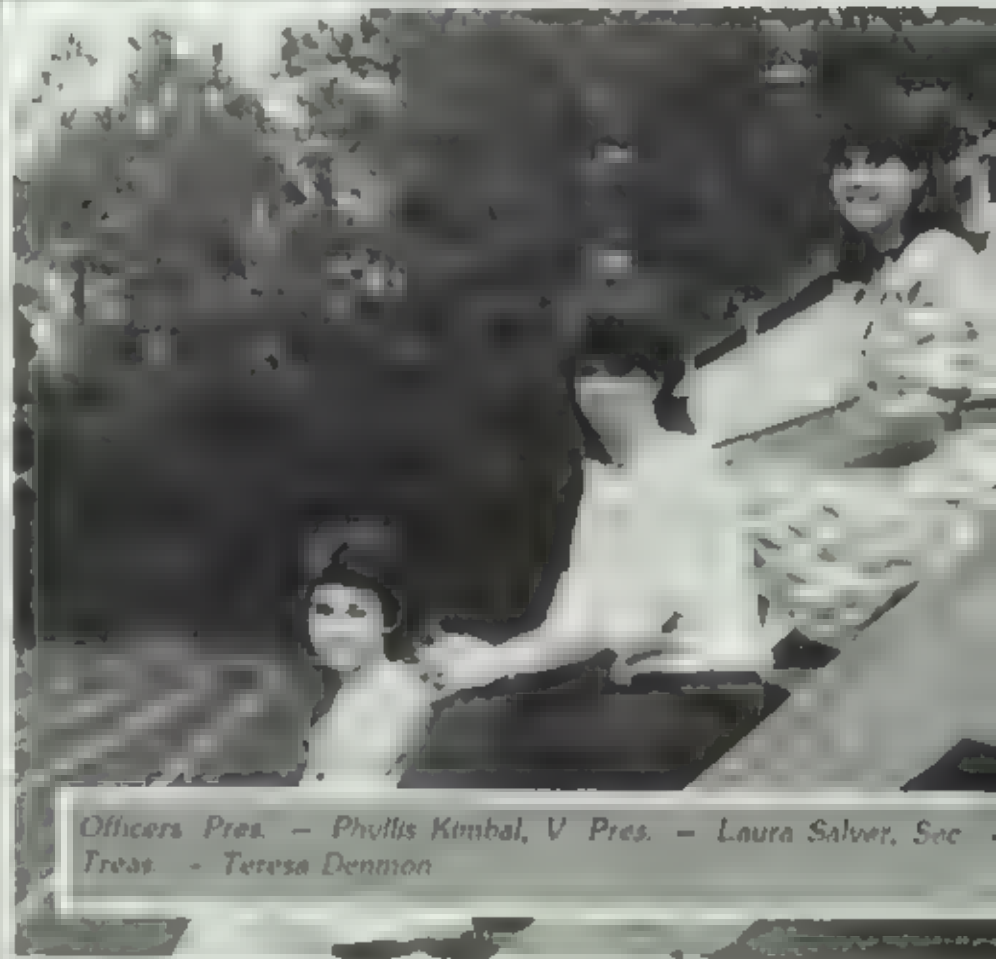

Kenj Lisbon, Tasha Mills, Yvette Payton, Kim Cosby, Twedoylen Bryant, Tine Dunson, Cynthia Butler, Regina Burge, Tarry Sledge, Wanda Swann, Alma Stephens, Vicki Thompson, Kim Thomas, Aletha Lou, Bertha Johnson

Anchor Club

The Anchor Club is an all girls service organization. The members are dedicated to aiding the school and community. The 1984-85 Anchor Club members were chosen by established members, since the club has a limited membership. This year, the Anchor Club sponsored a family at Christmas and provided them with many gifts for their eight children. It was projects like this that the '84-'85 Anchor Club revolved around. The girls of the Anchor Club want to thank Ms. Gold, their sponsor, for her wonderful support and help

Key Club

The Key Club is a service club for boys with an interest in the community. Every year the Key Club participated in the annual Empty Stocking Fund collection drive. This drive raised money for metro area families unable to provide for themselves during the Christmas holiday season. Other annual events, such as the Toys for Tots drive, Clean Community Living Award, and the Magazine drive, continued the traditional display of quality and generosity among the Woodland High Key Club.

FCA

The Fellowship of Christian Athletes was an organization created to bring students closer to Christ. The group, sponsored by coach Leath, met on many occasions to discuss the Bible and its relevance to their lives. Their positive attitudes contributed much to the atmosphere at Woodland

Sponsor Mr Leath

Officers Pres - Rodney Callier, V Pres - Anthony Grant Sec - Jennifer Jones, Phyllis Kimball, Phillip Wilcox

Signature Page

Latin Club

The Latin Club, sponsored by Mrs. Speir, was comprised of students who took latin classes during this past school year. The Latin Club dealt with latin as a force in history, with particular emphasis on the cultural influences of latin. During the school year, members of the Latin Club went on several field trips to latin oriented cultural sites in the metro area. The club also set up some latin displays around the school

French Club

Art Club

The Art Club was the most active club in the school. The members of the art club designed posters for American Education Week and designed the programs for the Martin Luther King Jr. program. They sponsored a Home Door Competition at Christmas time. Coach Rast's homeroom placed a first. They assisted the Fashion Design class with their fashion show, and to close out the year they hosted Woodland's first annual year end Art's Festival.

Officers Co Chairman - Heavenly Rosser, Co Chairman - Kenneth Spearman, Sec - Tonya Clemmons, Treas - Shurri

VICA

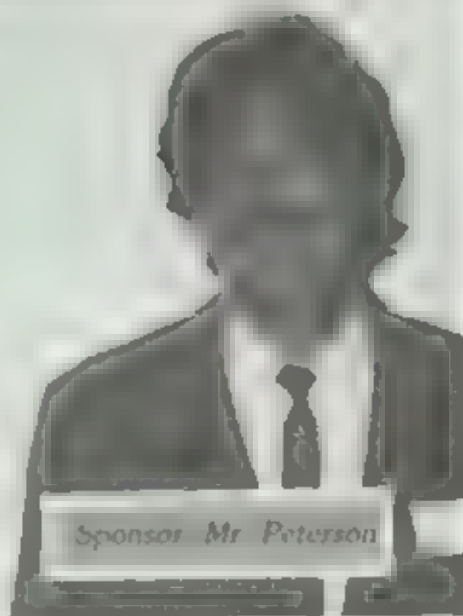

The VICA Club program was organized to teach students a sense of responsibility through working. Under the leadership of Mr. Prince the members were able to find jobs to support themselves. They enjoyed their working experiences which are expected to help them in the future

School Concessions

The students in this organization worked very hard to provide our students with snacks after school and during basketball games

The Freshmen were both nervous and excited during the first weeks of school. They quickly put all qualms aside as they won the first spirit contest! They also demonstrated that big things come in little packages. Their skills as a class were put to the test during Homecoming as they entered the legendary "Sphinx" in the half time parade! As in every class, able and competent leaders bring out all of the class's talents. This was no exception for the Freshman class. Joining together, they participated in other school functions and numerous events. Overall, they led a very productive year. This success made them enthusiastic as they looked forward to becoming Sophomores next year!

...Working hard

This year was a big one for Juniors as far as work was concerned, and some Juniors worked around the school, helping out wherever they could. Through the concession stand, the studio, and the football managers, Woodland was benefitted socially and financially. The concession stand sold snacks after school and at the basketball and football games. The studio workers provided special programs for student viewing. The football managers helped our football team become even better. Through this positive output, the Juniors helped to make Woodland a better school for everyone

SENIORS

'85

Front Row: Mary Ashby, Tracy Chrisman
Back Row: Lisa Williams, Tracy Lane

Once time was quantity, untold
just there to try my patience
But time has turned as I've
grown old and aforetold our reflections

It was time I figured for a fool
and time I used to curse in knowing
time is nature's too, to school
the universe

With time I grew wise and strong
and as I hit my stride, time
brought experience along to
serve me as my guide

Experience it was in fact that
led me to the truth by taking me
behind times back to view my long youth

Old time had taught my youth to love
and with my youth I own, but now
my youth was left to me as time flew on
alone

time being a twinkle in my eye assured me I
was cute. It's when the hours fleeting by
with me in hot pursuit

I begged my youth, don't be like this
remain with me a while. Time turned and gave
is both a kiss, and youth died with a smile

I, Kevin Woodie, leave Tony W all of my clothes, Doug J. my Lady Killer abilities, BHS all my love

I, Ingrid W., leave Lorenzo my sisterly love, the faculty my thanks, and the student body my friendship

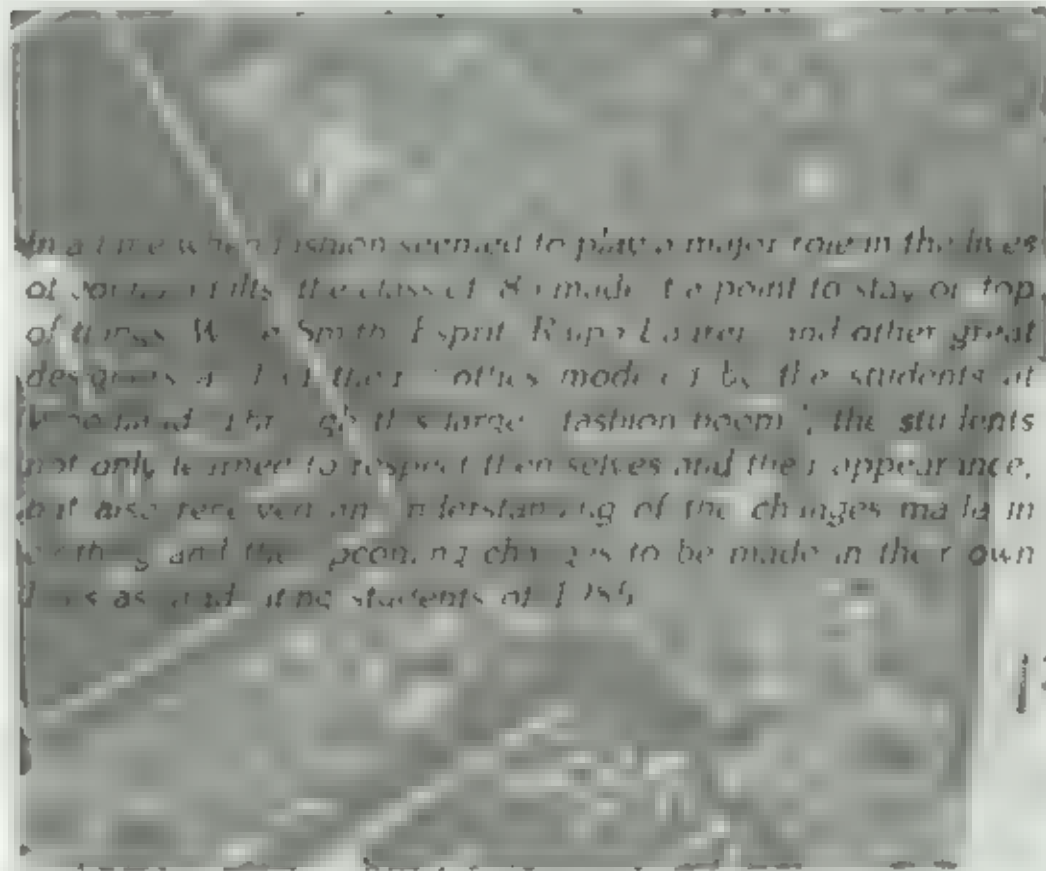

Ingrid Worrill

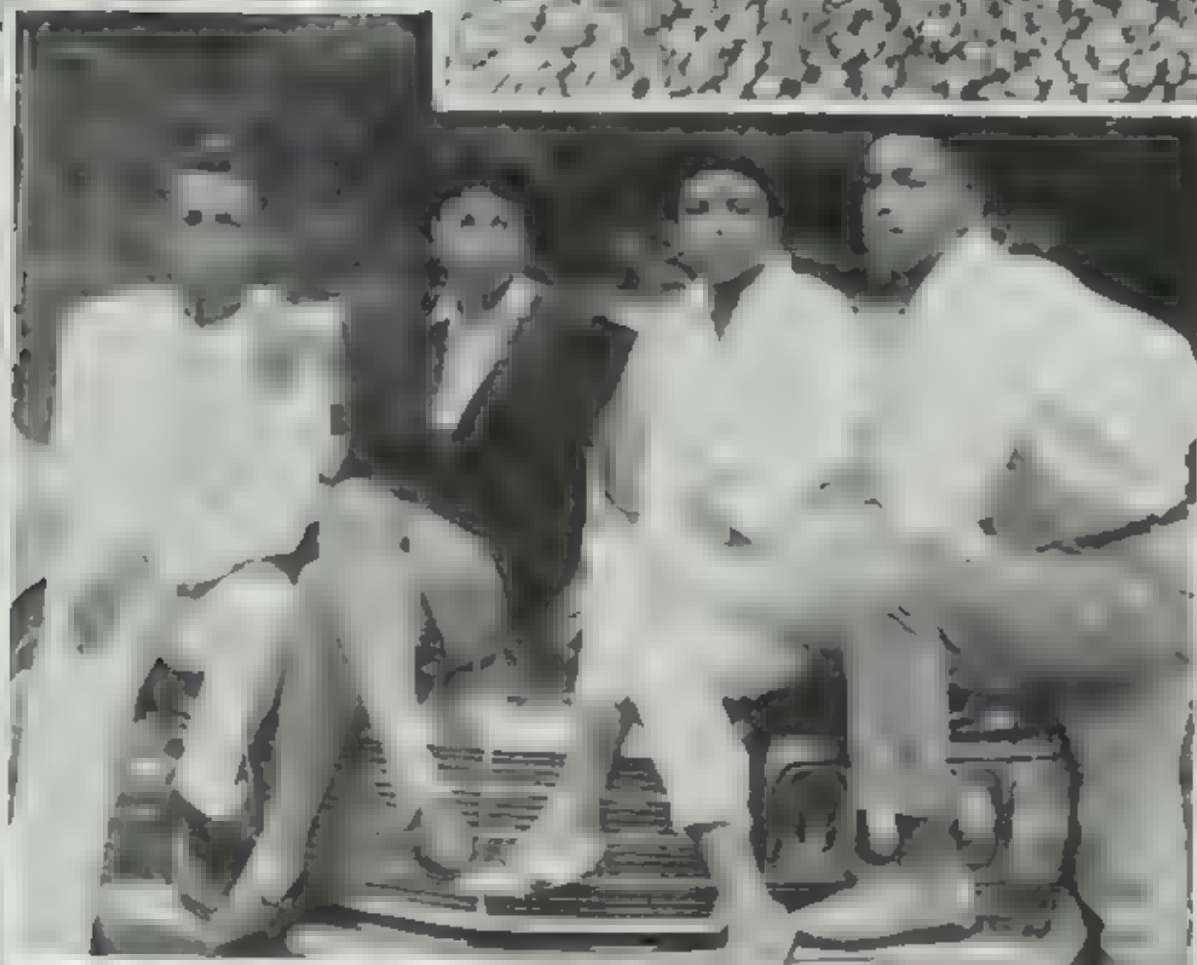

What Time Is It?

OR
NIA
P

In a time when fashion seemed to play a major role in the lives of young adults, the class of 80 made it a point to stay on top of things. With Smith, Esprit, Ralph Lauren, and other great designers at the top of their clothes model list, the students at Woodland High got the large "fashion boom". The students not only learned to respect themselves and their appearance, but also received an understanding of the changes made in clothing and the upcoming changes to be made in their own lives as graduating students of 1984.

joy - triumph, sadness - defeat

YESTER

Nineteen-hundred and eighty-five will be a memorable year. For some this memory will evoke tears of joy and/or sadness. For others this memory will mean dreams can come true. In nineteen-hundred and eighty-five old barriers were broken down and new frontiers were explored. New voices were heard and new faces were seen.

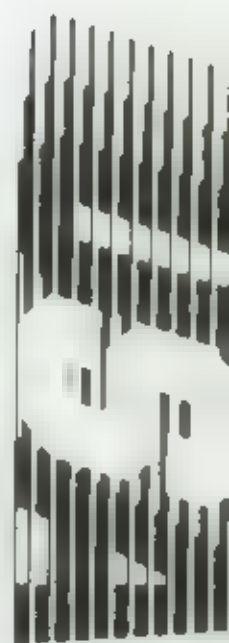

Vanessa Williams, Jesse Jackson, and Geraldine Ferraro were a few who made history publicly; but this year holds its own unique memory for each individual

In nineteen-hundred and eighty-five Baby Fae will be remembered and missed. She was a star.

On the music scene, Prince and his purple entourage will no doubt remember this year for three main reasons; Purple Rain the movie; The Purple Rain Tour; and the green money he grossed thanks to his fans

The Victory Tour will be remembered for its' thirty dollar ticket and the last time all six of the Jacksons performed together.

Whether the stars of yesteryear were famous or ordinary, the individual will have that special memory of the year nineteen-hundred and eighty-five.

YEAR

when things isn't our best

FEELINGS

You wake up, the sun is shining, and you have to go to school or work. As students (and faculty) we enjoy school but there are other things we would rather do. The fact is, the good comes with the bad (and the ugly). Going to school is important but it is bad when you have to sacrifice a day at the park, watching your opera or a fishing trip. As young adults, we have learned that nothing comes without sacrifice. Fortunately, there are more advantages in going to school than in staying at home. We are here at school where we develop our goals.

The atmosphere composed of teachers and peers give you space to grow and mature. Though things do not always happen the way we plan, we can benefit from a bad experience. For example, the snow days (January 21 and 22 and February 12 and 13) gave the students and faculty a chance to catch up in late work, enjoy the snow or just sleep late.

ODYSSEY

The school year has come to an end but the story continues. High school is an important part of the odyssey, because it forms the foundation of our adult life. Many students will leave Woodland, but with them they take the pride of a warrior. The knowledge acquired will guide them toward their goals, if it is used wisely. The experience at Woodland is a sound investment in a good education, and the value of it will increase as the years pass

The odyssey of life is a gift. What is done with that gift depends upon the individual's desire for success

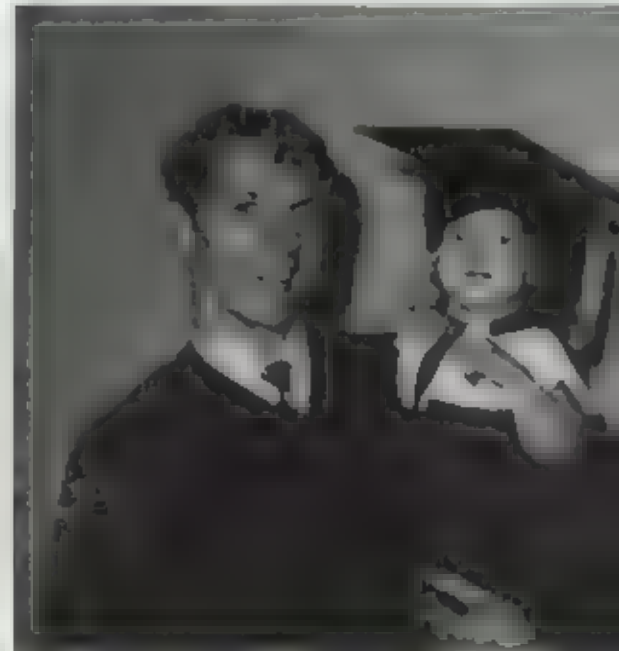

the stars is neverending .
